THIS SOLICITATION AMENDMENT 002 IS ISSUED TO EXTEND THE CLOSING DATE AND TO PROVIDE THE FOLLOWING INFORMATION AS CLARIFICATION.

DELETE: 03-JULY-2019

INSERT: 17-JULY-2019

Clarification #3:

Width of fabric sample (for the pre-award sample) can be up to 56" wide.

Substitute of colour is acceptable (except white)

At clause at **4.1.1 Technical Evaluation**
4.1.1.1 Mandatory Technical Criteria

DELETE: Pre-Award Sample and Supporting Documentation

INSERT:

Pre-Award Sample and Supporting Documentation

As part of the technical evaluation, to confirm an Offeror's capability of meeting the technical requirements, one (1) pre-award sample of item 1 and test results must be included with the offer.

Fabric requirement – Two meters in length, up to 56 inches width must constitute a pre-award sample.

The Offeror must ensure that the required pre-award sample is manufactured in accordance with the technical requirement and is fully representative of the offer submitted. Rejection of the pre-award sample will result in the offer being declared non-responsive.

The Offeror must deliver the required pre-award sample and test results at no charge to Canada and must ensure that they are received with the offer at time and place of Request for Standing Offer closing. Failure to submit the required pre-award sample and test results within the specified time frame will result in the offer being declared non-responsive. The sample submitted by the Offeror will remain the property of Canada.

Laboratory analysis of the product offered showing complete test results (refer to Annex "B") of physical properties detailed in the technical requirement must be provided with the pre-award sample. Testing must be performed by an independent accredited laboratory establishment and must be in accordance with the test methods detailed in the technical requirement. The laboratory report and tests results must not be dated before the Request for Standing Offer posting date.

The pre-award sample will be evaluated for quality of workmanship and conformance to specified materials and measurements. (Except for substitutions as indicated below)

The requirement for a pre-award sample and test results will not relieve the successful Offeror from submitting samples and test results as required by the contract terms or from strictly adhering to the technical requirement of this Request For Standing Offer and any resultant contract.

In the event that a component (Colour and width) is not available to the Offeror in a time frame to manufacture the pre-award sample, the Offeror may use a similar substitute component (except white). Also, the Offeror must include a letter explaining the substitution is submitted with the pre-award sample, together with a statement that, should the Offeror be awarded the standing offer, all materials will be strictly in accordance with the technical requirement.

**ALL OTHER TERMS AND CONDITIONS OF THE ORIGINAL
SOLICITATION REMAIN THE SAME.**
