Part 2. Questions and Answers

The following question(s) have been asked in response to the Request for Proposal and Elections Canada hereby answers as follows:

2.1 Question No. 6

Question:

To make our submission more specific, we would need to know if the files for the master boxes, ballot boxes, and voting screens are provided, and how many models are in each file. For example, in the ballot box file, will there be one or several boxes (one up or two up)?

If we need to get the cut-out templates made? This information is significant with respect to pricing.

Answer:

The three files that will be sent to the winning company are all one-up. Please see the Appendices for the file diagrams that will be sent.
