Amendment 001 is raised for the following:

Question 1: With regard to Part 6, para 6.7.3 Schedule of Milestones, is there any flexibility on the Delivery Dates indicated in Tables A & B? What recourse does Canada have in the event that the milestone dates are not met?

Answer 1: In accordance with General Condition [2010C 21](#) (2014-09-25), Default by the Contractor, the following recourse is available to Canada:

1. If the Contractor is in default in carrying out any of its obligations under the Contract, the Contracting Authority may, by giving written notice to the Contractor, terminate for default the Contract or part of the Contract. The termination will take effect immediately or at the expiration of a cure period specified in the notice, if the Contractor has not cured the default to the satisfaction of the Contracting Authority within that cure period.
2. If the Contractor becomes bankrupt or insolvent, makes an assignment for the benefit of creditors, or takes the benefit of any statute relating to bankrupt or insolvent debtors, or if a receiver is appointed under a debt instrument or a receiving order is made against the Contractor, or an order is made or a resolution passed for the winding-up of the Contractor, the Contracting Authority may, to the extent permitted by the laws of Canada, by giving written notice to the Contractor, immediately terminate for default the Contract or part of the Contract.
3. If Canada gives notice under subsection 1 or 2, the Contractor will have no claim for further payment except as provided in this section. The Contractor will be liable to Canada for all losses and damages suffered by Canada because of the default or occurrence upon which the notice was based, including any increase in the cost incurred by Canada in procuring the Work from another source. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.

Question 2: Can bidders submit proposals on a subset of the survey areas identified at Annex A – Statement of Work or must they bid on the entire requirement?

Answer 2: Bidders must bid on the entire requirement. Proposals which fail to include pricing for all survey areas identified in Annex A & Annex B will be deemed non-compliant and will be set-aside.

All other terms and conditions remain the same.
