QUESTIONS AND ANSWERS

Q20 - Regarding RT4 for the Information Management Architect (EDW & BI) – Level 3 it would be extremely rare for one resource to have all three of these certifications thus making it very difficult to score maximum points. In this particular case, the Crown is effectively disadvantaging itself whereby resources with stronger experience in the SOW tasks, RT3 and overall experience working with metadata reflected in rated requirements RT2 and MT4 will not be the best scoring candidates. Given that this is a large supply arrangement designed to ensure the delivery of multiple qualified resources, awarding it based on one singular resource based on 3 certifications not commonly obtained together but often obtained separately does not ensure the best vendor suited to deliver on this contract will be selected. Will the crown consider adjusting RT4 to provide maximum points if one of the three certifications is held by the resource?

A20 - No changes. Please refer to question 11 of amendment 002. Each certification is worth 3 points.

Q21 - We kindly request an extension until April 30th to ensure we are able to receive sign-off.

A21 - See the amendment below.
