AMENDMENT 001

This amendment to the solicitation is raised to answer bidder questions and to amend the solicitation document.

BIDDER QUESTIONS

Q1: Is it expected that the emergency supply of 10 x 500mL bottles will be for both Horse and Sheep blood?

A1: The emergency supply could be for both Horse and Sheep blood. However, it is anticipated that there may be a greater need for Sheep blood as Horse blood is used for fewer products. We are unable to anticipate the frequency or type required as emergency orders will only be made due to unpredictable circumstances such as an outbreak or emergency.

Q2: Does the emergency supply require the same expiration duration as the regular supply?

A2: Emergency supply expiration can be 2 weeks as it would generally be used immediately.

Q3: What was the frequency of emergency shipments being required over the last 24 months?

A3: An emergency order of 8 bottles of Sheep blood was placed in April 2018. We have no other records of emergency orders in the past 24 months. However this does not necessarily reflect the frequency of emergency requirements in the future.
