AMENDMENT 002

The purpose of this amendment to publish questions and answers regarding this request.

Q1: Do we have to use the list of components of the initial tender or use the modification plans?

A1: No. The list of components listed in paragraphs 5.1 to 5.7 of Annex «A» is for example only.
However, the external dimensions of the plans and drawings of Appendix «A» and «B» must be respected while taking into account the mandatory technical criteria listed in Annex «C».

Q2: On page 16, point 5 indicates installing wire partition in existing cages ... are the structures already fitted and only the partitions are missing or we have to supply all the parts indicated?

A2: No, the structures are not already mounted. The contractor must assemble the structures by assembling the various parts.

Q3: Is it possible to have pictures of the structures?

A3: There is no picture available since the cages do not exist. Only drawings are available. However, examples can be viewed by searching for "SINGLE WIRE PARTITIONS WITH ROOF" on Google Images.

Q4: Is it possible to have the company's name of the standard components on page 1 of the product specifications addendum?

A4: The product specifications are the result of researches from various manufacturers in the field of shelving.

All others terms and conditions remain unchanged.
