Amendment 001 is being raised for the following:

- 1. Provide a response back from Public Works and Government Services Canada to questions received from bidders.**

1. Provide a response back from Public Works and Government Services Canada to questions received from bidders.

Q1. Under Annex A - AG "Automatic compensation for cutting edge angle" is this an indexable head you are looking for that can do angles or is this part of the software feature?

R1. The client is not looking for a waterjet with an indexable head. It is a software feature.

Q2. Under Part 6 section 6.5.3 Contractor's Representative is this to be completed also only at contract award?

R2. No, the Contractor's Representative information must be provided with the bid solicitation submission.

Q3. The closing date is March 4th but the requested installation date is March 29? By the time you award the contract there will be less than two weeks to ship, deliver and install the machine. Is this accurate?

R3. No, the Computer Numeric Control (CNC) 3 Axis System Waterjet Cutting Machine must be delivered by March 29, 2019, the On-Site Demonstration, Training, and Software Orientation, Installation, Connection, Calibration, and Functional Testing must be completed on or before March 31, 2020 as detailed in Annex B, Basis of Payment.

If your tender has already been forwarded and you wish to revise same, this revision should be faxed and reach the bid receiving area before the closing date. The tender number and the closing date are to be shown on the first page of your fax.
