ADDENDUM NO. 1

Subject: Request for Proposal No. **FP802-180136**
Title: Provision of Emergency Medical advice and telemedicine support for Canadian Coast Guard

Dear Sir/Madam:

Further to the above-mentioned Request for Proposal, this Addendum (#1) is to advise potential of the following question and answer:

Question 1 : With respect to the Security requirements, Section 1.1 it states that

"the conditions outlined in 1.1 must be met at the time of bid closing, as below:

a) the Bidder must hold a valid organization security clearance as indicated in Part 6 - Resulting Contract Clauses; "

From here, reviewing Part 6 - Resulting Contract Clauses, it states:

"The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

6.1 Security Requirements

6.1.1 The Contractor/Offeror must, at all times during the performance of the Contract/Standing Offer/Supply Arrangement, hold a valid Designated Organization Screening (DOS) with approved Document Safeguarding at the level of PROTECTED B, issued by the Canadian Industrial Security Directorate, Public Works and Government Services Canada. "

I wanted to check to see if the requirement is to have the DOS Protected B level for bid closing, or must have this in place for the beginning of the contract? We are currently working through security clearance with another federal partner, however this will not yet be ready in time for Bid closure.

Answer 1 : Yes a valid Designated Organization Screening (DOS) with approved Document Safeguarding at the level of PROTECTED B, issued by the Canadian Industrial Security Directorate, Public Works and Government Services Canada, must be met at the time of bid closing.

All other terms and conditions remain unchanged.

Yours truly,

Stephane Julien
