SIP Trunking for Skype 2019 on Premise for CRTC

for

Shared Services Canada

FORM 2A: IT SUPPLY CHAIN SECURITY INFORMATION FORM

Form 2A: IT SUPPLY CHAIN SECURITY INFORMATION FORM

RFQ no.: 18-79432

Title: SIP Trunking for Skype 2019 on premise for CRTC

1. IT Products List

1.1 Respondents must provide a list of all products that will be used to perform any part of the Work described in the resulting contract. This list must include:

- a) Identify the product name: the brand name of the product;
- b) Identify the product type : the common product type generally recognized by Industry such as: appliance, server, software, etc, and
- c) Identify the product model and version number as established by the Product Manufacturer or Software Publisher.

1.2 It is requested that respondents also provide the following information for each product:

- a) Identify the Original Equipment Manufacturer (OEM) or Software Publisher as well as the country where their head office is located for all components of the product. OEM means the manufacturer of the hardware, as evidenced by the name appearing on the hardware. Software Publisher means the owner of the copyright in any software products and who has the right to license (and authorize others to license/sub-license) its software products;
- b) Identify the manufacturer of the product and the country where their head office is located. The Product Manufacturer is the entity which assembles the product;
- c) Identify the name of any open source code (whether enabled or not) within the product; and
- d) Identify all third party components which are included in the product. A third party component means a component that was developed by a party other than the OEM or the Software Publisher.

If Canada determines that the requested information is incomplete or has not been provided, Canada may request in writing the submission of this information. The Respondent will have 2 working days (or a longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the response being declared non-responsive.

1.3 Respondents are requested to provide their information on the Form 2A. It is requested that respondents indicate their legal name on each page, insert a page number as well as the total number of pages. Respondents are also requested to insert a separate row for each Product
