- 1) Respond to vendor questions;
- 2) Daylight savings is 10 March 2019. Bid closing is PDT

Reference	Bidder Questions / comments	Canada's Responses
	Request an extension on bid closing.	Closing date will be extended to March 11 2019, 1400 PDT. Time is PDT.
10.1.D.5	What date are the life rafts required to be returned by?	The contractor must have the certified life rafts installed on the vessel by 5pm Monday April 22nd 2019.
17.1	I (vendor) heard talk on the deck about a test procedure for the Lars crane, can you please forward that as soon as possible, can you also let me know what the test load will be?	Contractor must test crane as per specification 17.1.C.43. Any further requests required by the professional engineer in order to certify the crane will be actioned through PSPC 1379 action. The safe working load is stated in 17.1.C.43 and test load must be as per the regulations stated in this section.
10.1	I (vendor) have a question on the life rafts, will the crew be removing the life rafts from the vessel to the jetty or is that the contractor's responsibility?	As per specification 10.1.D.1
17.1.C.31	the removals for the under deck stiffening, We need to see what's there for interference Item 17.1.C.31	Please refer to "Under deck stiffening photos and Drawing no.1304-5.10.07.8-1" by request
17.1.C.42	Can the professional engineer be billed directly to Coast guard or can you specific a dollar value that we should allow for ?	Each vendor is to use \$7,500 CDN. The Engineer's receipt will result in a credit or debit by 1379 Work Arising.
18.1.B.2.3	Request drawing J12-05034-E-006	Drawings are now available by request.
17.1.C.31	In regards to the pictures supplied for the refrigeration space, will the deck head require removal including shelving and cooling units or just the inspection panel on the deck head?	Contractor must quote on removing the deck head and shelving. If inspection panel is sufficient for inspection than a credit must be actioned by PSPC 1379.
17.1.C.31	" to clarify question answer # 17.1.C.31 We are to recover refrigerant, disconnect and make safe refrigerant	Contractor must bid on removing inspection port, if further inspection is required by the Professional Engineer, additional work associated with this inspection will be actioned through PWGSC 1379.

	lines, disassemble the cooler box and remove. Reassemble, reinstall refrigeration system, Evacuate, recharge and start-up refrigeration system and recharge system. This isn't cheap so please make sure we are all bidding on the same scope of work"	
	Based on the recent issue of the existing Search Light wiring diagrams, I've noted that there are two (2) slave control station at the aft console, one (1) for each of the Stbd & Port S/L Will these aft controls station be part of the GSM supply, and in turn, to be included as part of the contractors responsibility to install	Contractor must bid on installing 4 GSM smart view control joysticks. Two in the main console and one on each wing console.

All other terms and conditions of the Solicitation and resulting contract clauses remain the same.
