This amendment is being raised to answer questions to date.

Q1. - Are these specified items for an initial buy/purchase or, are these additional items that will be added to an existing fleet of the noted portable multigas monitors (MSA Altair 5X)?

A1. - We currently have 3 Sets of equipment that we deploy with our soldiers all around the world. These items are being bought to form the 4<sup>th</sup> Set, as such, all of the equipment must be interchangeable from Set to Set.

Q2. - Is this monitor to be used in conjunction with an automated calibration device (Fleet maintenance) station?

A2. - Yes.

Q3. - Line item 160 is for 1 ea Cal Gas Cylinder regulator. There are 2 Calibration Gas cylinders specified in this Tender Notice (line items 154 & 155). Is this regulator (line 160) to be interchange between the cylinders, manually, at time of calibration?

A3. - Yes, item 160 will be used with line items 154 & 155.

Q4. - Is line item 151 an "additional" charging station or, can it be a mounting base for vehicle with 12V onto which the charging station include with the detector can be mounted?

A4. - Not an "additional" station, it is the charging station that will be used on remote job sites.

Q5. - Can you confirm if line items 152, 156 & 158 are used together as a remote sampling configuration?

A5. - Yes, these items will be used together.
