AMENDMENT 001

The Solicitation Amendment is raised to group items and revise the Basis of Selection to include a potential for more than 1 contract as follows:

Group 1: Items 1a to 1i and Item 2 (tubular jersey knit and neck bands)

Group 2: Item 3 (polar fleece)

Bidders may offer prices for Group 1 or Group 2 or they can offer prices for both groups.

1) **Request for Proposal, Part 4, Article 4.2 Basis of Selection**

Delete: clause in its entirety

Insert:

4.2. Basis of Selection

A bid must comply with all requirements of the bid solicitation and meet all mandatory technical and financial evaluation criteria to be declared responsive.

The responsive bid with the lowest evaluated aggregate price **per grouping** will be recommended for award of a contract (**potential for more than 1 contract**). Evaluation will be established using the firm quantity for all items in a grouping, including 100% of the option quantities in a grouping and 100% of the "as and when requested" quantities in a grouping and for all years.

For the financial evaluation of the "as & when requested" quantities and the option quantities, the unit price that will be used will be determined by calculating the average of the unit prices submitted for each year multiplied by the estimated quantity.

2) **Part 4, Article 4.1.2.1 Mandatory Financial Criteria**

Delete: clause in its entirety

Insert:

Mandatory Financial Criteria

- a. The Bidder must submit firm unit prices in Canadian dollars, applicable taxes are excluded, DDP (destinations specified at Annex A) Incoterms 2000, transportation costs included, all applicable Customs Duties and Excise taxes included.
- b. The Bidder must submit firm unit pricing for all items in a grouping including the items for the "as & when requested quantities" in the grouping and for the option quantities in the grouping. The bidder must offer prices for all years.

3) **Part 4, Article 4.1.1.1 Mandatory Technical Criteria, Pre-Award Samples and Supporting Documentation**

Delete: clause in its entirety

Insert:

Pre-Award Samples and Supporting Documentation

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, one (1) pre-award sample of the items and laboratory test results must be included with the bid.

GROUP 1:

- One (1) pre-award sample of Item 1c, Tubular Jersey Knit, Size Large and of item 2 Neck Band (collar). One (1) metre in length, full width constitutes a pre-award sample.

GROUP 2:

- One (1) pre-award sample of Item 3, Polar Fleece with black line. One (1) metre in length, full width constitutes a pre-award sample.

The bidder must ensure that the required pre-award samples are manufactured in accordance with the technical requirements and are fully representative of the bid submitted. The pre-award samples will be evaluated for quality of workmanship and conformance to specified materials and measurements.

If sealed samples were provided to the Bidder they must be returned with the pre-award samples.

- A recent laboratory analysis (dated one year or less from publication date of the RFP) of the products offered showing test results for specific tests detailed at Annex B must also be included with the bid for the items quoted in a group. Testing must be performed by an independent accredited laboratory establishment. The test results must meet the requirements specified in Annex B within the minimum and maximum acceptable range and the tests must be made in accordance with the test methods detailed at Annex B.

Rejection of the pre-award samples or test results for non-compliance to the technical requirements will result in the bid being declared non-responsive.

The requirement for a pre-award sample and laboratory analysis may be waived for the tubular jersey knit and the neckband if the Bidder has supplied the items within the past three (3) years in accordance with the latest specification.

Please specify:

- Item supplied: _____
- Your previous Contract/Standing Offer number: _____

- Item supplied: _____
- Your previous Contract/Standing Offer number: _____

If the above has been met, the Bidder represents and warrants that no significant changes have occurred in their manufacturing processes nor their organization or their sub-contractors' organization since the last award or pre-award qualification that could affect the manufacturing of the referenced item.

The Bidder must submit the pre-award samples if a waiver is not given. The Bidder will be advised when the pre-award samples and/or test result are required.

The Bidder must deliver the required pre-award samples and test results at no charge to Canada and must ensure that they are received **with the bid** at time and place of the Request for Proposal closing. If any supporting documentation is missing, the Contracting Authority will inform the Bidder in writing and provide the Bidder with two (2) working days from the request to submit the missing

documentation. Failure to submit the pre-award samples or the supporting documentation within the specified timeframe will result in the bid being declared non-responsive. The samples submitted by the Bidder will remain the property of Canada.

In the event that a sample in the desired colour is not available to the Bidder in a time frame to manufacture the pre-award samples, the Bidder may use a similar colour, on the condition that a letter addressing the substitution is submitted with the pre-award samples, together with a statement that, should the Bidder be awarded the contract, all materials will be strictly in accordance with the technical requirements.

The requirement for pre-award samples and test results will not relieve the successful Bidder from submitting samples and/or test results as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.

5) **At Annex A, A.3 Deliverables:**
