QUESTIONS AND ANSWERS

Question 19: When submitting our bid, do you have a preference of the sample targets rolled in a tube, or leave the targets flat.

Answer 19: The samples should be submitted either flat, or rolled. They cannot be folded.

As a result of these questions, the solicitation document has been amended as follows:

4.1.1.1 Mandatory Technical Criteria

Pre-Award Samples

As part of the technical evaluation, to confirm an Offeror’s capability of meeting the technical requirements, one (1) pre-award sample of each target (one blue and one green) must be included with the offer.

The Offeror must ensure that the required pre-award samples are manufactured in accordance with the technical requirement and is fully representative of the bid submitted. The pre-award samples will be evaluated for quality and conformance to specified materials and measurements. The sample submitted by the Offeror will remain the property of Canada.

Should the pre-award samples be rejected, the Offeror will be provided an opportunity to re-submit a second set of samples within two (2) weeks. Rejection of the second set of samples will result in the bid being declared non-responsive.

The Offeror must deliver the required pre-award samples at no charge to Canada and must ensure that they are received with the offer at the time and place of the Request for Standing Offer closing. Failure to submit the pre-award samples will result in the offer being declared non-responsive.

The samples should be submitted either flat, or rolled. They cannot be folded.
