Description of Work:

The purpose of Health Canada's (Chief Financial Officer (CIO) Branch) requirement for one Instructor, Information Technology Consultant has three components:

1. Develop the training strategy, training plan, training materials, and course delivery mechanisms for HC's Enterprise Asset Management (EAM) enhancements.
2. Deliver training for the Enterprise Asset Management (EAM) enhancements.
3. Assist the Health Canada SAP organization in maintaining its existing training materials and course delivery mechanisms up to date for ongoing requirements and projects.

The Instructor, Information Technology Consultant will be responsible for the training development, coordination, implementation, support and delivery of training and support materials for the Enterprise Asset Management (EAM) enhancements and Phase 3 project, under the supervision of the FIRMS (Framework for Integrated Resource Management Systems) Training Team, while adhering to the standards set forth by FIRMS.

- The work is currently not being performed by a contracted resource
