Description of Work:

The Canadian Food Inspection Agency (CFIA) requires the professional services of a Business Analyst on an as and when required basis to support The Canadian Food Safety Information Network (CFSIN) in providing expertise to develop specifications for where, how and why various project and program components fit together as they do, and how they support the initiative's mandate.

There is a need to work closely with diverse stakeholders, including data architects/modellers, application developers, operators, analysts, and Project Managers to lead the development of several deliverables during Phase 4 (Implementation) and Phase 5 (Close-out) of the Project, as well as for the CFSIN Program.

Note: The Canadian Food Inspection Agency anticipates an initial requirement for one (1) Business Analyst – Level 3 within 15 business days of contract award. It is expected that there will be requirement for up to four (4) additional resources throughout the period of the contract. Resources will be requested via the Task Authorization process.

Security Requirement: *Common PS SRCL #19 applies*

Minimum Resource Security Required: *Secret*

Contract Authority
