Amendment 003

Portable Field Ultrasound Units

This amendment is raised to answer questions:

Question: In reference to Attachment 1 to 4 part 2.3 of Request for Proposal (see attached PDF document), the requirement for Radio Technical Commission for Aeronautics certificate. There is only one Portable Field Ultrasound in market that has Radio Technical Commission for Aeronautics certification. We believe that this limits the competitive process for the above solicitation. Please clarify what is meant by equivalent certificate. Please let us know a list of required tests that should be performed to be accepted as the equivalent certificate (which sections)?

Answer:

The Department of National Defence deletes the requirement for airworthiness certification in its entirety (mandatory criteria 2.3 of Attachment 1 to Part 4 – Evaluation criteria, section 5.1.2.3 of Part 5 – Certifications and Additional Information and section 2.1.3 – Annex A Requirement) from the Request for Proposal.

All other terms and conditions of this Request for Proposal remain unchanged
