This Amendment 001 is issued to publish questions received from the industry and the answers to those questions.

Question 1:

Can you please clarify if a modular design is to be submitted as a part of the submission as it's not clear in the technical requirement and scope of work?

Answer 1:

Based on the RFP section **4.1.1 TECHNICAL EVALUATION**
4.1.1.1 Mandatory Technical Criteria M.1 Financial Proposal

Bidders must only provide a firm price for the research and design associated to this project which includes the delivery of the finalized fabrication budget, in addition to the all-inclusive hourly rate for alterations in accordance with the table in Annex B Basis of Payment.

Question 2:

Can you also clarify if the \$325,000 budget excludes research and design what is the budget for that and is that not a part of this financial requirement? How would we quote the design work?

Answer 2:

Based on the RFP section **4.1.1 TECHNICAL EVALUATION**
4.1.1.1 Mandatory Technical Criteria M.1 Financial Proposal

As indicated in Annex A, Statement of Work, a maximum budget of \$325,000.00 (Goods and Services Tax or Harmonized Sales Tax extra, as appropriate) has been allocated to production, shipping, set up, dismantling, travel and training.

As a matter of fact the 325,000.00\$ budget excludes research and design. However, bidders must provide a firm price for the research and design.
