The following is in response to inquiries received in relation to this solicitation. This amendment will form part of the contract documents.

QUESTION 17

Section 3.1.2 Consultant Team Identification

- a) Do individuals need to be Canadian citizens or are we able to utilize resources with the appropriate Five Eye nations equivalent security clearances?
- b) Is it necessary for US citizens with US secret clearance to obtain CISC or PWGSC secret clearance prior to award of contract?
- c) If so, when do the temporary security applications for Canadian clearance need to be submitted?

ANSWER 17

- a) No, individuals do not have to be Canadian citizens. Please refer to Section SC1 Security Requirements for more information for foreign companies who wish to participate.
 - b) Canada can recognise as equivalent classified clearances from the 20 countries with which it holds bilateral security instruments, inclusive of the U.S. An additional PWGSC Clearance would not normally be required if the personnel has the required equivalent clearance.
 - c) There is no process for temporary security applications. Please see 1b) above.
