**Solicitation Amendment 9**

---

The following is in response to inquiries received in relation to this solicitation. This amendment will form part of the contract documents.

**QUESTION 53**

Amendment no. 3 replaced SC1, which allowed parties to work off-site provided they have the appropriate secure facilities. SC2 states that “portable storage equipment like USB storage” cannot be brought into the Client secured premises. If the consultant team is working off site but there is a site office, how does the client propose the consultant team share information regarding the project? Is an encrypted USB key permitted provided the appropriate secure document handling provisions are adhered to?

**ANSWER 53**

Yes, an encrypted USB key is permitted provided the appropriate approval of Information Technology systems provisions are adhered to as stated in SC1 Security Requirements.
