Font: Martel or Roboto (variation to be confirmed at call-up), Colour: TBD - Dimensions and colour to be disclosed upon call-up - Graphics may be provided by client - Text content to be disclosed upon call-up
Sign Mount	<ul style="list-style-type: none"> - Single face - Wall/surface mount

	<ul style="list-style-type: none"> - No visible hardware - Offeror to advise on recommended mounting approach
Install Location Height	To be determined at call-up
Adhesive	<ul style="list-style-type: none"> - Thin adhesive for text and graphics - Heavy-duty double-sided tape for wall/surface mount - Glass bonded to MDF panel with 3M foam tape or similar
Example Illustration - Square	

3.2 Wayfinding Signage boards

Description	Requirement
Dimensions/Shape	a) Rectangular: 14" (355.6mm) W x 8" (203mm) H b) Square: 14" (355.6mm)
Sign Front Panel	<ul style="list-style-type: none"> - Formed of one (1) 1/4" (6.35mm) thick, low iron & toughened back painted glass panels with chamfered edges. - Glass bonded wall surface with 3M foam tape or similar
Text/Graphics	<ul style="list-style-type: none"> - 3/32" (2mm) thick, premium, indoor/outdoor cut vinyl lettering or graphics – matte finish. Font: Martel or Roboto (variation to be confirmed at call-up), Colour: TBD - Dimensions and colour to be disclosed upon call-up - Graphics may be provided by client - Text content to be disclosed upon call-up

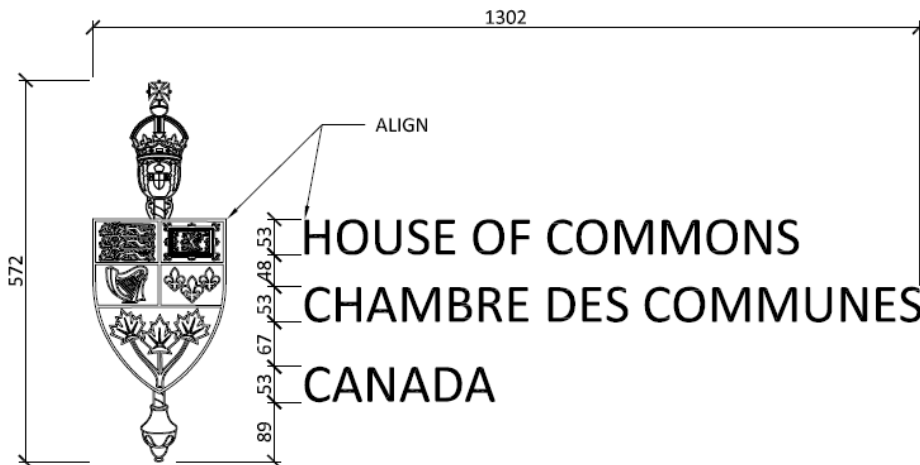

Sign Mount	<ul style="list-style-type: none"> - Single face - Wall/surface mount - No visible hardware - Offeror to advise on recommended mounting approach
Install Location Height	To be determined at call-up
Adhesive	<ul style="list-style-type: none"> - Thin adhesive for text and graphics - Heavy-duty double-sided tape for wall/surface mount
Example Illustration - Rectangular	 <p>The illustration shows four variations of the HoC Corporate signage text layout within a rectangular frame. Each variation consists of a small icon followed by the text '400 REAL PROPERTY BIENS IMMOBILIERS'. The first variation uses a left-pointing chevron (<). The second, third, and fourth variations use a right-pointing chevron (>). The text is arranged in a stacked format.</p>

4. Description

HoC Corporate signage within general administration reception areas only.

4.1 Reception HoC Emblem Signage Board

Description	Requirement
Dimension/Shape	Rectangular: 51 1/4" (1301.75mm) W x 22 1/2" (571.5mm) H
Shield Panel	<ul style="list-style-type: none"> - Formed of 1 (one) continuous piece of 5/16" (8mm) solid horizontally brushed aluminum panel, low gloss Satin finish. - *Prior to production, ensure that the technical authority has an approved sample - submitted at previous or current call-up. Sample to be vinyl lettering applied to 4" (101.6mm) square piece of specified glass. First sample is to be at no additional cost.
Text/Graphics	<ul style="list-style-type: none"> - Text formed of 1/4" (6.35mm) thick solid aluminum, horizontal brushed finish with low gloss satin finish. Font: Martel or Roboto (variation to be confirmed at call-up), Colour: TBD - Studs shall be fixed to the back face of letters and emblem with no visible hardware from the face of the lettering/ emblem. - Studs formed of 3/32" (2mm) dia. x 1 1/2" (38mm) long threaded stainless steel - Fabricator to determine quantity and position of studs required to suit signage conditions

	<ul style="list-style-type: none"> - Text content to be confirmed upon call-up - Emblem details engraved and painted in black – option to have no paint - Emblem or other graphics to be provided by HoC
Sign Mount	<ul style="list-style-type: none"> - Wall/surface mount – Offeror to advise on recommended mounting approach. - No visible hardware
Install Location Height	To be determined at call-up
Example Illustration	 <p>The diagram illustrates a sign for the House of Commons. It features the House of Commons crest on the left and the text 'HOUSE OF COMMONS', 'CHAMBRE DES COMMUNES', and 'CANADA' on the right. The overall width of the sign is 1302 units. The height of the crest is 572 units. The text is aligned to the right of the crest, with a vertical line labeled 'ALIGN' indicating the alignment point. The text is arranged in three lines: 'HOUSE OF COMMONS' (top), 'CHAMBRE DES COMMUNES' (middle), and 'CANADA' (bottom). The height of the text area is 89 units. The height of the crest is 572 units. The height of the text area is 89 units. The height of the crest is 572 units. The height of the text area is 89 units.</p>

5. Description

Room signage (text and graphics).

5.1 Room Signage (with glass sidelight)

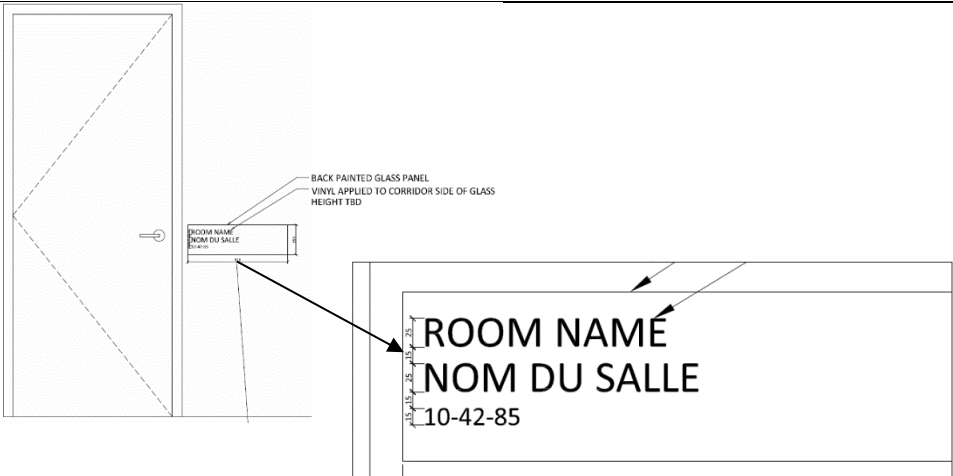

Description	Requirement
Sign	Vinyl text only
Text/Graphics	<ul style="list-style-type: none"> - 3/32" (2mm) thick, premium, indoor/outdoor cut vinyl lettering or graphics – matte finish, solid colour (both sides) to include, but not limited to; black, white, grey, dark gree. Font: Martel or Roboto (variation to be confirmed at call-up), Colour: TBD - Height of letters for room names to be 1" – 1 7/16" (25-36.5mm) typically all uppercase - Height of letters for room numbers to be 1/2" – 13/16" (4.76mm)(12.7-20.64mm) - Text content to be disclosed upon call-up
Sign Mount	Vinyl applied to glass
Install Location	<ul style="list-style-type: none"> - Applied directly to corridor side of sidelight/ glazing (typical) - Height to be confirmed at call-up
Adhesive	Thin adhesive for vinyl graphics

<p>Comments</p>	<ul style="list-style-type: none">- To suit site conditions- No hyphenation of names <p>*Prior to production, ensure that the technical authority has an approved sample - submitted at previous or current call-up. Sample to be vinyl lettering applied to 4" (101.6mm) square piece of 3/8" (9.5mm) thick glass, complete with dusted crystal film to reverse side. First sample is to be at no additional cost.</p>
<p>Example Illustration</p>	 <p>FRAMING BACKGROUND VINYL APPLIED TO OFFICE SIDE OF GLASS (0.5" REVEAL) VINYL APPLIED TO CORRIDOR SIDE OF GLASS HEIGHT TBD</p> <p>ROOM NAME NOM DU SALLE 10-42-85</p> <p>ROOM NAME NOM DU SALLE 10-42-85</p>

6. Description

Back-painted glass panel with surface applied vinyl, applied to partition adjacent to door - location to be agreed. No visible fixings.

6.1 Room Signage (without glass sidelight)

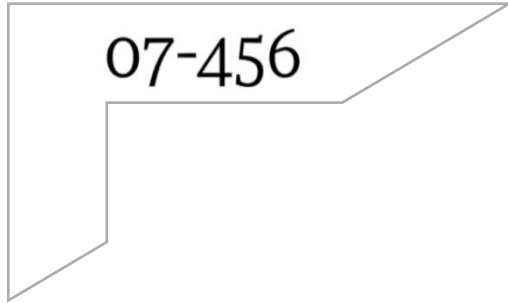

Description	Requirement
Dimensions/Shape	Rectangular: 20-24" (508-610 mm) W x 6-10" (152.4mm-254 mm) H
Sign Front Panel	<ul style="list-style-type: none">- 1/4" (6.35mm) thick, low iron & toughened back painted glass panels- Minimal chamfered edging- Back-painted finish - white or light grey – final colour TBD *Prior to production, ensure that the technical authority has an approved sample - submitted at previous or current call-up. Sample to be vinyl lettering applied to 4" (101.6mm) square piece of specified glass. First sample is to be at no additional cost.
Text/Graphics Material	<ul style="list-style-type: none">- 3/32" (2mm) thick, premium, indoor/outdoor cut vinyl lettering or graphics- matte finish. Font: Martel or Roboto (variation to be confirmed at call-up), Colour: TBD- Solid colours to include, but not limited to; black, white, grey, dark green- Height of letters for room names to be 1" – 1 7/16" (25-36.5mm) typically all uppercase- Height of letters for room numbers to be 1/2" – 13/16" (4.76mm)(12.7-20.64mm)- Text content to be disclosed upon call-up
Install location Height	To be confirmed at call-up
Sign Mount	Heavy-duty double-sided tape –Offeror to advise on recommended mounting approach
Adhesive	Thin adhesive for text and graphics
