PART 1 - GENERAL INFORMATION

1.1 Statement of Requirement

The Canadian Armed Forces (CAF) has a requirement to purchase the following specific food items for the Individual Meal Packs (IMPs):

- i. Apple and Brown Sugar Crunchy Cereal;
- ii. Maple and Brown Sugar Oatmeal;
- iii. Strawberry Crunchy Cereal;
- iv. Beef Jerky – BBQ;
- v. Chocolate Drink Mix
- vi. Strawberry Banana Drink Mix;
- vii. Vanilla Drink Mix;
- viii. Almonds and Chocolate Covered Coffee Beans;
- ix. Peanut Mix ; and
- x. Peanut, Almonds and Yogurt Covered Cranberries.

1.2 Period of Contract

The initial period of the Contract begins on the date the Contract is awarded and ends 1 year later.

1.3 Background

Each year, the National Combat Ration Program (NCRP) produces IMPs that are used for training exercises, deployed operations or in emergency situations when the use of fresh rations is not possible. The IMP consist of various food and non-food items packaged in an overwrap bag.

The IMP components are shipped to the Assembler whose task consists of inserting all the individual components inside the overwrap. All combat ration component Contracts state a specific delivery period to ensure timely receipt and inspection of all components. It is the Contractor's responsibility to provide sufficient product to sustain the first assembly period and maintain the assembly line.

1.4 Extension of Statement of Requirement

Canada, at its discretion, might expand, change, add or modify the food items for the IMPs with the agreement of the Contractor.

1.5 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.6 Trade Agreements

The requirement is subject to the provisions of the Canadian Free Trade Agreement (CFTA).

1.7 Canadian Content

The requirement is subject to a preference for Canadian goods and/or services.

1.8 Phased Bid Compliance Process

The Phased Bid Compliance Process applies to this requirement.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting Contract.

The 2003 (2018-05-22) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days

Insert: 120 days

2.1.1 SACC Manual Clauses

B4024T (2017-07-01) No Substitute Products
A3050T (2018-12-06) Canadian Content Definition

2.2 Submission of Bids

2.2.1 Delivery of Bids

The Technical Bid, Financial Bid and, Certifications documentation must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

2.2.2 Delivery of Food Item Samples

Bidders should send the food item samples by courier. The date and time which the food samples were received at the DND facility will be verified using the tracking number indicated on the packing slip. All food samples should be submitted only to DND at the following address by the date and time indicated on page 1 of the bid solicitation:

NPB 2nd Floor, room C-2102
D Food Svcs 1-2
National Defence Headquarters
101 Colonel By Drive,
Ottawa, ON K1A 0K2

Bidders wishing to hand-deliver the food samples, must contact the Contracting Authority (three days in advance) in order to get delivery information (address, name and phone number) of the DND contact person. No samples will be accepted at the address mentioned above if they are hand-delivered. DND will acknowledge receipt of samples by providing a written confirmation to the person who delivered the food samples.

Due to the nature of the bid solicitation, bids transmitted by facsimile to PWGSC will not be accepted.

2.2.3 Improvement of Requirement during Solicitation Period

Should Bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, Bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular Bidder will be given consideration provided they are submitted to the Contracting Authority at least 10 days before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 10 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.5 Standards and Methods Publications

A copy of the following standards referred to in this bid solicitation can be obtained as detailed below:

CGSB Standards Canadian General Standards Board Place du Portage III, 6B1 11 Laurier Street Gatineau, Québec Telephone: (819) 956-0425 or 1-800-665-CGSB (Canada only) Fax: (819) 956-5740 E-mail: ncr.cgsb-ongc@pwgsc-tpsgc.gc.ca CGSB Website: http://www.tpsgc-pwgsc.gc.ca/ongc-cgsb/index-eng.html	ASTM Methods and US Military Standards IHS Canada Ottawa Office 1 Antares Drive, Suite 200 Ottawa, ON K2E 8C4 Canada Tel: (613) 237-4250 or 1-800-267-8220 Fax: (613) 237-4251 E-mail: gic@ihscanada.ca Website: http://canada.ihs.com/products/products.htm
AOAC Methods AOAC International 481 N. Frederick Avenue, Suite 500 Gaithersburg, MD 20877 USA Tel: (301) 924-7077 Website: http://www.aoac.org/	

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Due to the nature of the bid solicitation, bids transmitted by epost Connect service and by facsimile will not be accepted.

Canada requests that Bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid- 2 hard copies and 1 soft copy on CD or DVD

Section II: Financial Bid- 1 hard copy and 1 soft copy on CD or DVD

Section III: Certifications- 2 hard copies and 1 soft copy on CD or DVD

If there is a discrepancy between the wording of the soft copy on electronic media and the hard copy, the wording of the hard copy will have priority over the wording of the soft copy.

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that Bidders follow the format instructions described below in the preparation of hard copy of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<https://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=32573>). To assist Canada in reaching its objectives, Bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

3.1.1 Multiple Awards

Bidders may bid on any or all IMP food items as detailed in the SOR, which might result in multiple Contracts. Only one Contract per IMP food items will be awarded based on the evaluation results.

3.1.1.1 Joint Venture Experience

- a. Where the Bidder is a joint venture with existing experience as that joint venture, it may submit the experience that it has obtained as that joint venture.

Example: A Bidder is a joint venture consisting of members L and O. A bid solicitation requires that the Bidder demonstrate experience providing maintenance and help desk services for a period of 24 months to a customer with at least 10,000 users. As a joint venture (consisting of members L and O), the Bidder has previously done the work. This Bidder can use this experience to meet the requirement. If member L obtained this experience while in a joint venture with a third party N, however, that experience cannot be used because the third party N is not part of the joint venture that is bidding.

- b. A joint venture Bidder may rely on the experience of one of its members to meet any given technical criterion of this bid solicitation.

Example: A Bidder is a joint venture consisting of members X, Y and Z. If a solicitation requires: (a) that the Bidder have 3 years of experience providing maintenance service, and (b) that the Bidder have 2 years of experience integrating hardware with complex networks, then each of these two requirements can be met by a different member of the joint venture. However, for a single criterion, such as the requirement for 3 years of experience providing maintenance services, the Bidder cannot indicate that each of members X, Y and Z has one year of experience, totaling 3 years. Such a response would be declared non-responsive.

- c. Joint venture members cannot pool their abilities with other joint venture members to satisfy a single technical criterion of this bid solicitation. However, a joint venture member can pool its individual experience with the experience of the joint venture itself. Wherever substantiation of a criterion is required, the Bidder is requested to indicate which joint venture member satisfies the requirement. If the Bidder has not identified which joint venture member satisfies the requirement, the Contracting Authority will provide an opportunity to the Bidder to submit this information during the evaluation period. If the Bidder does not submitted this information within the period set by the Contracting Authority, its bid will be declared non-responsive.

Example: A Bidder is a joint venture consisting of members A and B. If a bid solicitation requires that the Bidder demonstrate experience providing resources for a minimum number of 100 billable days, the Bidder may demonstrate that experience by submitting either:

- i. Contracts all signed by A;
- ii. Contracts all signed by B; or
- iii. Contracts all signed by A and B in joint venture, or
- iv. Contracts signed by A and Contracts signed by A and B in joint venture, or
- v. Contracts signed by B and Contracts signed by A and B in joint venture.

That show in total 100 billable days.

- d. Any Bidder with questions regarding the way in which a joint venture bid will be evaluated should raise such questions through the Enquiries process as early as possible during the bid solicitation period.

3.1.2 Section I: Technical Bid

- a. In their technical bid, Bidders should demonstrate their understanding of the requirements contained in Part 4 Table 1 – Mandatory Criteria and in the bid solicitation. Bidders should also explain how they will meet these requirements. Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.
- b. The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.
- c. Bidders do not have to bid on all IMP food items identified in the bid solicitation. However, Bidders must identify all IMP food items they wish to bid on in order to be evaluated.

- d. The Bidder's technical bid must include one (1) copy of Page 1 of this Request for Proposal (RFP), signed and dated by an authorized representative of the Bidder.

3.1.3 Section II: Financial Bid

- a. Bidder must submit their financial bid in accordance with the Pricing Tables in Annex B, Basis of Payment, without any conditions, assumptions, restrictions or otherwise. Bidders must complete and submit with their financial bid, Table 2- Pricing Table provided in Part 4, article 4.1.3.1. Any financial proposal that purports to restrict the way in which Canada acquires goods or services under the resulting Contract, with the exception of those limitations that are expressly set out in this bid solicitation, will be treated as being non-responsive and the Bidder's bid will be given no further consideration.
- b. Bidders must provide a firm unit price for each food item they wish to bid on, for the entire duration of the Contract. The price of the bid must be in Canadian dollars, Delivered Duty Paid (DDP) at destination, Incoterms 2000, Canadian Custom duties and Excise Taxes included where applicable and Applicable Taxes extra. Prices must only be included in the financial proposal.
- c. Bidders do not have to quote a price for all IMP food items identified in the bid solicitation. However, Bidders must identify and quote a price on all items they wish to bid on in order to be evaluated.
- d. Canada has the right to disqualify a bid if the price of any deliverables does not reflect a fair and actual market price.
- e. The quantities provided in Annex B, Basis of Payment, are for evaluation purposes only. There is no commitment by the government of Canada that the government's future usage of the services will be consistent with the quantities provided. The final quantities will be provided at Contract Award.

Prices submitted with the bid will form part of any resulting Contract.

3.1.3.1 Electronic Payment of Invoices – Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex C Electronic Payment Instruments, to identify which ones are accepted.

If Annex C Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.4 Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- b) An evaluation team composed of representatives of Canada will evaluate the bids.
- c) The evaluation team will determine first if there are two or more bids with a valid Canadian Content certification. In that event, the evaluation process will be limited to the bids with the certification; otherwise, all bids will be evaluated. If some of the bids with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive bids with a valid certification remain, the evaluation will continue among those bids with a valid certification. If all bids with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other bids received will be evaluated.
- d) In addition to any other time periods established in the bid solicitation:
 - i. Requests for Clarification: If Canada seeks clarification or verification from the Bidder about its bid, the Bidder will have two (2) working days (or longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the bid being declared non-responsive.
 - ii. Extension of Time: If additional time is required by the Bidder, the Contracting Authority may grant an extension in his or her sole discretion.
 - iii. Phased Bid Compliance Process: Canada will use the Phased Bid Compliance Process (PBCP) described below.

4.1.1 Phased Bid Compliance Process

4.1.1.1 General

- a. Canada is conducting the PBCP described below for this requirement.
- b. Notwithstanding any review by Canada at Phase I or II of the PBCP, Bidders are and will remain solely responsible for the accuracy, consistency and completeness of their bids and Canada does not undertake, by reason of this review, any obligations or responsibility for identifying any or all errors or omissions in bids or in responses by a Bidder to any communication from Canada.

THE BIDDER ACKNOWLEDGES THAT THE REVIEWS IN PHASE I AND II OF THIS PBCP ARE PRELIMINARY AND DO NOT PRECLUDE A FINDING IN PHASE III THAT THE BID IS NON-RESPONSIVE, EVEN FOR MANDATORY REQUIREMENTS WHICH WERE SUBJECT TO REVIEW IN PHASE I OR II AND NOTWITHSTANDING THAT THE BID HAD BEEN FOUND RESPONSIVE

IN SUCH EARLIER PHASE. CANADA MAY DEEM A BID TO BE NON-RESPONSIVE TO A MANDATORY REQUIREMENT AT ANY PHASE.

THE BIDDER ALSO ACKNOWLEDGES THAT ITS RESPONSE TO A NOTICE OR A COMPLIANCE ASSESSMENT REPORT (CAR) (EACH DEFINED BELOW) IN PHASE I OR II MAY NOT BE SUCCESSFUL IN RENDERING ITS BID RESPONSIVE TO THE MANDATORY REQUIREMENTS THAT ARE THE SUBJECT OF THE NOTICE OR CAR, AND MAY RENDER

ITS BID NON-RESPONSIVE TO OTHER MANDATORY REQUIREMENTS.

- c. Canada may, in its discretion, request and accept at any time from a Bidder and consider as part of the bid, any information to correct errors or deficiencies in the bid that are clerical or administrative, such as, without limitation, failure to sign the bid or any part or to checkmark a box in a form, or other failure of format or form or failure to acknowledge; failure to provide a procurement business number or contact information such as names, addresses and telephone numbers; inadvertent errors in numbers or calculations that do not change the amount the Bidder has specified as the price or of any component thereof that is subject to evaluation. This shall not limit Canada's right to request or accept any information after the bid solicitation closing in circumstances where the bid solicitation expressly provides for this right. The Bidder will have the time period specified in writing by Canada to provide the necessary documentation. Failure to meet this deadline will result in the Bid being declared non-responsive.
- d. The PBCP does not limit Canada's rights under Standard Acquisition Clauses and Conditions (SACC) 2003 (2017-04-27) Standard Instructions – Goods or Services – Competitive Requirements nor Canada's right to request or accept any information during the solicitation period or after bid solicitation closing in circumstances where the bid solicitation expressly provides for this right, or in the circumstances described in subsection (c).
- e. Canada will send any Notice or CAR by any method Canada chooses, in its absolute discretion. The Bidder must submit its response by the method stipulated in the Notice or CAR. Responses are deemed to be received by Canada at the date and time they are delivered to Canada by the method and at the address specified in the Notice or CAR. An email response permitted by the Notice or CAR is deemed received by Canada on the date and time it is received in Canada's email inbox at Canada's email address specified in the Notice or CAR. A Notice or CAR sent by Canada to the Bidder at any address provided by the Bidder in or pursuant to the Bid is deemed received by the Bidder on the date it is sent by Canada. Canada is not responsible for late receipt by Canada of a response, however caused.

4.1.1.2 Phase I: Financial Bid

- a. After the closing date and time of this bid solicitation, Canada will examine the bid to determine whether it includes a Financial Bid and whether any Financial Bid includes all information required by the solicitation. Canada's review in Phase I will be limited to identifying whether any information that is required under the bid solicitation to be included in the Financial Bid is missing from the Financial Bid. This review will not assess whether the Financial Bid meets any standard or is responsive to all solicitation requirements.
- b. Canada's review in Phase I will be performed by officials of the Department of Public Works and Government Services.
- c. If Canada determines, in its absolute discretion that there is no Financial Bid or that the Financial Bid is missing all of the information required by the bid solicitation to be included in the Financial Bid, then the bid will be considered non-responsive and will be given no further consideration.
- d. For bids other than those described in c), Canada will send a written notice to the Bidder ("Notice") identifying where the Financial Bid is missing information. A Bidder, whose Financial Bid has been found responsive to the requirements that are reviewed at Phase I, will not receive a Notice. Such Bidders shall not be entitled to submit any additional information in respect of their Financial Bid.

- e. The Bidders who have been sent a Notice shall have the time period specified in the Notice (the "Remedy Period") to remedy the matters identified in the Notice by providing to Canada, in writing, additional information or clarification in response to the Notice. Responses received after the end of the Remedy Period will not be considered by Canada, except in circumstances and on terms expressly provided for in the Notice.
- f. In its response to the Notice, the Bidder will be entitled to remedy only that part of its Financial Bid which is identified in the Notice. For instance, where the Notice states that a required line item has been left blank, only the missing information may be added to the Financial Bid, except that, in those instances where the addition of such information will necessarily result in a change to other calculations previously submitted in its Financial Bid, (for example, the calculation to determine a total price), such necessary adjustments shall be identified by the Bidder and only these adjustments shall be made. All submitted information must comply with the requirements of this solicitation.
- g. Any other changes to the Financial Bid submitted by the Bidder will be considered to be new information and will be disregarded. There will be no change permitted to any other Section of the Bidder's bid. Information submitted in accordance with the requirements of this solicitation in response to the Notice will replace, in full, only that part of the original Financial Bid as is permitted above, and will be used for the remainder of the bid evaluation process.
- h. Canada will determine whether the Financial Bid is responsive to the requirements reviewed at Phase I, considering such additional information or clarification as may have been provided by the Bidder in accordance with this Section. If the Financial Bid is not found responsive for the requirements reviewed at Phase I to the satisfaction of Canada, then the bid shall be considered non-responsive and will receive no further consideration.
- i. Only bids found responsive to the requirements reviewed in Phase I to the satisfaction of Canada, will receive a Phase II review.

4.1.1.3 Phase II: Technical Bid

- a. Canada's review at Phase II will be limited to a review of the Technical Bid to identify any instances where the Bidder has failed to meet any Eligible Mandatory Criterion. This review will not assess whether the Technical Bid meets any standard or is responsive to all solicitation requirements. Eligible Mandatory Criteria are all mandatory technical criteria that are identified in this solicitation as being subject to the PBCP. Mandatory technical criteria that are not identified in the solicitation as being subject to the PBCP, will not be evaluated until Phase III.
- b. Canada will send a written notice to the Bidder (Compliance Assessment Report or "CAR") identifying any Eligible Mandatory Criteria that the bid has failed to meet. A Bidder whose bid has been found responsive to the requirements that are reviewed at Phase II will receive a CAR that states that its bid has been found responsive to the requirements reviewed at Phase II. Such Bidder shall not be entitled to submit any response to the CAR.
- c. A Bidder shall have the period specified in the CAR (the "Remedy Period") to remedy the failure to meet any Eligible Mandatory Criterion identified in the CAR by providing to Canada in writing additional or different information or clarification in response to the CAR. Responses received after the end of the Remedy Period will not be considered by Canada, except in circumstances and on terms expressly provided for in the CAR.
- d. The Bidder's response must address only the Eligible Mandatory Criteria listed in the CAR as not having been achieved, and must include only such information as is necessary to

achieve such compliance. Any additional information provided by the Bidder which is not necessary to achieve such compliance will not be considered by Canada, except that, in those instances where such a response to the Eligible Mandatory Criteria specified in the CAR will necessarily result in a consequential change to other parts of the bid, the Bidder shall identify such additional changes, provided that its response must not include any change to the Financial Bid.

- e. The Bidder's response to the CAR should identify in each case the Eligible Mandatory Criterion in the CAR to which it is responding, including identifying in the corresponding section of the original bid, the wording of the proposed change to that section, and the wording and location in the bid of any other consequential changes that necessarily result from such change. In respect of any such consequential change, the Bidder must include a rationale explaining why such consequential change is a necessary result of the change proposed to meet the Eligible Mandatory Criterion. It is not up to Canada to revise the Bidder's bid, and failure of the Bidder to do so in accordance with this subparagraph is at the Bidder's own risk. All submitted information must comply with the requirements of this solicitation.
- f. Any changes to the bid submitted by the Bidder other than as permitted in this solicitation, will be considered to be new information and will be disregarded. Information submitted in accordance with the requirements of this solicitation in response to the CAR will replace, in full, **only** that part of the original bid as is permitted in this Section.
- g. Additional or different information submitted during Phase II permitted by this section will be considered as included in the bid, but will be considered by Canada in the evaluation of the bid at Phase II only for the purpose of determining whether the bid meets the Eligible Mandatory Criteria. It will not be used at any Phase of the evaluation to increase or decrease any score that the original bid would achieve without the benefit of such additional or different information. For instance, an Eligible Mandatory Criterion that requires a mandatory minimum number of points to achieve compliance will be assessed at Phase II to determine whether such mandatory minimum score would be achieved with such additional or different information submitted by the Bidder in response to the CAR. If so, the bid will be considered responsive in respect of such Eligible Mandatory Criterion, and the additional or different information submitted by the Bidder shall bind the Bidder as part of its bid, but the Bidder's original score, which was less than the mandatory minimum for such Eligible Mandatory Criterion, will not change, and it will be that original score that is used to calculate any score for the bid
- h. Canada will determine whether the bid is responsive for the requirements reviewed at Phase II, considering such additional or different information or clarification as may have been provided by the Bidder in accordance with this Section. If the bid is not found responsive for the requirements reviewed at Phase II to the satisfaction of Canada, then the bid shall be considered non-responsive and will receive no further consideration.
- i. Only bids found responsive to the requirements reviewed in Phase II to the satisfaction of Canada, will receive a Phase III evaluation.

4.1.1.4 Phase III: Final Evaluation of the Bid

- a. In Phase III, Canada will complete the evaluation of all bids found responsive to the requirements reviewed at Phase II. Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.

- b. A bid is non-responsive and will receive no further consideration if it does not meet all mandatory evaluation criteria of the solicitation.

4.2 Technical Evaluation

The technical evaluation is divided into two (2) parts. The first part consists of mandatory criteria, which are evaluated on a simple pass/fail basis. The second part of the evaluation consists of a point-rated sensory evaluation.

4.2.1 Mandatory Technical Criteria

- (a) The Bidder must comply and meet with all technical requirements and all terms and conditions specified in this bid solicitation.
- (b) The Bidder's technical bid must include one (1) copy of Page 1 of this Request for Proposal (RFP), signed and dated by an authorized representative of the Bidder.
- (c) Each bid will be reviewed for compliance with the mandatory requirements of the bid solicitation. Any element of the bid solicitation that is identified specifically with the words "must" or "mandatory" is a mandatory requirement. Bids that do not comply with each and every mandatory requirement will be declared non-responsive and be disqualified. The Evaluation Team may determine that a bid does not meet a mandatory requirement at any time during the evaluation process.
- (d) The mandatory technical criteria are described in Table 1- Mandatory Criteria, which must be provided at bid closing.
- (e) Bidders are cautioned that Table 1- Mandatory Criteria does not include all the mandatory requirements of this solicitation. This solicitation contains other mandatory requirements dealing with the submission, format and content of proposals, including the mandatory submission of certifications and mandatory requirements of the submission of cost proposal. It is the Bidder's sole responsibility to read the entire solicitation to ensure that it complies with all mandatory requirements of this solicitation.
- (f) Bidders are required to complete and submit with their technical proposal Table 1- Mandatory Criteria. The format of the table should be similar to the format shown herein.
- (g) The Phased Bid Compliance Process will apply to all mandatory technical criteria listed in Table 1- Mandatory Criteria.

Table 1 - Mandatory Criteria

#	Criteria	Additional Instructions	Bidder's Page/ Section Reference	Bidder's Response
1A	The Bidder must provide thirty (30) samples of each food item, listed below, they wish to bid on: 1. Apple and Brown Sugar Crunchy Cereal; 2. Maple and Brown Sugar Oatmeal; 3. Strawberry Crunchy Cereal; 4. Beef Jerky – BBQ; 5. Chocolate Drink Mix; 6. Strawberry Banana Drink Mix; 7. Vanilla Drink Mix; 8. Almonds and Chocolate Covered Coffee Beans; 9. Peanut Mix; Peanuts, Almonds and Yogurt; and 10. Covered Cranberries	Bidders should refer to the Statement of Requirements, Annex A Part 7 – Technical Specifications		
1B	All IMP food items submitted from Bidders must be from the same lot number.			
1C	The lot number must be printed on each IMP food item that the Bidder is submitting.			
1D	All food items that are part of the Bidder's bid, must meet all Technical Specifications indicated in Annex A – Statement of Requirement - Part 7.			
1E	The Bidder must provide a list of all food items that the Bidder wishes to bid on.			
2A	The bidder must demonstrate that the packaging material used for the food items that the Bidder wishes to bid on meets the requirements listed in Annex A Part 7- Technical Specifications.	In order to demonstrate that the technical requirements indicated in Annex A Part 7- Technical Specifications are met, the Bidder must provide the supplier's specification sheet for the packaging material.		
2B	Minimum puncture resistance of the primary packaging must be 3 or 10 pounds.	If there has not been a packaging material change or a change in suppliers within the last five (5) years, the same certificate will be accepted as substantiation. The certificate must be provided at bid closing.		

3	Trail Mix Ratio Verification: The Bidder must provide the weight of each individual component in grams (g) as indicated in Annex A Part 7 – Technical Specifications of the SOR.			
4	The Bidder must provide a statement indicating that samples at the time of production will meet all the specifications indicated in Annex A Part 7- Technical Specifications.			
5	Certificates of Analysis The Bidder must provide a valid certificate from an accredited lab indicating the name of the food item, and the respective criteria below must be provided. A Certificate of Analysis is mandatory for the following: 1. Water Activity i. Beef Jerky - $BBQ \leq 0.8$; and 2. Protein Content Drink Mixes ≥ 12	Criteria as outlined in Annex A Part 7- Technical Specification of the SOR.		
6	The Bidder must provide a statement indicating the minimum net weight of the food item in grams (g) as detailed in Annex A Part 7- Technical Specifications.			
7	The Bidder must provide a statement indicating the number of packets per shipping container at time of production.			
8	The Bidder must provide a statement indicating the production code interpretation. The production code must meet the requirements as detailed in Annex A Part 9 – Shipping and Delivery Instructions.	Only applicable if the CAF production code is not used.		
9	The Bidder must provide an authorized representative and alternate representative for Clarification or questions on their bid. The information should include the name, title, telephone number and e-mail.			

4.2.2 Point Rated Technical Criteria

- The purpose of the evaluation is to establish the acceptability of the IMP food items by the users. Each IMP food items submitted will be evaluated on its own merit using a nine (9) point Hedonic Scale ranging from 1 to 9 where each evaluator indicates their rating. See Annex A Part 10, Hedonic Scale for Sensory Evaluation. Bidders who fail to submit the information requested by this bid solicitation will be rated accordingly.
- The Bidders must submit thirty (30) samples of each IMP food items they wish to bid on. This allows Canada to verify compliance with any of the requirements of this bid solicitation.
- A minimum of twelve (12) volunteers will evaluate each of the tendered IMP food items samples provided.
- Annex A Part 7- Technical Specifications, provides specifications that the evaluators will use as for product evaluation.

- e) To qualify, each IMP food items must attain the required combined minimum average score of 6.0 (six) points from the following criterion:
- i. Appearance;
 - ii. Texture;
 - iii. Flavour (taste and aroma); and
 - iv. Overall.
- f) The scores per criterion will be averaged and rounded to one decimal.
- g) If the proposed IMP food items does not achieve the combined minimum overall average score of 6.0 points for the Appearance, Texture, Flavour and Overall criteria, the tendered IMP food items will be disqualified from further consideration.
- h) In the event an IMP food items fails the point-rated technical evaluation, Canada will not re-evaluate that IMP food items.
- i) **Note to Bidders:** Once a Contract is awarded, approved tendered IMP food items samples are retained and distributed to appropriate personnel who are responsible for conducting the comparison between that approved tendered IMP food items sample and the production end product and, if required, option year(s).

Sensory Evaluation Example Scenario

In the sensory evaluation example below, the average score for each criteria will be calculated from the scores of each evaluator. An overall average score will then be calculated from the averages of each of the 4 criteria. Any item with an overall average score of 6.0 or greater will be considered acceptable. Average scores will be rounded to one decimal point.

Appearance- Food Item 1						Average
	Evaluator 1	Evaluator 2	Evaluator 3	Evaluator 4	Evaluator 5	
	Score	Score	Score	Score	Score	
Bidder A	7	6	5	6	5	5.8

Texture- Food Item 1						Average
	Evaluator 1	Evaluator 2	Evaluator 3	Evaluator 4	Evaluator 5	
	Score	Score	Score	Score	Score	
Bidder A	7	7	5	6	5	6.0

Flavour- Food Item 1						Average
	Evaluator 1	Evaluator 2	Evaluator 3	Evaluator 4	Evaluator 5	
	Score	Score	Score	Score	Score	
Bidder A	8	9	7	7	8	7.8

Overall- Food Item 1						Average
	Evaluator 1	Evaluator 2	Evaluator 3	Evaluator 4	Evaluator 5	
	Score	Score	Score	Score	Score	
Bidder A	7	7	6	7	7	6.8

Overall average of all four (4) criterion						6.6
--	--	--	--	--	--	------------

4.3 Financial Evaluation

The Financial Evaluation will be conducted by calculating the average for each Food Item using Table 2- Pricing Tables below for each food item. The firm unit price provided will be used to complete the Tables in Annex B- Basis of Payment at Contract Award.

4.3.1 The Total Bid Price for each IMP food items will be calculated as follows:

For each IMP food items, the sum of each Scale from 1 to 6, will be averaged to determine the price under the Basis of Selection.

The average for each scale will be rounded to two decimals.

IMP Food Items Evaluation Example Scenario

Food Item No. 1 – Food Item		
	Scale	Firm Unit Price
1.	0 to 20,000 Units	\$4.56
2.	20,001 to 40,000 Units	\$4.56
3.	40,001 to 60,000 Units	\$4.48
4.	60,001 to 80,000 Units	\$4.32
5.	80,001 to 100,000 Units	\$4.31
6.	100,001 Units and up	\$4.23
Total of Firm Unit Prices		\$26.46
Average Firm Unit Price for this IMP Food Items		\$4.41
Number of Units per Contractor's shipping box		

Table 2- Pricing Tables

Food Item No. 1 – Apple and Brown Sugar Crunchy Cereal (package 50g)	
Scale	Firm Unit Price
0 to 20,000 Units	\$
20,001 to 40,000 Units	\$
40,001 to 60,000 Units	\$
60,001 to 80,000 Units	\$
80,001 to 100,000 Units	\$
100,001 Units and up	\$
Average Firm Unit Price for this IMP Food Items	\$
Number of Units per Contractor's shipping box

250,001 Units and up	\$
Average Firm Unit Price for this IMP Food Items	\$
Number of Units per Contractor's shipping box	

4.3.2 Evaluation of Price- Canadian- Foreign Bidders

1. The price of the bid will be evaluated as follows:
 - a. Canadian-based Bidders must submit firm prices, Canadian customs duties and excise taxes included, and Applicable Taxes excluded.
 - b. Foreign-based Bidders must submit firm prices, Canadian customs duties, excise taxes and Applicable Taxes excluded. Canadian customs duties and excise taxes payable by Canada will be added, for evaluation purposes only, to the prices submitted by foreign-based Bidders.
2. Unless the bid solicitation specifically requires bids to be submitted in Canadian currency, bids submitted in foreign currency will be converted to Canadian currency for evaluation purposes. The rate given by the Bank of Canada in effect on the bid solicitation closing date, or on another date specified in the bid solicitation, will be applied as a conversion factor to the bids submitted in foreign currency.
3. Although Canada reserves the right to Award the Contract either on an FOB plant or FOB destination, Canada requests that Bidders provide prices FOB their plant or shipping point and FOB destination. Bids will be assessed on an FOB destination basis.

For the purpose of the bid solicitation, Bidders with an address in Canada are considered Canadian-based Bidders and Bidders with an address outside of Canada are considered foreign-based Bidders.

4.3.3 Taxes- Foreign-based Contractor

Unless specified otherwise in the Contract, the price includes no amount for any federal excise tax, state or local sales or use tax, or any other tax of a similar nature, or any Canadian tax whatsoever. The price, however, includes all other taxes. If the Work is normally subject to federal excise tax, Canada will, upon request, provide the Contractor a certificate of exemption from such federal excise tax in the form prescribed by the federal regulations.

Canada will provide the Contractor evidence of export that may be requested by the tax authorities. If, as a result of Canada's failure to do so, the Contractor has to pay federal excise tax, Canada will reimburse the Contractor if the Contractor takes such steps as Canada may require to recover any payment made by the Contractor. The Contractor must refund to Canada any amount so recovered.

4.4 Basis of Selection- Highest Combined Rating of Technical Merit and Price

- a. To be declared responsive for any Food Item, a bid must:
 - i. Comply with all the requirements of the bid solicitation;
 - ii. Meet all mandatory criteria;
 - iii. Obtain the required minimum average score of 6.00 for each of the mandatory food item samples
- b. Bids not meeting i. or ii. or iii. will be declared non-responsive.
- c. For each tendered food item, the selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 60% for the technical merit and 40% for the price.
- d. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained/ maximum number of points available multiplied by the ratio of 60%.
- e. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 40%.
- f. For each responsive food item, the technical merit score and the pricing score will be added to determine its combined rating.

- g. Neither the responsive tendered IMP food item obtaining the highest score nor the one with the lowest evaluated price will necessarily be accepted. The responsive tendered IMP food item with the highest combined rating of technical merit and price will be recommended for Award of a Contract.

The table below illustrates an example where all three bids where a tendered IMP food item is responsive and the selection of the Contractor is determined by a 60/40 ration of technical merit and price, respectively. The total available points equals 9.00 and the lowest evaluated price is \$85.00 (85).

		Bidder 1	Bidder 2	Bidder 3
Overall Technical Score		8.90 /9.00	6.66 /9.00	7.50 /9.00
Bid Evaluated Price		\$100.00	\$90.00	\$85.00
Calculations	Technical	$8.90/9.00 \times 60 = 59.33$	$6.66/9.00 \times 60 = 44.40$	$7.50/9.00 \times 60 = 50.00$
	Financial	$85/100 \times 40 = 34.00$	$85/90 \times 40 = 37.78$	$85/85 \times 40 = 40.00$
Combined Rating		93.33	82.18	90.00
Overall Rating		1 st	3 rd	2 nd

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a Contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a Contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the Contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all Bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.1.2 Additional Certifications Required with the Bid

5.1.2.1 Canadian Content Certification

This procurement is conditionally limited to Canadian goods.

Subject to the evaluation procedures contained in the bid solicitation, Bidders acknowledge that only bids with a certification that the good(s) offered are Canadian goods, as defined in clause A3050T, may be considered.

Failure to provide this certification completed with the bid will result in the good(s) offered being treated as non-Canadian goods.

The Bidder certifies that:

() a minimum of 80 percent of the total bid price consist of Canadian goods as defined in paragraph 1 of clause A3050T.

For more information on how to determine the Canadian content for a mix of goods, a mix of services or a mix of goods and services, consult Annex 3.6.(9), Example 2, of the Supply Manual.

5.1.2.1.1 SACC Manual clause A3050T (2018-12-06) Canadian Content Definition

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, Contracting or entering into a real procurement agreement of the Ineligibility and Suspension Policy (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique->

policy-eng.html), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the Employment and Social Development Canada (ESDC) - Labour's website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of Contract Award.

Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list during the period of the Contract.

The Bidder must provide the Contracting Authority with a completed Annex titled Federal Contractors Program for Employment Equity - Certification, before Contract Award. If the Bidder is a Joint Venture, the Bidder must provide the Contracting Authority with a completed Annex Federal Contractors Program for Employment Equity - Certification, for each member of the Joint Venture.

PART 6 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any Contract resulting from the bid solicitation.

6.1 Security Requirements

There is no security requirement applicable to the Contract.

6.2 Statement of Requirement

The Contractor must provide the food items for the IMP's in accordance with the Statement of Requirement at Annex A.

6.3 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

6.3.1 General Conditions

2010A (2018-06-21), General Conditions - Goods (Medium Complexity), apply to and form part of the Contract.

6.3.1.1 under Section 09 Warranty

Delete: The warranty period will be **12 months** after delivery and acceptance of the Work or the length of the Contractor's or manufacturer's standard warranty period, whichever is longer.

Insert: The warranty period will be **3 years** after delivery and acceptance of the Work or the length of the Contractor's or manufacturer's standard warranty period, whichever is longer.

6.4 Term of Contract

6.4.1 Period of the Contract

The "Contract Period" is the entire period of time during which the Contractor is obliged to perform the Work, which includes:

- a. The "Initial Contract Period" which begins on the date the Contract is awarded and ends one (1) year later;
- b. This Contract will terminate only once all obligations of all Parties have been performed, including warranties, or upon earlier termination as indicated in the General Terms and Conditions.

6.4.2 Option to Extend the Contract

The Contractor grants to Canada the irrevocable option to extend the term of the Contract by up to one (1) additional one (1) year period under the same conditions. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions as set out in the Basis of Payment.

Canada may exercise this option at any time by sending a written notice to the Contractor at least 30 calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced for administrative purposes only, through a Contract Amendment.

6.4.3 Delivery Date

- a. For the Initial Contract Period, all items must be delivered no later than **March 31, 2020**;

- b. Should the delivery take place after **March 31, 2020** and should the new delivery date cause the Assembler to interrupt a plant closure, that Contractor is responsible to pay the Assembler directly for any recall of personnel in accordance with the Assembler's recall rate.

6.4.4 Delivery Points

Delivery of the requirement will be made to the Assembler at:

Ropack Inc
7800 Vauban St.
Anjou (Montreal), Quebec
H1J 2N1

Telephone: *will be provided at Contract Award*

Fax: *will be provided at Contract Award*

6.5 Authorities

6.5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Kristine Jackson
Title: Supply Specialist
Public Works and Government Services Canada
Acquisitions Branch
Directorate: Consumer Goods and Information Products Division- PD Division
Address: 140 O'Connor Street, Ottawa, ON K1A 0R5

Telephone: 343-542-6608
E-mail address: kristine.jackson@tpsgc-pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

6.5.2 Project Authority

The Project Authority for the Contract is:

Name: *will be provided at Contract Award*
Title: _____
Organization: _____
Address: _____

Telephone: _____
Facsimile: _____
E-mail address: _____

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority, however the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a Contract amendment issued by the Contracting Authority.

6.5.3 Procurement Authority

The Procurement Authority for the Contract is:

Name: *will be provided at Contract Award*

Title: _____

Organization: _____

Address: _____

Telephone: _____

Facsimile: _____

E-mail address: _____

The Procurement Authority is the representative of the department or agency for whom the Work is being carried out under the Contract. The Procurement Authority is responsible for the implementation of tools and processes required for the administration of the Contract. The Contractor may discuss administrative matters identified in the Contract with the Procurement Authority however the Procurement Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of Work can only be made through a Contract amendment issued by the Contracting Authority.

6.5.4 Contractor's Representative

Name: *will be provided at Contract Award*

Title: _____

Organization: _____

Address: _____

Telephone: _____

Facsimile: _____

E-mail address: _____

6.6 Payment

6.6.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm unit price as specified in the Contract for a cost of \$ _____ (*will be provided at Contract Award*). Customs duties are included and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

6.6.2 Multiple Payments

Canada will pay the Contractor upon completion and delivery of units in accordance with the payment provisions of the Contract if:

- a. an accurate and complete invoice and any other documents required by the Contract have been submitted in accordance with the invoicing instructions provided in the Contract;
- b. all such documents have been verified by Canada;
- c. the Work delivered has been accepted by Canada.

6.6.3 Shipping Instructions- Delivery at Destination

The Contractor must ship the goods prepaid DDP- Delivery Duty Paid to the destination listed in 6.4.3 Delivery Points. Unless otherwise directed, delivery must be made by the most economical means. Shipping charges must be shown as a separate item on the Contractor's invoice. The Contractor is responsible for all delivery charges, administration, costs and risks of transport and customs clearance, including the payment of customs duties and Applicable Taxes.

6.6.4 SACC Manual Clauses

C2000C (2007-11-30) Taxes - Foreign-based Contractor
A0222T (2014-06-26) Evaluation of Price- Canadian/ Foreign Bidders

6.6.5 Electronic Payment of Invoices – Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Direct Deposit (Domestic and International);
- b. Wire Transfer (International Only)

6.7 Invoicing Instructions

- a. The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

Each invoice must be supported by:

- i. a copy of the release document and any other documents as specified in the Contract;
- b. Invoices must be distributed as follows:
 - i. One (1) copy in high quality PDF format must be forwarded to the following e-mail address for certification and payment:
(E-mail address will be provided at Contract Award)
 - ii. One (1) copy must be forwarded to the Contracting Authority identified under the section entitled "Authorities" of the Contract.

6.8 Certifications and Additional Information

6.8.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to Contract Award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

6.8.2 Federal Contractors Program for Employment Equity - Default by the Contractor

The Contractor understands and agrees that, when an Agreement to Implement Employment Equity (AIEE) exists between the Contractor and Employment and Social Development Canada (ESDC)-Labour, the AIEE must remain valid during the entire period of the Contract. If the AIEE becomes invalid, the name of the Contractor will be added to the "FCP Limited Eligibility to Bid" list. The imposition of such a sanction by ESDC will constitute the Contractor in default as per the terms of the Contract.

6.9 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

6.10 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- a. the Articles of Agreement;
- b. the general conditions 2010A (2018-06-21) General Conditions; Goods (medium complexity);
- c. Annex A, Statement of Requirement;
- d. Annex B, Basis of Payment;
- e. the Contractor's bid dated _____ (*date of bid will be added at Contract Award*)

6.11 SACC Manual Clauses

- a. D5540C (2010-08-16) ISO 9001: 2008 Quality Management Systems- Requirements (Quality Assurance Code Q)
- b. D5510C (2017-08-17) Quality Assurance Authority (Department of National Defence): Canadian-based Contractor

Substitute the last paragraph of D5510C with the following:

Quality control, inspection and test records that substantiate conformity to the specified requirements, including records of corrective actions, must be retained by the Contractor for four (4) years from the date of completion or termination of the Contract and must be made available to the QAR upon request.

- c. D5515C (2010-01-11) Quality Assurance Authority (Department of National Defence)- Foreign-based and United States Contractor

Substitute the last paragraph of D5515C with the following:

Quality control, inspection and test records that substantiate conformity to the specified requirements, including records of corrective actions, must be retained by the Contractor for four (4) years from the date of completion or termination of the Contract and must be made available to the QAR upon request.

- d. D5606C (2017-11-28) Release Documents (Department of National Defence)- Canadian-based Contractor
- e. D5604C (2008-12-12) Release Documents (Department of National Defence)- Foreign-based Contractor
- f. D5605C (2010-01-11) Release Documents (Department of National Defence)- United States-based Contractor
- g. B7500C (2006-06-16) Excess Goods
- h. A1009C (2008-05-12) Work Site Access
- i. G1005C (2016-01-28) Insurance- No Specific Requirement

6.12 Release Documents- Distribution

The Contractor must prepare the release documents in a current electronic format and distribute them as follows:

- a. One (1) copy mailed to consignee marked: "Attention: Receipts Officer";
- b. Two (2) copies with shipment (in a waterproof envelope) to the consignee;

Solicitation No. - N° de l'invitation
W8486-20SP1A/A
Client Ref. No. - N° de réf. du client
W8486-20SP1A

Amd. No. - N° de la modif.
File No. - N° du dossier
pd152.W8486-20SP1A

Buyer ID - Id de l'acheteur
pd152
CCC No./N° CCC - FMS No./N° VME

- c. One (1) copy to the Contracting Authority;
- d. One (1) copy to the Quality Assurance Representative;
- e. One (1) copy to the Contractor; and
- f. For all non-Canadian Contractors, one (1) copy to:

Address will be provided at Contract Award

ANNEX A- STATEMENT OF REQUIREMENT - FOOD ITEMS FOR THE INDIVIDUAL MEAL PACKS (IMPs)

ANNEX A PART 1- GENERAL

1. Statement of Requirement

This document provides information on the Canadian Armed Forces' (CAF) need to purchase the following food items for the IMPs:

- xi. Apple and Brown Sugar Crunchy Cereal;
- xii. Maple and Brown Sugar Oatmeal;
- xiii. Strawberry Crunchy Cereal;
- xiv. Beef Jerky – BBQ;
- xv. Chocolate Drink Mix;
- xvi. Strawberry Banana Drink Mix;
- xvii. Vanilla Drink Mix;
- xviii. Almonds and Chocolate Covered Coffee Beans;
- xix. Peanut Mix, and
- xx. Peanut, Almonds and Yogurt Covered Cranberries.

2. Background

Each year, the National Combat Ration Program (NCRP) produces IMPs that are used for training exercises, deployed operations or in emergency situations when the situation does not permit the use of fresh rations. The IMPs consist of various food and non-food items packaged in an overwrap bag.

The IMP components are shipped to the Assembler. Their task consists of inserting all the individual components inside the overwrap. The combat ration assembly process begins in the first days of each calendar year. All combat ration component Contracts state a specific delivery period to ensure timely receipt and inspection of all components. It is the Contractor's responsibility to ensure there is sufficient product to sustain the first assembly period and maintain the assembly line.

3. Extension of Statement of Requirement

Canada, at its discretion, may expand, change, add or modify the food items for the IMPs with the agreement of the Contractor.

4. Acronyms

ANSI/ASQ	American National Standards Institute/American Society for Quality
CA	PWGSC Contracting Authority
CAF	Canadian Armed Forces
CFIA	Canadian Food Inspection Agency
CoA	Certificate of Analysis
DND	Department of National Defence
IMP	Individual Meal Pack
NCRP	National Combat Rations Program
PA	DND Procurement Authority
PWGSC	Public Works and Government Services Canada
DND QAR	DND Quality Assurance Representative
RFP	Request for Proposal

5. Applicable Documents

The following documents are incorporated in this Statement of Work to the extent specified herein:

1. ANSI/ASQ Z1.4-2008;

2. Canada's Food and Drugs Act and Regulations;
3. Canadian Food Inspection Agency (CFIA) Acts and Regulations;
4. Canada Grain Act and Regulations;
5. Pest Control Products Act;
6. D-85-001-136/SF-001- Specification for Aluminum Foil Laminate;
7. D-LM-008-036/SF-000 – Department of National Defence Minimum Requirements for Manufacturer's Standard Pack;
8. ASTM-D-3078 – Standard Test Method for Determination of Leaks in Flexible Packaging by Bubble Emission, vacuum standard 10" Hg for 30 seconds;
9. MIL-STD 3010, Test Method 2065 – Test Procedures for Packaging Materials – Puncture Resistance; and
10. CGSB 43.22-2001 – Corrugated Fibreboard Products.

6. Requirement

6.1 Scope of Work and Tasks

The Contractor must provide food items as per Technical Specifications (Annex A Part 7), including shipment to the Assembler according to the Delivery Schedule indicated in Annex A Part 4 – Production Schedule and replacement of defective products (paragraph 6.5).

6.2 Security of raw material, finished food products and reliability of the personnel

The Contractor must at all times during the performance of the Contract ensure the security of the raw material, the finished food products and the reliability of the personnel, including temporary employees. These measures are necessary in order to prevent the intentional contamination of food products, with the intent to cause harm to consumers.

The following CFIA link defines Food Tempering:

<http://www.inspection.gc.ca/food/information-for-consumers/fact-sheets-and-infographics/food-handling/food-tampering/eng/1331585126472/1331585217459>

7. Constraints

7.1 Quality

Components are required for production of IMPs for CAF personnel serving overseas as well as in Canada. To ensure the shelf life of 3 years, Contractors are required to subject items to the most rigorous quality control. The Contractor must ensure that the items are hermetically sealed and free from grease, dirt, stains, leakage, folds and foreign material. The Contractor must ensure that the items are manufactured during the year of scheduled delivery (2019/2020). At all times, the Contractor is responsible to provide products that meet or exceed the approved Request for Proposal (RFP) tender sample.

7.2 Communication with the Assembler

The Contractor must not contact the Assembler except to request pallets and to establish the delivery date of goods during the Contract delivery period as approved by DND.

7.3 Production and Verification Samples

The Contractor must provide production and verification samples in accordance with Annex A Part 2.

7.4 Assembler Verification Method

The Assembler will follow the verification method identified in Annex A Part 3- Assembler's Verification Method.

7.5 Replacement of Defective Product

As a result of the verification conducted by DND and/or the Assembler, the Contractor must follow these replacement actions:

- 7.5.1 When shortfalls and/or packaging deficiencies are identified and reported to DND, the NCRP will base the request for replacement of non-conforming goods on an estimated average of missing goods. This measure is applied in order to avoid any delay in the assembly of IMPs. Using this replacement approach protects the Contractor against any cost(s) incurred by Canada resulting from any delay(s) during the assembly of ration packs.
- 7.5.2 When a problem is identified during Assembler verification of delivered goods, and there is a need for additional verification which exceeds 2% of the shipment, the Contractor will be informed of the problem, and his input on additional inspection will be requested before additional verification/inspection begins at the Assembler's plant. DND will obtain a cost estimate from the Assembler when more verification is required by the Assembler.
- 7.5.3 If Assembler is required to perform any additional verification at the Assembler's plant, the manpower cost for the increased workload is at the Contractor's expense.
- 7.5.4 Should any of the shipments/deliveries identified in Annex A Part 4- Production Schedule be returned to the Contractor for inspection, the cost of transporting the product back and forth is at the Contractor's expense.
- 7.5.5 Second and subsequent verification of shipments/deliveries to replace defective goods is at the Contractor's expense.
- 7.5.6 When a deficiency is identified after delivery to the Assembler or after the IMPs are assembled, whether the ration packs are at the Assembler's plant or have been distributed to Bases, the Contractor is responsible to replace the defective products, and subject to the type of deficiency, may have to replace the entire quantity of related packages as the defective goods. In this instance, the Contractor is responsible for all associated costs, such as labour costs for additional verification, including but not limited to, unpacking/repackaging of meals, disposal of defective product as required, transportation cost to recall distributed defective packs as applicable, and material cost for overwrap pouches.
- 7.5.7 In support of the ration assembly operation, the Contractor must replace, based on the defective product rate obtained from the first assembly period, the extrapolated number of goods necessary to successfully conclude the assembly year. The Contractor must ship replacement goods before the end of the second assembly period of meals containing the product. This date must be provided and approved by the NCRP.

8. Certification for BSE-free (Bovine Spongiform encephalopathy) Beef Products

- 8.1 The company is required to certify that the contracted manufactured food products containing beef meet the following requirements:
 - 8.1.1 Made from BSE-free beef of Canadian origin or from animals legally imported into Canada;
 - 8.1.2 Not contaminated with ruminant products ineligible to be exported to the United States.
- 8.2 This certification must be provided by email to: *TBA at Contract Award* once the production has been completed and delivered to the Assembler.

9. Final Acceptance of Goods

In all instances, final approval and acceptance must rest with the NCRP.

In all instances where shipments deviate from the requirement of the Contract, the NCRP is to be notified.

10. Production Schedule

The Contractor must complete and provide the Production Schedule according to Annex A Part 4.

11. Lot Number Listing and Number of Shipments

The Contractor must complete and deliver to the Assembler, a Lot Number Listing Form, Annex A Part 5, for each and every delivery that is shipped from their plant. The Contractor must make every effort to minimize the number of shipments.

ANNEX A PART 2- PRODUCTION AND VERIFICATION SAMPLES (AFTER CONTRACT AWARD)

1. Production Evaluation

As a minimum, at the beginning of the production, the Contractor must pull samples, compare them to the approved RFP tender samples submitted with the bid to ensure consistency, and keep meaningful and detailed records of the evaluation results. During production, the Contractor is also responsible for determining the frequency of testing to ensure consistent production quality.

2. Changes from Approved RFP (Tender) Samples

If any changes from the approved RFP (tender sample must be made (change of raw material, change of Contractor of the raw material etc.), details of such change accompanied by proper substantiation and new RFP tender samples, must be submitted to the NCRP for evaluation. Authorization must be obtained prior to commencement of production. If production is already under way, it is at the Contractor's own risk.

3. First Production Lot Samples

The cost of shipping first production lot samples is at the Contractor's expense. Upon receipt, samples become DND property and will not be returned to the Contractor.

First production lot samples must be collected for each contracted item in order to compare them to the approved RFP tender samples.

First production lot samples are for internal DND use only, and must not be misinterpreted as being the process for production verification.

4. The Contractor must:

- 4.1 Notify the local DND Quality Assurance Representative (DND QAR) five (5) working days in advance of the first day of production to arrange for quality assurance and selection of the first production samples. The name of the local DND QAR will be provided in the Contract;
- 4.2 Submit 15 first production lot samples selected from the first accepted production lot;
- 4.3 The Contractor must ship the production samples at their own expense to arrive at the NCRP within three (3) days of the first day of production to the following address:

National Defence Headquarters
NCRP Evaluation Centre
TBA

C/O: To be indicated at Contract Award.
- 4.4 Provide quality control documents when requested by the NCRP;
- 4.5 Provide with each delivery of first production lot samples, a certificate stating that the product is of the same quality (equal or better) and is fully comparable to the approved RFP tender samples. If there are differences between the RFP tender sample and the production, the Contractor must report them to the NCRP for acceptance;
- 4.6 Email the following information to: *To be indicated at Contract Award.*
 - 4.6.1 A bilingual list of ingredients.
 - 4.6.2 Nutritional information for the following micro and macro nutrients (Nutritional testing must be performed by an accredited lab) for each item identified in paragraph 5 below:

Energy content (Atwater) (Kcal)	Folate (µg)
Carbohydrate (g) and Sugar (g)	Vitamin C (mg)
Fat (g) (Trans Fat (g), Saturated Fat (g) and Cholesterol (mg))	Vitamin D (µg)
Protein (g)	Calcium (mg)
Fiber (g)	Zinc (mg)
Vitamin A (µg)	Iron (mg)
Thiamin (mg)	Magnesium (mg)
Vitamin B6 (mg)	Potassium (mg)
Vitamin B12 (µg)	Sodium (mg)
Riboflavin (mg)	
Niacin (mg)	
Vitamin E (mg)	
Vitamin K (µg)	
Phosphorous (mg)	
Iodine (µg)	
Selenium (µg)	
Fluoride (mg)	
Pantothenic acid (mg)	
Biotin (µg)	
Choline (mg)	
Molybdenum (µg)	
Copper (mg)	
Chromium (µg)	
Manganese (mg)	

This nutritional information must be provided within one month of the first production lot.

Previous nutritional analysis reports will be acceptable provided that:

1. The reports are dated;
2. The recipe has not changed; and
3. The reports are not older than five (5) years.

5. Verification Samples

The cost of shipping verification samples is at the Contractor's expense. Upon receipt, samples become DND property and will not be returned to the Contractor. Verification samples are one of DND's tools used to spot-check the production being procured. The table below indicates the number of samples per chosen lot that must be submitted to the NCRP for evaluation.

5.1 Sample Size

ITEM	SAMPLE SIZE (PACKAGES/LOT)
Apple and Brown Sugar Crunchy Cereal	3
Maple and Brown Sugar Oatmeal	3
Strawberry Crunchy Cereal	3
Beef Jerky – BBQ	3

Chocolate Drink Mix	3
Strawberry Banana Drink Mix	3
Vanilla Drink Mix	3
Almonds and Chocolate Covered Coffee Beans	3
Peanut Mix	3
Peanuts, Almonds and Yogurt Covered Cranberries	3

5.2 The Contractor must:

5.2.1 Notify the local DND QAR five (5) working days in advance of the last day of production to arrange for quality assurance and selection of the verification samples. The DND QAR reserves the right to sample each day of production. Otherwise, the Contractor is responsible for the selection of the verification samples; and,

5.2.2 Ship the verification samples to the following location accompanied by a letter, which must include the selected lot numbers:

National Defence Headquarters
NCRP Evaluation Centre
TBA

C/O To be announced at Contract Award

5.3 Verification Samples Evaluation Method

This section describes the verification method used at the NCRP Evaluation Centre during the evaluation of verification samples.

NCRP personnel evaluates verification samples by comparing the organoleptic qualities of the food to the approved RFP tender sample. The NCRP also performs drained weights on the products to ensure the component weights meet the specifications. Results are registered and forms the basis for product acceptance. The DND QAR is then informed of the results and is authorized to release product for shipment or withhold the shipment if product is unacceptable. If product is unacceptable, the appropriate course of action will be determined by the severity of the non-conformance. Production must not be shipped to the Assembler before the DND QAR authorizes the production.

6. Defective Product Evaluation Process

6.1 This section describes the verification method used at the NCRP Evaluation Centre during the evaluation of an identified defective product. When NCRP personnel identify a lot and/or a product as failing or being borderline on any of the criteria of appearance, texture, aroma/flavour or any combination of the criteria, the NCRP will initiate one or several of the following measures according to the severity of the defect:

- The defective item may be quarantined; and/or
- The offending lot may be rejected or investigated further; and/or
- The Contractor is required to investigate adjacent lots until acceptable product is obtained. The NCRP requires samples of Contractor's declared acceptable product for verification; and/or

- d. The NCRP requires samples from lots declared acceptable by the Contractor in order to conduct verification.

6.2 When the evaluation is performed as mentioned above and an inconsistency in quality among the production is observed, the entire produced quantity could be rejected and any further investigation will be ceased. To determine if a lot is acceptable or not, the ANSI/ASQ Z1.4-2008 will be used. The inspection level and sample size required is dependent on the type of defect as detailed herein:

- a. *Critical Defect is defined as:* A defect which would render the item uneatable in the field or one that could cause illness if consumed.
- b. *Minor Defect is defined as:* A defect that will not affect the usability of the item but varies from the approved RFP (tender) sample.

6.3 Defects are evaluated using a single sampling plan with an S-3 inspection level and the acceptable quality level (AQL) is 1.5 for critical defects and 4.0 for minor defects as per ANSI/ASQ Z1.4-2008. A lot that fails the ANSI/ASQ Z1.4-2008 inspection results in either the rejection of the sampled lot or a 100% inspection/rework of the affected lot. When lots are rejected, new product replacements are required and the Contractor must provide instructions on the disposal of the rejected lots.

ANNEX A PART 3- ASSEMBLER'S VERIFICATION METHOD

This document describes the verification method used at the Assembler's plant. While the Assembler is responsible for the merchandise he receives, he is not responsible for the quality of the food inside the packages. Therefore, in addition to any verification performed before delivery, the Assembler will check all received goods. To ensure that delivered goods are satisfactory, the verification includes a physical count, as well as a visual inspection of the items received which is performed as follows:

1. Custom Made/Packaged Food Items

For all products that are custom formulated and/or packaged the Assembler is responsible to:

- 1.1 randomly select cases from all incoming goods for inspection. Sample size must be at least 0.5% of the quantity received;
- 1.2 open selected cases and remove contents. Selected samples are inspected for the following:
 - 1.2.1 item's production code to verify that the product is of the newest production;
 - 1.2.2 that the number of items per case matches the quantity marked on the case; and
 - 1.2.3 that packets are clean, do not leak nor have a defective seal.

2. Verification Results

Verification results are interpreted as follows:

- 2.1. if there are no non-conformances identified, and if the number of units per case is equal to or greater than the quantity ordered there will be no further verification by the Assembler; and
- 2.2. if a non-conformance is detected and/or if the number of units per case is inferior to the quantity ordered, the sampling size for verification will increase to two percent (2%) in order to verify the extent of the problem. Any sampling greater than two percent (2%) will require approval by the NCRP.
- 2.3 In some cases, the lot acceptability may be determined by the ANSI/ASQ Z1.4-2008 as indicated in paragraph 6 of Annex A – Part 2 (Production and Verification Samples).

3. Corrective Measures

The corrective measures described in Annex A- Statement of Requirement, paragraph 6.5 (Replacement of Defective Product) applies.

ANNEX A PART 4- PRODUCTION SCHEDULE

PRODUCTION					PACKING/INSPECTION	
ITEM	QTY	DAYS	FROM	TO	FROM	TO

This schedule must be provided no later than 10 days after Contract Award to: *To be announced at Contract Award*, and to the PA.

Delivery Schedule for IMP20

Apple and Brown Sugar Crunchy Cereal	No later than March 31, 2020
Maple and Brown Sugar Oatmeal	No later than March 31, 2020
Strawberry Crunchy Cereal	No later than March 31, 2020
Beef Jerky – BBQ	No later than March 31, 2020
Chocolate Drink Mix	No later than March 31, 2020
Strawberry Banana Drink Mix	No later than March 31, 2020
Vanilla Drink Mix	No later than March 31, 2020
Almonds and Chocolate Covered Coffee Beans	No later than March 31, 2020
Peanut Mix	No later than March 31, 2020
Peanuts, Almonds and Yogurt Covered Cranberries	No later than March 31, 2020

Documentation which must Accompany Every Delivery to the Assembler

1. The Lot Number List Form (Annex A Part 5) the NCRP is responsible to provide the form in an Excel form.
2. A completed copy of the CF1280 – Certificate of Release, Inspection and Acceptance (Annex A Part 8).

A copy of this documentation must also be emailed to the assembler before receiving the goods at the following address: *(to be provided at Contract Award)*

ANNEX A PART 6- CONTRACT DELIVERABLES

The Contractor must deliver and provide all requirements identified in this Annex at the dates specified.

	Requirement	Requirement Details	Date Required
1.	Production Schedule	- Production Schedule (Annex A Part 4) to be provided to the NCRP and DND QAR.	10 (ten) days after Contract Award
2.	List of Ingredients	- Must be bilingual; - Must meet the Food and Drug Act and Regulations; - Must be provided in accordance with the CFIA's Core Labelling Requirements.	Within 3 (three) days of start of production for each contracted item.
3.	Nutritional Information	- Must be bilingual; - Must meet the Food and Drug Act and Regulations; - Must be provided in accordance with the CFIA's Core Labelling Requirements.	Within 3 (three) days of start of production for each contracted item.
4.	Nutritional Analysis	- CoA performed by an accredited lab for the micro and macro nutrients indicated in Annex A Part 2- Production and Verification Samples, paragraph 4.6.2; - Previous nutritional analysis certificates are acceptable provided that the reports are dated, the recipe has not changed and they are not older than five years.	Within 1 (one) month of completion of production.
5.	15 Production Samples	- According to Annex A Part 2- Production and Verification Samples.	Within 3 (three) days of start of production for each contracted item.
6.	Verification Samples	- According to Annex A Part 2- Production and Verification Samples.	No later than five (5) days following the end of production.
7.	Lot Number Listing	- Lot Number Listing Form, Annex A- Part 5 – Lot Number Listing Form.	Shipped with each production delivery to Assembler and sent via email.
8.	CF1280	-Certificate of Release, Inspection and Acceptance.	Shipped with each production delivery to Assembler and sent via email.
9.	Draft Label	- A draft label must be sent for each menu item before production commences. - Draft label must be authorized by the NCRP.	One (1) month after Contract Award.
10.	Invoicing	- Invoices must be sent following deliveries to Assembler.	After delivery
11.	Various Food Items	- Must be delivered to the assembler according to the Contractual standards, quality and quantity and according to the schedule (Annex A Part 4- Production Schedule). Must be accompanied by the Lot Number List, CF1280.	According to the approved production schedule.
12.	BSE-Free Certification	- Contractor must provide a Certification for products containing beef as indicated in Annex A Part 1, Statement of Requirement, paragraph 7.	After final delivery of food item to the assembler is completed.

ANNEX A PART 7- TECHNICAL SPECIFICATIONS

Table 1 – Technical Specifications for Apple and Brown Sugar Crunchy Cereal

GENERAL			
PRODUCT		CEREAL, SINGLE SERVING PACKET	
APPLICABLE PUBLICATIONS		1. D-85-001-136/SF-001	Specification for Aluminum Foil Laminate
		2. D-LM-008-036/SF-000	Department of National Defence Minimum Requirements for Manufacturer's Standard Pack
		3. Canada's Food and Drugs Act and Regulations	
		4. Consumer Packaging and Labelling Act and Regulations	
		5. Canada Grain Act and Canada Grain regulations	
		6. Pest Control Products Act (PCPA)	
REQUIREMENTS			
DESCRIPTION	GENERAL	-Must consist of a sweetened cereal mix, including skim milk powder. When reconstituted by the addition of cold or hot water, the product must be ready for consumption. The liquid surrounding the cereal must have a milky appearance.	
	APPLE AND BROWN SUGAR CRUNCHY CEREAL	-Must contain instant rolled oats, brown sugar, freeze-dried apple pieces, skim milk powder, and wheat germ. -The quality must be equivalent to a good commercial product.	
MINIMUM PORTION SIZE		50g of cereal mixture including 10g of skim milk powder	
FUMIGATION		-Cereal must be fumigated as indicated in Annex A. Part 11 – Fumigation Requirements for Cereal and Oatmeal	
SHELF LIFE		3 years	
PACKAGING			
DIMENSIONS		14 cm ±1 cm long x 11 cm ± 1 cm wide, including a heat-sealed seam on all four sides, allowing room for addition of water to the cereal in the packet and consumption from the packet	
SEALS		Packet must have smooth continuous seal on all 4 edges or a min of 3 edges if bottom edge is folded Seals must be a minimum of 5mm wide Heat seals on the back of the pouch are not acceptable Heat seal must not discolour the packaging	
MATERIAL		Must comply with the Food and Drugs Act and Regulations, Division 23. Made according to publication #1, paragraph 3.	
COLOUR OF PACKAGING		Tan (Pantone No. 7501 - 7503)	
FINISH		Matte	
PRINTING COLOUR		Black (Pantone No. Black U or Black C)	
NOTCHES		'V' or 'U' shaped tear notches which do not affect the integrity of the perimeter seal must appear on both sides of the pouch below the closure seal.	
PUNCTURE RESISTANCE		≥10lbs	
TOTAL BULK VOLUME		Excess air in pouches must be removed before sealing.	
LABELLING			
LAYOUT		- All required information and placement is shown in Figure 1, please note that the drawing is not to scale, it is up to the Bidder to determine exact font sizes, etc.	
INGREDIENT LIST AND NUTRITION INFORMATION		- Must be provided in accordance with applicable publication #3, #4 and #5	
CAF PRODUCTION CODE		- If embossed, it must be located on the package's seal only. - Is to be composed in the following manner: - the first two digits represent the year of production - the next three digits represent the date of packaging with the Julian date - the last digit represents the batch number - If commercial product is submitted, a code interpretation must also be provided.	

<p>APPLE AND BROWN SUGAR CRUNCHY CEREAL</p> <p></p> <p>CÉRÉALES CROQUANTES POMMES ET CASSONADE</p> <p>Add hot or cold water to taste. Figure 1 – Package layout for Apple and Brown Sugar Crunchy Cereal. Not to scale.

Table 2 – Technical Specifications for Maple and Brown Sugar Oatmeal

GENERAL			
PRODUCT		OATMEAL, SINGLE SERVING PACKET	
APPLICABLE PUBLICATIONS		1. D-85-001-136/SF-001	Specification for Aluminum Foil Laminate
		2. D-LM-008-036/SF-000	Department of National Defence Minimum Requirements for Manufacturer's Standard Pack
		3. Canada's Food and Drugs Act and Regulations	
		4. Consumer Packaging and Labelling Act and Regulations	
		5. Canada Grain Act and Canada Grain regulations	
		6. Pest Control Products Act (PCPA)	
REQUIREMENTS			
DESCRIPTION	GENERAL	-Must consist of a sweetened cereal mix, including skim milk powder. When reconstituted by the addition of cold or hot water, the product must be ready for consumption. The liquid surrounding the cereal must have a milky appearance.	
	MAPLE BROWN SUGAR OATMEAL	-Must contain instant rolled oats, sugar, skim milk powder, and flavour. -The quality must be equivalent to a good commercial product.	
PORTION SIZE		50g of cereal mixture including 10g of skim milk powder	
FUMIGATION		-Cereal must be fumigated as indicated in Annex A. Part 11 – Fumigation Requirements for Cereal and Oatmeal	
SHELF LIFE		3 years	
PACKAGING			
DIMENSIONS		14 cm ± 1 cm long x 11 cm ± 1 cm wide, including a heat-sealed seam on all four sides, allowing room for addition of water to the cereal in the packet and consumption from the packet	
SEALS		Packet must have smooth continuous seal on all 4 edges or a min of 3 edges if bottom edge is folded Seals must be a minimum of 5mm wide Heat seals on the back of the pouch are not acceptable Heat seal must not discolour the packaging	
MATERIAL		Must comply with the Food and Drugs Act and Regulations, Division 23. Made according to publication #1, paragraph 3.	
COLOUR OF PACKAGING AND FINISH		Tan (Pantone No. 7501 - 7503), Matte	
PRINTING COLOUR		Black (Pantone No. Black U or Black C)	
NOTCHES		'V' or 'U' shaped tear notches which do not affect the integrity of the perimeter seal must appear on both sides of the pouch below the closure seal.	
PUNCTURE RESISTANCE		≥10lbs (when tested in accordance with applicable publication #4)	
TOTAL BULK VOLUME		Excess air in pouches must be removed before sealing.	
LABELLING			
LAYOUT		- All required information and placement is shown in Figure 2, please note that the drawing is not to scale, it is up to the Bidder to determine exact font sizes, etc.	
PREPARATION INSTRUCTIONS AND WATER LEVEL INDICATOR (DOTTED LINE)		Bilingual preparation instructions must be printed and as follows: - Add hot or cold water to taste. -Ajouter de l'eau chaude ou froide au goût.	
INGREDIENT LIST AND NUTRITION INFORMATION		- Must meet the Food and Drug Act and Regulations and Must be provided in accordance with the Canadian Food Inspection Agency's format, must be bilingual - Must comply with the proposed New Labelling Requirements for the food allergens, Gluten Sources and Added Sulphites. -The Ingredient List and the Nutrition Information are both required on the individual packages	
CAF PRODUCTION CODE		- If embossed, it must be located on the package's seal only. - Is to be composed in the following manner: - the first two digits represent the year of production - the next three digits represent the date of packaging with the Julian date - the last digit represents the batch number - If commercial product is submitted, a code interpretation must also be provided.

Table 4 – Technical Specifications for Beef Jerky - BBQ

GENERAL		
PRODUCT	Beef Jerky – BBQ	
APPLICABLE PUBLICATIONS	1. CGSB 43.22-2001	Corrugated Fibreboard Products
	2. D-LM-008-036/SF-000	Minimum Requirements for Manufacturer’s Standard Pack
	3. Canada’s Food and Drugs Act and Regulations	
	4. Consumer Packaging and Labelling Act and Regulations	
	5. Canadian Food Inspection Agency Core Labelling Requirements	
REQUIREMENTS		
DESCRIPTION	<ul style="list-style-type: none">- Beef jerky must be from inside round or outside round (including eye of round)- Beef jerky must have a mild barbeque flavour- Final product must consist of strips of beef between 2cm – 4cm in length, 0.7cm – 1.2cm wide and 0.4cm – 0.8cm thick- Must be sodium nitrite vacuum cured- Chopped-and-formed or ground-and-form, emulsionized or loaf-style jerky are not acceptable- Sodium nitrate, sodium phosphate and monosodium glutamate are not permitted during curing process- Curing level must not be more than 200ppm of sodium nitrite	
PORTION SIZE	50g	
WATER ACTIVITY	≤0.8	
SHELF LIFE	3 years	
PACKAGING		
OUTER DIMENSIONS	Must not exceed 13cm ± 1cm wide x 13cm ± 1cm long x 3cm ± 1cm deep	
MATERIAL	Must be a 7-mil Proprietary Coextruded film with EVOH barrier, Surlyn sealant and Nylon structural layers for the top print film and a minimum of 9-mil Proprietary Coextruded film with EVOH barrier, Surlyn sealant and Nylon structural layers for the bottom or forming film.	
OXYGEN SCAVENGER	One in each packet	
VACUUM PACK	<ul style="list-style-type: none">- Packet must be fully vacuumed to remove all air in the packet before back-flushing with a sufficient amount of nitrogen/carbon dioxide to ease out the sides of the packet without increasing the depth.- Packet must be tight around the beef jerky.	
PRINTING COLOUR	Black	
LABEL COLOUR	Tan matte (Pantone No. 7501 – 7503)	
SERRATED EDGE / NOTCHES	<ul style="list-style-type: none">- To facilitate opening, the wording “Tear - Ouvrir” with an arrow indicating the applicable serrated edge must be clearly indicated.- If serrated edges are not used, ‘V’ or ‘U’ shaped tear notches which do not affect the integrity of the perimeter seal must appear on both sides of the pouch below the closure seal	
LABELLING		
LAYOUT	<ul style="list-style-type: none">- All required information and placement is shown in Figure 4, please note that the drawing is not to scale, it is up to the Bidder to determine exact font sizes, etc.	
INGREDIENT LIST / NUTRITION FACTS TABLE	<ul style="list-style-type: none">- Must be provided in accordance with applicable publication #3, #4 and #5.	
CAF PRODUCTION CODE	<ul style="list-style-type: none">- Is to be composed in the following manner:<ul style="list-style-type: none">- the first two digits shall represent the year of production- the next three digits shall represent the date of packaging with the Julian date- the last digit shall represent the batch number- If commercial product is submitted, a code interpretation must also be provided.

Figure 6 – Package layout for Strawberry Banana Drink Mix. Not to scale.

Table 7 – Technical Specifications for Vanilla Drink Mix

GENERAL		
PRODUCT	Vanilla Drink Mix	
APPLICABLE PUBLICATIONS	1. D-85-001-136/SF-001	Specification for Aluminum Foil Laminate
	2. D-LM-008-036/SF-000	Department of National Defence Minimum Requirements for Manufacturer's Standard Pack
	3. Canada's Food and Drugs Act and Regulations	
	4. Consumer Packaging and Labelling Act and Regulations	
REQUIREMENTS		
PRODUCT	<ul style="list-style-type: none">- Must have a vanilla flavor, a creamy texture and be white or cream-coloured when prepared- Must be water soluble, must easily dissolve after 1 minute of vigorous shaking- Must contain a minimum of 12g of protein and 36g of carbohydrates- Must have a 3:1 or 4:1 carbohydrate : protein ratio	
MINIMUM NET WEIGHT	52g	
SHELF LIFE	3 years	
PACKAGING		
DIMENSIONS	22cm ± 1 cm long x 15cm ± 1cm wide; pouch bottom 8cm ± 1cm wide	
SEALS	<ul style="list-style-type: none">- Heat seals on back of pouch are not acceptable.- Seals must be a minimum of 5mm wide- Packet must have smooth continuous seal on all four edges or a min of three edges if one edge is folded- Seal must not discolour the packaging	
MATERIAL	<ul style="list-style-type: none">- Must comply with the Food and Drugs Act and Regulations, Division 23- Made according to publication #1- Packaging must not rupture or suffer a loss of integrity when tested- Packaged in a stand up pouch with a zip lock	
COLOUR	Tan (Pantone No. 7501 - 7503)	
FINISH	Matte	
PRINTING COLOUR	Black (Pantone No. Black U or Black C)	
NOTCHES	<ul style="list-style-type: none">- Must have 'V' or 'U' shaped tear notches which do not affect the integrity of the perimeter seal and must appear on both sides of the pouch below the closure seal.	
PUNCTURE RESISTANCE	≥ 10lbs	
TOTAL BULK VOLUME	Before sealing, excess air must be taken out. Thickness of pouch must not exceed 1cm when sealed.	
LABELLING		
LAYOUT	<ul style="list-style-type: none">- All required information and placement is shown in Figure 7, please note that the drawing is not to scale, it is up to the Bidder to determine exact font sizes, etc.- The information must be displayed in the exact order as shown in Figure 7.- CAF Production code printed or embossed on the seal (details herein).	
WATER LEVEL INDICATOR (DOTTED LINE)	<ul style="list-style-type: none">- A dotted water level line must be printed across the width of the pouch to indicate the water level for rehydration of the protein drink. The water level must be determined by the Contractor.	
LIST OF INGREDIENTS AND NUTRITIONAL INFORMATION	<ul style="list-style-type: none">- Must be provided in accordance with applicable publication #3 and #4	
CAF PRODUCTION CODE	<ul style="list-style-type: none">- If embossed, it must be located on the package's seal only.- Is to be composed in the following manner:<ul style="list-style-type: none">- the first two digits must represent the year of production- the next three digits must represent the date of packaging with the Julian date- the last digit must represent the batch number- If commercial product is submitted, a code interpretation must also be provided.

Acceptance Acceptation Quantity/ies shown in block (16) was/were received in apparent good condition. La(es) quantité(s) indiquée(s) à la case (16) a/ont été reçues, et l'/les article(s) semble/ient être en bon état. _____ Print - Imprimer _____ Signature (Receiving Authority at destination) Signer (Autorité de réception à la destination) _____ Date	

CF 1280 (11-2011)
Design: Forms Management 613-957-6899
Conception: Gestion des formulaires 613-957-6905

**Certificate of Release,
Inspection and Acceptance
CF 1280**

USE

The Certificate of Release, Inspection and Acceptance CF 1280 constitutes:

- Certification by the supplier that all items listed therein have been inspected and tested and conform to the specifications and requirements detailed in the contract or purchase order.
- Certification by the Quality Assurance Representative when applicable; that Government Quality Assurance has been performed during the contract or purchase order.
- Receipt for goods at destination and once signed by the receiving authority, the payment process can be initiated.

PREPARATION AND DISTRIBUTION

It is the supplier's responsibility to prepare and distribute the CF 1280. However, whenever STANAG 4107 applies, the QAR must forward one copy to the delegator.

Note 1: All entries other than signatures must be either typewritten or printed.
2: When using more than one CF 1280 per shipment per contract, complete all blocks but only sign Block 17 and have Block 18 signed (when applicable) on the last form.

- Block 1:** Name of the department, country or organization actually ordering the materiel. In the case of PWGSC contracts, they are the purchaser referenced in the contract.
- Block 2:** PWGSC file or supplier purchase order number, as appropriate. For contracts from other North Atlantic Treaty Organisation (NATO) nations, enter date of contract.
- Block 3:** Contract serial number or, if a purchase order, enter the prime contract number.
- Block 4:** Consecutively number the forms used to cover each shipment and enter the total number of pages, (e.g. page 1 of 1, 2 of 6, etc).
- Block 5:** Prime contractor's or sub-contractor's name and complete address.
- Block 6:** Consignor's name; also complete shipping address if different than Block 5.
- Block 7:** Consignee's name and address as contained in the shipping instructions.
- Block 8:** Number for each shipment made under the stated contract commencing at 001.
Note: For more than one shipment under the same contract; the first shipment would be 001 and the final shipment would have the letter F at the end (e.g. 002F).
- Block 9:** Line item number as shown in the contract or purchase order.
- Block 10:** NATO or national stock number as indicated in the contract.
- Block 11:** Manufacturer's part, model, type, drawing or catalogue number or short description of the item. The brief description is mandatory for clothing or footwear contracts.
- Block 12:** Item serial, size, lot/batch numbers as applicable.
Note: Size numbers must be included to identify clothing or footwear. If not applicable enter [N/A].
- Block 13:** Quantity being shipped using the unit of measure as indicated in the contract.
- Block 14:** Identify package number in which the line item can be located.
- Block 15:** Balance of items, if any, to be shipped at a later date as per address in Block 7. If not applicable enter [N/A].
- Block 16:** Leave blank; for use by the receiving authority.
- Block 17:** Authorized supplier quality assurance representative.
See Note 2 under "preparation and distribution".
- Block 18:** Representative responsible for performing Government Quality Assurance (when applicable).
See Note 2 under "preparation and distribution".
- Block 19:** Leave blank; for use by the receiving authority.

CF 1280 (11-2011) - Instructions

**Certificat de libération,
d'inspection et de réception
CF 1280**

OBJET

Le Certificat de libération, d'inspection et de réception CF 1280 constitue:

- Certificat de libération du fournisseur pour attester que les articles énumérés ont tous été soumis à une inspection et à des essais et sont jugés conformes aux spécifications et aux exigences du contrat ou de la commande.
- Certification par le Représentant de l'Assurance de la Qualité lorsque prescrit; que l'assurance officielle de la qualité a été effectuée pour le contrat ou pour la commande.
- Certificat de réception à la destination par l'autorité de réception; et une fois signé, le processus de paiement peut être lancé.

PRÉPARATION ET DISTRIBUTION

Il revient au fournisseur de remplir et de distribuer le formulaire CF 1280. Toutefois, si les dispositions du STANAG 4107 s'appliquent, le RAQ doit envoyer un exemplaire au délégant.

Nota 1: Toutes les inscriptions autres que les signatures doivent être dactylographiées ou écrites en lettres mouillées.
2: Si plusieurs formulaires CF 1280 sont utilisés pour le même envoi par contrat, remplir tout les cases mais seulement signer case 17 et faire signé (au besoin) case 18 sur le dernier formulaire.

- Case 1:** Nom du ministère, du pays ou de l'organisme qui a commandé le matériel. S'il s'agit d'un contrat de TPSCG, indiquer le nom du client qui apparaît sur le contrat.
- Case 2:** Numéro de dossier de TPSCG ou de la commande du fournisseur, selon le cas. Pour contrats envoyés à un autre pays membre de l'OTAN, indiquer la date du contrat.
- Case 3:** Numéro de série du contrat ou, s'il s'agit d'une commande, écrire le numéro du contrat principal.
- Case 4:** Numéroté dans l'ordre de formulaires utilisés et indiquer le nombre total de pages pour chaque envoi (1 de 1 ou 2 de 6, par exemple).
- Case 5:** Nom et adresse de l'entrepreneur principal ou du sous-traitant.
- Case 6:** Nom de l'expéditeur; indiquer également l'adresse d'expédition si elle diffère de l'adresse donnée à la case 5.
- Case 7:** Nom et adresse du destinataire qui figure dans les instructions d'expédition.
- Case 8:** Numéroté l'ordre d'envoi effectué en vertu du contrat, à partir de 001.
Note: Si un contrat prévoit plusieurs envois, les numérotés de la façon suivante : premier envoi 001 et le dernier envoi doit contenir la lettre «F» à la fin numéro (e.g. 002F).
- Case 9:** Numéro de l'article qui figure dans le contrat ou dans la commande.
- Case 10:** Numéro de nomenclature OTAN ou numéro de nomenclature du pays qui figure dans le contrat.
- Case 11:** Numéro de pièce, de modèle, de type, de dessin ou de catalogue du fabricant ou brève description de l'article. Cette brève description est obligatoire dans le cas des vêtements et des chaussures.
- Case 12:** Numéro de série, de taille ou de lot de l'article.
Note: Les numéros de taille doivent être inscrits si le contrat est pour des vêtements ou des chaussures. Si cette mention ne s'applique, inscrire [néant].
- Case 13:** Quantité expédiée avec l'unité de mesure qui s'applique dans le contrat.
- Case 14:** Numéro de l'emballage où se trouve l'article.
- Case 15:** Articles à livrer à une date ultérieure, à la destination prévue à la case 7. Si tous les articles ont été livrés à cette destination, inscrire (aucun).
- Case 16:** Laisser en blanc; cette case est réservée pour l'autorité de réception.
- Case 17:** Signature d'un représentant autorisé du service de la qualité du fournisseur. Si plusieurs pages sont utilisées, voir Nota 2 dans les « préparation et distribution ».
- Case 18:** Signature du RAQ responsable de l'assurance officielle de la qualité, s'il y a lieu. Si plusieurs pages sont utilisées, voir Nota 2 dans les « préparation et distribution ».
- Case 19:** Laisser en blanc; cette case est réservée à l'autorité de réception.

Page 2/2

ANNEX A PART 9- SHIPPING AND DELIVERY INSTRUCTIONS

1. Shipping Instructions

1.1 Packing and Markings

Commercial packing and markings on shipping containers are acceptable provided Contractors comply with the following requirements:

- a. Shipping containers must be in accordance with CAN/CGSB 43.22-2001, Standard for Corrugated Fibreboard Products, dated Dec 2001, Class 1, Style 1, Code C6, B Flute. The inside dimensions must not exceed 15 ¾" long x 11 ½" wide x 7 1/8" high.
- b. Must remain intact and show no sign of deterioration when food products are placed inside the container and when the containers are palletised.
- c. The CAF or the manufacturer's batch number (production code), name of the product and number of units per shipping container are clearly identified on each shipping container and must be easily readable once shipping containers are palletised.
- d. The CAF code is composed in the following manner:
 - i. The 1st two digits represent the year of production;
 - ii. The next three digits represent the Julian date of packing;
 - iii. The last digits represent the batch number. The batch number is separated from the Julian date by a space.

If the CAF production code is not used, a production code interpretation must be provided.

- e. Shipping containers must be sequentially palletized according to batch numbers.
- f. Each shipping container must contain a consistent number of packages for the same type of food.
- g. Each shipping container and its contents must not exceed a mass of 11.3 Kg (25 lbs).

1.2 Preparation for Delivery

- a. The Contractor must contact the Assembler by phone (*to be included at Contract Award*) or by email: (*to be included at Contract Award*) to determine a delivery date within the consignee delivery period. The Contractor must call the Assembler as early as they have established their delivery schedule to assist in delivery dates co-ordination. The Contractor must also plan with the Assembler any additional deliveries outside the established delivery schedule.
- b. All items are to be called up showing preparation for delivery with material shipped on DND, full top and bottom, 4 way entry wood pallets size 40" x 48" purchased and provided by the Assembler. The Contractor must email the Assembler (*to be included at Contract Award*) to request pallets. The following information has to be provided: Contract No., number of pallets required, date of pick-up and name of transporter. A notice of 48 hours must be provided by the Contractor. It is the Contractor's responsibility

to organise the transport to the Assembler's facility for pallet pick-up. The Contractor is also responsible for all costs related to this transport.

- c. Pallets that are not used must be returned to the Assembler. The company will be charged the cost of \$86.15 plus tax for each pallet not returned or lost. Payment for the cost of missing pallets will be deducted for the last invoice.
- d. Each shipment must include the "Lot Number Listing Form" properly completed as per Annex A- Part 5. An electronic version in an Excel spreadsheet format must be submitted to the Assembler (*contact to be provided*) when the shipment leaves the plant. A conformance letter and a Certificate of release, inspection and acceptance (CF1280) must also be provided by email. The Assembler will keep all certifications.
- e. Unit loads must not exceed forty-six inches (46") high, excluding pallet height. If this requirement cannot be met, an exemption request with justification must be documented in the bid solicitation.
- f. A quality pallet sheet must be placed on top of the pallet to protect the shipping containers from dust. Material must be properly secured to the pallet either by strapping or stretch wraps.
- g. Pallets must be loaded on trucks in an ascending sequential order starting with first batch number of production and ending with the last batch number of production, which will be available to be off loaded first. Shipment of partial pallets is unacceptable.

1.3 Method of Delivery

- a. All items are to be delivered by road transport must to be in a temperature controlled environment between 7°C to 24°C to prevent freezing or overheating. If the shipment is not transported in a temperature-controlled environment or if the temperature monitored inside the trailer indicates a temperature outside the required 7°C to 24°C, the shipment will be refused.
- b. Each shipment delivered to the Assembler must be sealed. The seal must be installed before leaving the plant and will be removed upon arrival to the Assembler by the company's representative. If a shipment has no seal or if the seal is damaged, it will be refused.
- c. Shipping containers and pallets must not have any markings or other information related to DND visible on the outside.

1.4 Sealed Deliveries

- a. Goods must be shipped from the production site to the destination point in a vehicle, bulk container or transport container secured with a tamper evident serialized security seal.
- b. The seal must, at a minimum, be compliant with the technical requirements of the ISO 17712-2013 Freight containers — Mechanical seals Standard.
- c. The seal must be installed in the presence of both the Contractor's and the carrier's representatives.

- d. The seal's serial number, the carrier's name and a detailed shipment manifest will be communicated in writing by the Contractor to the Project Authority at time of shipment.
- e. The carrier is responsible for controlling the integrity of the seal and shipment during transit.
- f. If the seal is removed in-transit, even if by government officials, a second seal must be placed on the shipment by the carrier, and the seal change, including an explanation for the change, must be documented and immediately communicated to the Project Authority.
- g. Upon arrival at the destination, the carrier's representative and the receiver will inspect the seal for tampering and verify concordance of the seal's serial number.
- h. Upon any evidence of tampering, the Project Authority must be notified. The seal will be photographed by the receiver and the shipment is subject to full inspection by the client. Canada may, at its sole discretion and at no cost, refuse any shipment that shows an indication that the integrity of its contents has been compromised.

1.5 Release Documents – Distribution (CF1280)

Copy 1: Sent by email to the Assembler: *(to be included at Contract Award)*

Copy 2: Sent by email to the DND QAR, email address to be confirmed by the DND QAR.

ANNEX A PART 10- HEDONIC SCALE FOR SENSORY EVALUATION

RFP (TENDER) SAMPLE PRODUCT TASTING QUESTIONNAIRE

For evaluation accuracy, please do not communicate with other tasters prior to completing tasting.

Afin d'obtenir une juste évaluation, veuillez ne pas communiquer avec les autres évaluateurs, avant de compléter votre évaluation.

Product/Produit: _____

Name/Nom: _____

Your opinion is important and has a bearing on whether or not this product will be included in Individual Meal Packs.

Votre opinion est importante et déterminera si oui ou non ce produit sera inclus dans les rations individuelles de combat.

Please taste this sample and circle the appropriate rating number / S'il vous plaît, goûtez à cet échantillon et encerclez la note appropriée

Predisposition / Prédiposition:

If you are allergic to this product, please check the following square: ☐

If you don't usually eat this product (dislike this product or a component), please check the following square: ☐

If you have checked either one of these squares, please do not continue this evaluation.

Si vous souffrez d'une allergie à ce produit, veuillez cocher la case suivante : ☐

Si vous ne consommez pas normalement ce produit (aversion à ce produit ou à une composante), cochez la case suivante : ☐

Si vous avez coché l'une ou l'autre des deux cases précédentes, veuillez ne pas continuer l'évaluation.

ANNEX A - PART 11 – FUMIGATION REQUIREMENTS FOR CEREAL AND OATMEAL

Considering the shelf life requirement of three (3) years and the possibility that IMPs are stored at elevated temperatures, it is mandatory that cereal and oatmeal included in the IMPs be fumigated. The requirements listed below must be met.

1.1 Preparation of the production and storage areas:

- a. A pest control program must be put in place for the production and storage areas.
- b. An atmospheric treatment must be applied in the appropriate zones before cereal or oatmeal can be processed and stored. The pesticides used must be approved by Health Canada and the technicians performing the treatment must be certified.

1.2 Fumigation

- a. Fumigation must be performed at facilities approved by Health Canada.
- b. At reception, the ingredients must be visually inspected to detect any presence of insects and foreign bodies.
- c. With the exception of sugar and milk powder, the ingredients must be fumigated by a qualified fumigator using a method that uses one or more authorized pesticides.
- d. Once the fumigation is completed, the ingredients are transferred to the processing zone previously treated (atmospheric treatment). The ingredients will be mixed to obtain the final product.
- e. The final bulk product will then be fumigated a second time and stored until it is individually packaged in a previously treated area.

1.3 Fumigation Documents

The contractor must be prepared to show DND and the DND QAR the following documents:

- a. The atmospheric treatment certificate indicating the date, location, insecticide/insecticides used with Health Canada's registration number, the concentration and length of exposure. In addition, the name of the certified technician as well as his certification number and the license of the company in charge of the treatment must be indicated on the certificate.
- b. The fumigation certificate showing the date, location, fumigant/fumigants used with the corresponding Health Canada registration number, the concentration and length of exposure. In addition, the name of the certified technician and his certification number and the fumigation company's permit must be indicated on the certificate.
- c. The pest control program in place in and any documentation relating to the application of this program.

ANNEX B - BASIS OF PAYMENT

INITIAL CONTRACT PERIOD				
Food Item No.	Description	QTY	Firm Unit Price	Extended Price
1	Apple and Brown Sugar Crunchy Cereal	100 800	\$	\$
2	Maple and Brown Sugar Oatmeal	100 800	\$	\$
3	Strawberry Crunchy Cereal	134 400	\$	\$
4	Beef Jerky – BBQ	265 920	\$	\$
5	Chocolate Drink Mix	173 568	\$	\$
6	Strawberry Banana Drink Mix	120 384	\$	\$
7	Vanilla Drink Mix	279 936	\$	\$
8	Almonds and Chocolate Covered Coffee Beans	106 368	\$	\$
9	Peanut Mix	265 920	\$	\$
10	Peanuts, Almonds and Yogurt Covered Cranberries	207 168	\$	\$
Total Extended Price				\$
<p>* The quantities above have been provided to Bidders to assist them in preparing their bids. The inclusion of this data in this bid solicitation does not represent a commitment by Canada that Canada's future usage will be consistent with this data. It is provided solely for information purposes. The initial requirements will be confirmed at Contract Award</p>				

OPTION YEAR 1				
Food Item No.	Description	QTY	Firm Unit Price	Extended Price
1	Apple and Brown Sugar Crunchy Cereal		\$	\$
2	Maple and Brown Sugar Oatmeal		\$	\$
3	Strawberry Crunchy Cereal		\$	\$
4	Beef Jerky – BBQ		\$	\$

ANNEX C to PART 3 OF THE BID SOLICITATION

ELECTRONIC PAYMENT INSTRUMENTS

The Bidder accepts any of the following Electronic Payment Instrument(s):

- ☐ Direct Deposit (Domestic and International);
- ☐ Wire Transfer (International Only)

ANNEX D to PART 5 OF THE BID SOLICITATION

FEDERAL CONTRACTORS PROGRAM FOR EMPLOYMENT EQUITY - CERTIFICATION

I, the Bidder, by submitting the present information to the Contracting Authority, certify that the information provided is true as of the date indicated below. The certifications provided to Canada are subject to verification at all times. I understand that Canada will declare a bid non-responsive, or will declare a Contractor in default, if a certification is found to be untrue, whether during the bid evaluation period or during the Contract period. Canada will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with any request or requirement imposed by Canada may render the bid non-responsive or constitute a default under the Contract.

For further information on the Federal Contractors Program for Employment Equity visit [Employment and Social Development Canada \(ESDC\)-Labour's website](#).

Date: _____ (YYYY/MM/DD) (If left blank, the date will be deemed to be the bid solicitation closing date.)

Complete both A and B.

A. Check only one of the following:

- ☐ A1. The Bidder certifies having no work force in Canada.
- ☐ A2. The Bidder certifies being a public sector employer.
- ☐ A3. The Bidder certifies being a federally regulated employer being subject to the Employment Equity Act.
- ☐ A4. The Bidder certifies having a combined work force in Canada of less than 100 permanent full-time and/or permanent part-time employees.

A5. The Bidder has a combined workforce in Canada of 100 or more employees; and

- ☐ A5.1. The Bidder certifies already having a valid and current Agreement to Implement Employment Equity (AIEE) in place with ESDC-Labour.

OR

- ☐ A5.2. The Bidder certifies having submitted the Agreement to Implement Employment Equity (LAB1168) to ESDC-Labour. As this is a condition to Contract Award, proceed to completing the form Agreement to Implement Employment Equity (LAB1168), duly signing it, and transmit it to ESDC-Labour.

B. Check only one of the following:

- ☐ B1. The Bidder is not a Joint Venture.

OR

- ☐ B2. The Bidder is a Joint Venture and each member of the Joint Venture must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification. (Refer to the Joint Venture section of the Standard Instructions)
