This amendment is raised to address the following:

- To respond to questions received during the solicitation period;
- To amend the solicitation document accordingly.

## **QUESTIONS AND ANSWERS**

**Question 5:** Upon checking the .AI files provided in amendment 001, I noticed that the graphic is 22.5" x 36". The solicitation document states the RCMP want the final target to be 23" x 35". However in order to get 35" in height, we need to squish the target a bit. We suggest making the final target size of 23" x 36.5", as long as this is acceptable by the RCMP. This would give a 1/8" white border around the whole target. This would keep the target **EXACTLY** the same as the digital file provided, with no "squishing". They would also still fit on a pallet with no issues.

**Answer 5:** The .AI files provided in amendment 001 were NOT the correct files. We are now attaching the correct files. Once you review the documents, the question above may not be relevant. However, if size is still an issue, please be advised that the width of the paper **CANNOT** change. If the length is increased as suggested in question 5, that is acceptable as long as it does not change the size of the silhouette on the paper (i.e. increase in border perhaps but the silhouette does not shrink or grow).

**Question 6:** Is there print ready artwork available for the creating of the Press Proof.

**Answer 6:** Adobe Illustrator Artwork are attached.

**Question 7:** Would a wide format print be acceptable as a sample with the bid?

**Answer 7:** No. The pre-award samples must be exactly as identified at Annex "A", A.1. Technical Requirement.

**Question 8:** Do the targets require the "Developed by: RCMP Training Academy Firearms Training / Développé par: L'École de la G.R.C. Formation au tir" statement down on the right hand corner?

**Answer 8:** Yes.

As a result of these questions, the solicitation document has been amended as follows:

**Delete in its entirety:** 4.1.1.1 Mandatory Technical Criteria

**Insert:**

### **4.1.1.1 Mandatory Technical Criteria**

#### **Pre-Award Samples**

As part of the technical evaluation, to confirm an Offeror's capability of meeting the technical requirements, one (1) pre-award sample of each target (one blue and one green) must be included with the offer.

The Offeror must ensure that the required pre-award samples are manufactured in accordance with the technical requirement and is fully representative of the bid submitted. The pre-award samples will be evaluated for quality and conformance to specified materials and measurements. The sample submitted by the Offeror will remain the property of Canada.

Should the pre-award samples be rejected, the Offeror will be provided an opportunity to re-submit a second set of samples within two (2) weeks. Rejection of the second set of samples will result in the bid being declared non-responsive.

The Offeror must deliver the required pre-award samples at no charge to Canada and must ensure that they are received with the offer at the time and place of the Request for Standing Offer closing. Failure to submit the pre-award samples will result in the offer being declared non-responsive.

Large Blue Silhouette Targets		Meets	Does not Meet
Size	23" wide x 35" to 36.5" high		
Stock	70 lb. paper FSC or SFI		
Ink	pms 156 + 3005 blue		

Large Green Silhouette Targets		Meets	Does not Meet
Size	23" wide x 35" to 36.5" high		
Stock	70 lb. paper FSC or SFI		
Ink	pms 156 + 354 green		

In addition to the above technical criteria, evaluation of the samples will include a comparison with existing approved targets in use.

FSC: Forest Stewardship Council  
SFI: Sustainable Forestry Initiative
