- a. Certified Fluid Power Specialist – We have maintenance staff certified in advanced pneumatic and hydraulic certification.
- b. Certified Fluid Power Mechanics – All Millwrights have hydraulic mechanic training as part of their trade certification.

Question: Are our Hydraulic qualifications considered equivalent?

A: The certifications stated in the tender documents are offered and administered by the international fluid power society, with certification offered bi-monthly. The prospective bidder has not provided substantiating information with which to evaluate the equivalency of the proposed alternate certifications or training. Before commencing work at site, the perspective bidder shall obtain and maintain the required certification.
