GENERAL INFORMATION

1.0 PROJECT SUMMARY

1.1 Agriculture & Agri-Food Canada (AAFC), is seeking proposals for Pavilion Design and Fabrication services at GULFOOD 2020.

AAFC is organizing the Canada Pavilion at GULFOOD 2020, which will be held at the Dubai World Trade Center, in Dubai, UAE from February 16 to 20, 2020. The Canada Pavilion will incorporate displays from a number of Canadian agri-food companies, associations, and federal/provincial departments.

GULFOOD is the world's largest annual food and hospitality show. Held in Dubai, UAE, the show attracts approximately 5,000 exhibitors participating from over 195 countries and 100,000 professional visitors.

In order to ensure the prosperity of the sector, the Canadian agri-business community needs to successfully compete and adapt to the changing needs of domestic and international markets. AAFC's Canada Pavilion Program provides Canadian food exporters with the opportunity to enhance the exposure of their products against international competition by differentiating their products through the use of branding tools and attributes. The Canadian presence at international trade shows, through the Canada Pavilion Program, should highlight the following key Canada Brand attributes: high quality, nature, trustworthiness, and customer focus.

Bids **must** include the following:

1. **Executive Summary:** A brief overview of the proposed plan, expectations, and understanding of the project.
2. **Design Concept:** Canada's "Brand" is well defined (see Appendix I), as such design proposals for a Canada Pavilion must take full advantage of Canada's international reputation. The bid will include a design layout for a 622 square metres (sq. m) Canada Pavilion spread across three halls. One (1) 38m x 8m stand (304 sq. m) and one (1) 6m x 8m second level (double decker) structure (48 sq. m) in the Pulses, Grains and Cereals Hall, one (1) 29m x 6m stand (174 sq. m) in the World Food Hall, and one (1) 8m x 12m stand (96 sq. m) in the Dairy/Meat Hall.

The design must be distinctly Canadian and stand out from other countries/competitors on the show floor. The design will take advantage of Canada Brand attributes while addressing the target audience's perception of what is distinctly Canadian. The design and layout of the pavilion should be flexible to accommodate changes from year-to-year.

3. **Project Management for Services:** Provide a detailed description of the approach, resources for each service and detailed, comprehensive timelines including **milestones** for planning and interactions with Show Authority, AAFC and exhibitors as well as fabrication and delivery schedule.
4. **Contingency Plan:** Describe any major challenges, constraints or unexpected situations and/or major difficulties that may arise during the course of the project including staffing issues and provide proposed solutions and approaches to address these.
5. **Summary/Recommendation:** Provide any additional information and/or recommendations that are essential to the project.

1.2 With the exception of certain basic site requirements that must be provided or ordered separately, the Contractor will provide a complete turnkey package that includes all goods and services to be detailed in the tender drawings and the specifications described herein (Statement of Work).

1.3 Any components and services not covered or mentioned herein, but obviously necessary to the completion of a fully operational exhibit are to be identified separately in the Contractor's Technical proposal and included in the Financial Proposal.

1.4 In the case of conflict or discrepancies between the Statement of Work and the referenced set of tender drawings provided, the specifications given in the Statement of Work shall prevail.

- 5.2 The Contractor will be in default of the Contract if the Work is rejected by Canada or if he fails to correct the Work within a reasonable delay.

GC6. Amendments and Waivers

- 6.1 No design change, modification to the Work, or amendment to the Contract shall be binding unless it is incorporated into the Contract by written amendment or design change memorandum executed by the authorized representatives of Canada and of the Contractor.
- 6.2 While the Contractor may discuss any proposed changes or modifications to the scope of the Work with the representatives of Canada, Canada shall not be liable for the cost of any such change or modification until it has been incorporated into the Contract in accordance with subsection 6.1.

- 6.4 The waiver by a Party of a breach of any term or condition of the Contract shall not prevent the enforcement of that term or condition by that Party in the case of a subsequent breach, and shall not be deemed or construed to be a waiver of any subsequent breach.

GC7. Time of the Essence

It is essential that the Work be performed within or at the time stated in the Contract.

- 4.3 L'entrepreneur doit :
- a) exécuter les travaux de manière diligente et efficace;
 - b) au minimum, appliquer les tests d'assurance de la qualité, les inspections et les contrôles compatibles avec ceux qui sont généralement utilisés dans l'industrie et dont l'objet est de donner l'assurance raisonnable du degré de qualité exigé en vertu du marché d'acquisition;

CG5. Inspection et acceptation

- 5.1 Les travaux seront soumis à l'inspection du Canada. Le Canada a le droit de rejeter toute partie des travaux, qu'il s'agisse d'un rapport, d'un document, d'un bien ou d'un service qui, tel qu'il est soumis, n'est pas conforme aux exigences du marché d'acquisition ou n'est pas à la satisfaction du Canada, ou d'en exiger la modification aux frais de l'entrepreneur, avant d'effectuer un paiement.

- 6.3 Une renonciation n'est valable, ne lie les parties et ne modifie leurs droits que si elle est faite par écrit par l'autorité contractante, dans le cas d'une renonciation du Canada, et par le représentant autorisé de l'entrepreneur, dans le cas d'une renonciation de l'entrepreneur.
- 6.4 La renonciation par une partie à exercer un recours pour inexécution de toute condition du marché d'acquisition n'empêche pas cette partie d'exiger l'exécution de cette condition lors d'une inexécution subséquente, et n'est pas réputée être une renonciation à exercer en recours pour une inexécution subséquente, ni interprétée comme telle.

CG7. Délais de rigueur

Il est essentiel que les travaux soient exécutés dans le délai ou au moment fixé dans le marché d'acquisition.

GC8. Excusable delay

- 8.1 Any delay by the Contractor in performing the Contractor's obligations under the Contract which occurs without any fault or neglect on the part of the Contractor its subcontractors, agents or employees or is caused by an event beyond the control of the Contractor, and which could not have been avoided by the Contractor without incurring unreasonable cost through the use of work-around plans including alternative sources or other means, constitutes an excusable delay.
- 8.2 The Contractor shall give notice to the Minister immediately after the occurrence of the event that causes the excusable delay. The notice shall state the cause and circumstances of the delay and indicate the portion of the Work affected by the delay. When requested to do so by the Minister, the Contractor shall deliver a description, in a form satisfactory to the Minister, of work-around plans including alternative sources and any other means that the Contractor will utilize to overcome the delay and endeavour to prevent any further delay. Upon approval in writing by the Minister of the work-around plans, the Contractor shall implement the work around plans and use all reasonable means to recover any time lost as a result of the excusable delay.
- 8.3 Unless the Contractor complies with the notice requirements set forth in the Contract, any delay that might have constituted an excusable delay shall be deemed not to be an excusable delay.
- 8.4 If an excusable delay has continued for thirty (30) days or more, Canada may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the excusable delay. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.
- 8.5 Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any cost incurred by the contractor or any subcontractors or agents as a result of an excusable delay.
- 8.6 If the Contract is terminated under this section, Canada may require the Contractor to deliver to Canada, in the manner and to the extent directed by Canada, any completed parts of the Work not delivered and accepted before the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. Canada will pay the Contractor:
- (a) the value, of all completed parts of the Work delivered to and accepted by Canada, based on the Contract price, including the proportionate part of the Contractor's profit or fee included in the Contract price; and
 - (b) the cost to the Contractor that Canada considers reasonable in respect of anything else delivered to and accepted by Canada.
- 8.7 The total amount paid by Canada under the Contract to the date of termination and any amounts payable under this subsection must not exceed the Contract price.

CG8. Retard excusable

- 8.1 Tout retard de l'entrepreneur à s'acquitter de ses obligations en vertu du marché d'acquisition, qui survient en l'absence de toute faute ou négligence de la part de l'entrepreneur, de ses sous-traitants, de ses mandataires ou de ses employés, ou qui est causé par un événement indépendant de la volonté de l'entrepreneur, et que l'entrepreneur n'aurait pu empêcher sans assumer des frais exorbitants en recourant, par exemple, à des plans de redressement, incluant d'autres sources, ou à d'autres moyens, constitue un retard excusable.
- 8.2 L'entrepreneur doit informer le ministre dès que se produit un fait qui entraîne un retard excusable. Il doit préciser, dans son avis, la cause et les circonstances du retard et mentionner la partie du travail qui est touchée. À la demande du ministre, l'entrepreneur fournit une description, sous une forme jugée acceptable par le ministre, des plans de redressement, dans lesquels il mentionne d'autres sources et d'autres moyens qu'il pourrait utiliser pour rattraper le retard et s'efforcer d'en prévenir d'autres. Dès la réception de l'approbation écrite des plans de redressement par le ministre, l'entrepreneur doit mettre ces plans de redressement à exécution et prendre tous les moyens raisonnables pour rattraper le retard excusable.
- 8.3 Si l'entrepreneur ne respecte pas les conditions du marché d'acquisition ayant trait à cet avis, tout retard qui pourrait être excusable n'est pas considéré comme tel.
- 8.4 Après trente (30) jours ou plus de retard excusable, le Canada peut, par avis écrit à l'entrepreneur, résilier le marché d'acquisition. En l'occurrence, les parties conviennent de renoncer à toute réclamation pour dommages, coûts, profits anticipés ou autres pertes découlant de la résiliation ou de l'événement qui a contribué au retard excusable. L'entrepreneur convient de rembourser immédiatement au Canada la portion de toute avance non liquidée à la date de la résiliation.
- 8.5 Sauf si le retard excusable est dû au manquement du Canada de s'acquitter d'une obligation en vertu du marché d'acquisition, le Canada n'est pas responsable des coûts additionnels encourus par l'entrepreneur ou l'un de ses sous-traitants ou mandataires par la suite d'un retard excusable.
- 8.6 Si le marché d'acquisition est résilié en vertu du présent article, le Canada peut exiger que l'entrepreneur lui livre, selon les modalités et dans la mesure prescrites par le Canada, toutes les parties achevées des travaux qui n'ont pas été livrées ni acceptées avant la résiliation, de même que tout ce que l'entrepreneur a acquis ou produit expressément pour l'exécution du marché d'acquisition. Le Canada paie alors à l'entrepreneur :
- a) la valeur, calculée en fonction du prix contractuel, y compris la quote-part du profit ou des honoraires de l'entrepreneur inclus dans le prix contractuel, de toutes les parties des travaux terminées qui sont livrées et acceptées par le Canada;
 - b) le coût de l'entrepreneur que le Canada juge raisonnable en ce qui concerne toute autre chose livrée au Canada et acceptée par le Canada.
- 8.7 Le montant total versé par le Canada en vertu du marché d'acquisition jusqu'à sa résiliation et tous les montants payables en vertu du présent paragraphe ne doivent pas dépasser le prix contractuel.

GC9. Termination of convenience

9.1 Notwithstanding anything in the Contract, the Minister may, by giving notice to the Contractor, terminate or suspend the Contract immediately with respect to all or any part or parts of the Work not completed.

9.2 All Work completed by the Contractor to the satisfaction of Canada before the giving of such notice shall be paid for by Canada in accordance with the provisions of the Contract and, for all Work not completed before the giving of such notice, Canada shall pay the Contractor's costs as determined under the provisions of the Contract in an amount representing a fair and reasonable fee in respect of such Work.

9.3 In addition to the amount which the Contractor shall be paid under section GC9.2, the Contractor shall be reimbursed for the Contractor's cost of and incidental to the cancellation of obligations incurred by the Contractor pursuant to such notice and obligations incurred by or to which the Contractor is subject with respect to the Work.

9.4 The Contractor shall have no claim for damages, compensation, loss of profit, allowance or otherwise by reason of or directly or indirectly arising out of any action taken or notice given by Canada under the provisions of section GC9 except as expressly provided therein.

9.5 Upon termination of the Contract under section GC9.1, Canada may require the Contractor to deliver and transfer title to Canada, in the manner and to the extent directed by Canada, any finished Work which has not been delivered prior to such termination and any material, goods or Work-in-progress which the Contractor specifically acquired or produced for the fulfilment of the Contract.

GC10. Termination due to Default of Contractor

10.1 Canada may by notice to the Contractor, terminate the whole or any part of the Contract:

- a) if the Contractor fails to perform any of the Contractor's obligations under the Contract or in Canada's view, so fails to make progress so as to endanger performance of the Contract in accordance with its terms;
- b) to the extent permitted under law, if the Contractor becomes bankrupt or insolvent, or a receiving order is made against the Contractor, or an assignment is made for the benefit of creditors, or if an order is made or resolution passed for the winding up of the Contractor, or if the Contractor takes the benefit of a statute relating to bankrupt or insolvent debtors; or
- c) if the Contractor makes a false declaration under GC 37 or GC 38 or fails to comply with the terms set out in GC 16.3 or GC 39.

10.2 Upon termination of the Contract under section GC10, the Contractor shall deliver to Canada any finished Work which has not been delivered and accepted prior to such termination, together with materials and Work-in-progress relating specifically to the Contract and all materials, texts and other documents supplied to the Contractor in relation to the Contract.

STATEMENT OF WORK

GULFOOD Dubai, United Arab Emirates (UAE) 2020, 2021, 20122

1.0 REQUIREMENTS

- 1.1 Agriculture & Agri-Food Canada (AAFC), is seeking proposals for Pavilion Design and Fabrication services at GULFOOD 2020.

AAFC is organizing the Canada Pavilion at GULFOOD 2020, which will be held at the Dubai World Trade Center, in Dubai, UAE from February 16 to 20, 2020. The Canada Pavilion will incorporate displays from a number of Canadian agri-food companies, associations, and federal/provincial departments.

GULFOOD is the world's largest annual food and hospitality show. Held in Dubai, UAE, the show attracts approximately 5,000 exhibitors participating from over 195 countries and 100,000 professional visitors.

In order to ensure the prosperity of the sector, the Canadian agri-business community needs to successfully compete and adapt to the changing needs of domestic and international markets. AAFC's Canada Pavilion Program provides Canadian food exporters with the opportunity to enhance the exposure of their products against international competition by differentiating their products through the use of branding tools and attributes. The Canadian presence at international trade shows, through the Canada Pavilion Program, should highlight the following key Canada Brand attributes: high quality, nature, trustworthiness, and customer focus.

Bids **must** include the following:

1. **Executive Summary:** A brief overview of the proposed plan, expectations, and understanding of the project.
2. **Design Concept:** Canada's "Brand" is well defined (see Appendix I), as such design proposals for a Canada Pavilion must take full advantage of Canada's international reputation. The bid will include a design layout for a 622 square metres (sq. m) Canada Pavilion spread across three halls. One (1) 38m x 8m stand (304 sq. m) and one (1) 6m x 8m second level (double decker) structure (48 sq. m) in the Pulses, Grains and Cereals Hall, one (1) 29m x 6m stand (174 sq. m) in the World Food Hall, and one (1) 8m x 12m stand (96 sq. m) in the Dairy/Meat Hall.

The design must be distinctly Canadian and stand out from other countries/competitors on the show floor. The design will take advantage of Canada Brand attributes while addressing the target audience's perception of what is distinctly Canadian. The design and layout of the pavilion should be flexible to accommodate changes from year-to-year.

3. **Project Management for Services:** Provide a detailed description of the approach, resources for each service and detailed, comprehensive timelines including milestones for planning and interactions with Show Authority, AAFC and exhibitors as well as fabrication and delivery schedule.
4. **Contingency Plan:** Describe any major challenges, constraints or unexpected situations and/or major difficulties that may arise during the course of the project including staffing issues and provide proposed solutions and approaches to address these.
5. **Summary/Recommendation:** Provide any additional information and/or recommendations that are essential to the project.

Proposers must indicate whether they comply with the mandatory requirements below (section 2.0) and indicate the location (page, paragraph number, etc.) of the information provided in the Technical Proposal to support the requirements.

Highest combined score will be determined by adding the design, technical and financial points obtained. The Proposers’ Design, Technical and Financial proposals will be scored separately. An Overall Proposal Score will be determined by combining a Proposer’s Design Proposal Score, Technical Proposal Score and Financial Proposal Score in accordance with the following weights:

Design Proposal	= 50%
Technical Proposal	= 25%
Financial Proposal	= 25%
Overall Proposal	= 100%

To be considered Compliant, a Proposal must:

- 1- Meet all the mandatory requirements specified in section 2.0 below;
- 2- Achieve the **minimum score or higher indicated on each specific rated criterion** as set out in section 3.0 below;
