Amendment 006 to the Sea to Shore Connector Request for Proposal (RFP), W847S-19-0074, is being issued to:

- a) Provide questions and answers to potential bidders

a) Questions from Industry

Annex B Milestone payment schedule

Item 3 is a 70% payment schedule, with 5 items and 5 forecasted milestone dates, would it be safe to say that at each of the 5 milestone dates, after each barge set and tug is delivered in BC can we expect a payment of 14% of the 70 % total? (14 x 5 =70).

Answer: Your interpretation is correct.

Canada's intent is to provide a milestone payment upon delivery of a completed system.

Annex B, paragraph 1 sea to Shore Connector Systems Bidder Pricing Table, Serial 3 covers pricing and the requirements for the five systems while Annex B, paragraph 5 Sea to Shore Connector Systems Milestone Payment Schedule, milestone 3 provides for the milestone payments. The note under paragraph 5 table refers to the option of submitting milestone claims per system – The Milestones shown above will be included and identified in all production schedules. Milestone Payment Claims may be submitted per System if all requirements for the milestone payment have been completed and accepted by Canada. Applicable milestone payment will be pro-rated accordingly.

It is Canada's intent to provide financial payment per system, provided that final acceptance for the system has been provided by Canada.

Please note, delivery is not limited to the province of British Columbia. It will vary between the East and West coasts in accordance with Part 7, Article 7.5.2 of the Resulting Contract Clauses.

All other terms and conditions of the RFP remain the same.
