**This amendment is raised to answer questions from suppliers.**

Q1: In the tender notice on page 2 it references security requirements. This page makes it sound like the supplier must have security clearance. Yet on page 1 of the solicitation documents it states under security that the request for a supply arrangement does not include provisions for security. Then on page 14 of this same document under 6.2.1 it states that there will be security requirements. I just want to make sure that I am understanding the document. My understanding is that to submit the supply arrangement we do not require security clearance, however, if we are successful in the selection process and later bid on a job then we may need to have security clearance. Is this correct or do we need to start the security clearance process now?

A1: Security is required during the bid solicitation process (RFPs issued against the Supply Arrangement). However, if suppliers wish to be sponsored by PSPC, they should submit the required information on Page 1 of the RFSA. Please refer to 1.3 Security Requirements.

The RFSA (in English only) is modified as follows:

**At Section 1.3 Security Requirements (RFSA in English only)**

**DELETE:**

1.3.3 Should the successful suppliers wish to obtain a level of security, PWGSC will sponsor the successful offerors so CISD can initiate procedures for security clearance. Suppliers desiring such sponsorship should consult page 1 of the RFSA.

**INSERT:**

1.3.3 Should suppliers wish to obtain a level of security, PWGSC will sponsor the suppliers so CISD can initiate procedures for security clearance. Suppliers desiring such sponsorship should consult page 1 of the RFSA.

**Q2:** Do I need an invitation to use epost connect?

**A2:** Please refer to section 08 of the 2008 standard instructions, [08 \(2018-05-22\) Transmission by facsimile or by epost Connect.](#)

**NO OTHER CHANGES APPLY.**
