# ANNEX A REQUIREMENT and BASIS OF PAYMENT

### 1. Category Selection

### **Combined Categories Rule:**

For reasons of compatibility, the following categories will be combined for evaluation and contract award purposes:

The rule only applies to the categories below that are checked. The unchecked categories will be evaluated separately and may be awarded to multiple suppliers;

Category 1

Category 2

# **Design Upgrade Rule:**

The IU may exercise an option to upgrade products up to 20% of each Category product total before Applicable Taxes after contract award.

The Design Upgrade amount is used at the discretion of the Project Authority (PA). Within ten business days of the contract award, the PA will provide the Contractor with a written notice of Canada's Design Upgrade choices for each of the product(s) to be upgraded. The Contractor will provide the pricing of the upgraded product(s) to a maximum of 20% of each Category Contract Price of Table 8. The Contracting Authority will issue an amendment to the contract with the Design Upgrades and pricing.

The Supplier certifies that all the Design Upgraded products offered will conform to all specifications and meet the testing requirements detailed in the Specifications of the Supply Arrangement.

Design Upgrade: is the process of replacing a product with a more innovative or enhanced version of the same product.

The requirement includes the following category (ies) of work

- a. Category 1 Interconnecting Panels and Freestanding Systems
  - Category 1b Supporting components and freestanding furniture
- b. Category 2 Freestanding Height Adjustable Desk / Table Products
- c. Non-SA Product(s)

#### 2. Product and Pricing Tables

<u>Site Inspection Date:</u> To be coordinated with Project Authority after contract award. (*Refer to Annex A article 4 of the SA for Site Inspection and Documentation instructions.*)

INSTRUCTIONS TO BIDDERS: Bidders are to complete Sections B of the tables identified by the IU in this article as well as Tables 8 and 9. In a resulting contract, the term "Bid" means the Supplier's commitment, the term "Bidder" means "Contractor".

Refer to AnneX C for more details

# ANNEX D NON SUPPLY ARRANGEMENT (NSA) PRODUCTS

This Annex includes the additional Specifications, Certifications associated with NSA products forming part of the requirement.
1. Specifications
2. Certification
NSA Product Conformance (Required precedent to Issuance of a contract)
The Supplier certifies that all the NSA products offered will conform to all specifications indicated in Annex A and D of the RFB, and meet the testing and performance requirements found at ANNEX A-1 and A-2 of the Supply Arrangement, as applicable.

### **NSA Product Conformance Certification** (applies after contract award)

Supplier's Signature

The Supplier warrants that the NSA Product Conformance Certification submitted by the Supplier with its bid is accurate and complete. The Supplier must keep proper records and documentation relating to the NSA product conformance and the testing requirements in this Annex, as applicable. The Supplier must not, without obtaining the prior written consent of the SAA, dispose of any such records or documentation until the expiration of the Contract or the expiry date of the Warranty, whichever is later. All such records and documentation must at all times during the retention period be open to audit, inspection and examination by the representatives of Canada, who may make copies and take extracts.

Date

In addition, the Supplier must provide representatives of the SAA access to all locations where any part of the Work is being performed at any time during working hours. Representatives of the SAA may examine and test the Work as they see fit. The Supplier must provide all assistance and access to facilities, test pieces, samples and documentation that the representatives of the SAA may reasonably require for the carrying out of the inspection, which may also include the submission of test reporting documentation as listed in Annex A and D. The Supplier must forward such test pieces, samples and/or documentation that may also include letters of certification from the laboratories to such person or location as the representatives of the SAA specifies.
