

Technical Data:

Fire class rating	A-60
Surface Material	Mild steel / Cold rolled steel sheet
Thickness	53mm (3mm surface material + 50mm insulation)
Core material	Mineral wool
Core density (nom.)	192 kg/cu.m
Weight	35.5 kg/sq.m
Modular width (std.)	475 x 1975mm (576 x 2406mm Max)
Sound reduction	Estimated 53 dB Rw

Tested to IMO 754 (18) Standards. USCG and Transport Canada approved.
