Solicitation Amendment No. 003

This solicitation is hereby amended to provide the following questions and answers:

Question: We have two questions regarding the FMFCS & FMFCB options found on page 12.

Q1. The option for an onsite follow-up audit may or may not be required each year at each site depending on Nonconformities issued. Are you looking for the cost of one instance of a follow-up audit, or should this option be provided as an optional cost for each year of the contract?

R1) it would be for the cost of one instance of follow up if required as an option applicable to any of the 3 years

Q2. Please clarify whether the option for multisite certification is for ISO 9001:2015 certification, ISO 14001:2015 certification, or both standards and if you are looking for the cost of one multi-site audit or the cost of multi-site audits that cover the three-year period of the contract.

R2) one multi-site audit for ISO 9001:2015 only

Q3. Can you provide us copies of the current ISO certificates so we can duplicate the scope statement and setup according to the requirements?

R3:

FMF CB ISO 9001:2015:

Ship and Ship Systems Maintenance, Repair and Configuration Change; Naval Engineering Including Consultative and Design Services; Calibration Services for Industrial Applications.

FMF CS ISO 9001:2015:

Operation of an industrial facility engaged in engineering and maintenance of naval vessels and equipment.

FMF CS ISO 14001:2015

Operation of an industrial facility engaged in engineering and maintenance of naval vessels and equipment.

Q4. We reviewed the above-mentioned Request for Proposal and we have a question regarding Table 1 in Annex B (page 17). Please clarify whether the Requirements for FMF Cape Scott (Halifax) are to include both ISO 9001:2015 and ISO 14001:2015 audits or only ISO 9001:2015. The ISO 14001:2015 audits for this site are also listed in Table 2 Optional Services.

R4. Regarding Annex B, Table 1 - The inclusion of ISO 14001:2015 in the requirement for FMF CS is an error. As FMF CS currently has both 9001 & 14001 certifications the assumption is that they would continue to be maintained, however the intent of the contract is to have ISO 14001:2015 only as a year-to-year option as provided in Annex B, Table 2.

If your bid has already been forwarded and you wish to revise same, this revision should be sent in a sealed envelope and mailed to the above address and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope.
