## AMENDMENT 001

This Solicitation amendment (**001**) is raised to provide clarifications sought by Industry.

### 1. Questions and Answers:

Question 1: Industry has a question regarding the NSN listed in Annex A. Are there any drawings available for the NSN listed in Annex A?

Answer 1: Canada has no drawing available for the NSN listed in Annex A. Canada considers the information provided as per Article 6.3 and 6.4, Description & Traceability and Condition of Material, the description given in the line items may be a short description where the full description is available in the public domain. The NATO Stock Number may include a part number or numbers in addition to that listed in the description of a line item. It is the responsibility of the Offeror to refer to the NATO Stock Number and to ascertain therefrom such other part number as may fulfill the requirements of the NATO Stock Number. Part numbers with a RNCC/RNVC code of 1-2, 1-3, 4-1, 5-9, 6-9, 7-1, 7-2 and D-9 are not acceptable part numbers.

The preferred part number for NATO Stock Number with multiple RNCC/RNVC combinations in order of preference is: 3-2, 2-2, 5-2 and 3-3.

Traceability – Items offered must not be identified as being produced by a NATO Supply Code for Manufacturer (NSCM) or the Commercial and Government Entity (CAGE) code unless produced by that manufacturer or its accredited manufacturer/supplier.

The Contractor may provide Electronic Component Assembly NSN 5998-12-178-8268 as new production, not new production, used and material that contains items that have been refurbished.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
