Name and title of person authorized to sign on behalf of vendor (type or print) - Nom et titre de la personne autorisée à signer au nom du fournisseur (caractère d'imprimerie)	
Name/Nom _____	Title/Titre _____
Signature _____	Date _____

Amendment 004

This Request for Proposal (RFP) amendment is issued to respond to Questions (Q) 17 to 19, with the following Answers (A):

Bidder's Questions

Q17:

Are they willing to provide any other additional information in regards to what theatre of operation these 50 Special Purpose PDWs intended use if for? i.e., Close Protection Detail (CPD)/ Executive Protection (EP) detail? If not, some other non-conventional force?

A17:

No.

Q18:

(A) Do they want a "civilian-style" attaché case/ backpack? or do they want standard-issue. As if this is supposed to be a low profile PDW and a low profile footprint carrying case to be carried in public places, then all these questions matter in our opinion.

(B) Just like 9mm Luger and 5,56x45mm, these are two calibres at separate ends of the spectrum of what they're capabilities are, especially when considering 9mm will in no way be capable of penetrating modern body armour or have substantial dropping power or accuracy past 50/75 yards with the short profile they are asking for in a PDW. Only 5.56 or another trusted modern higher velocity rounds, such as: .45 ACP; .300BLK; and a few others, meet the criteria of what DND is requesting.

A18:

(A) The PDW will be used in different roles and environments, DND has no preference. Please refer to the requirement specifications in Annex B.

(B) DND is aware of the limitations with these types of ammunition. DND appreciates any concerns. Please refer to the technical specifications in Annex B.

Q19:

How can DND determine which is the best possible product available to meet their needs, requirements and value for money, without a physical testing process for each submission, as documentation alone can be flawed or inaccurate?

A19:

The bid evaluation will be conducted per Annex C of the RFP. Also, please reference Part 6 – Resulting Contract Clauses, para 6.17.2 Laboratory Testing.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
