The Solicitation Amendment 000 is raised in regards to the following:

1. To provide the answers to the bidders questions.

Question 1:

Has RCMP purchased similar item before? If so, can you provide us with quantity and the total value of the contract?

Answer 1:

The Purchase Description included in this solicitation is dated 2019-02-25. No solicitations, aside from this requirement, have been issued referencing Purchase Description PD-PE-78 dated 2019-02-25.

Question 2:

RCMP will accept a maximum weight of 108g for the scabbard for the largest baton.

Answer 2:

As per para. 4.2.8 of the Purchase Description, the weight must not exceed 103 g.

Question 3:

Referencing Annex C – Para. # 4.4 – Can you please advise as to who will provide the test report used to evaluate that the material performance conforms to Table I? Is this to be provided by the manufacturer or will the RCMP conduct this testing with the pre-award sample and use the report from the test to evaluate the conformance of the material?

Answer 3:

As per 4.1.1.1 Mandatory Technical Criteria of the Request for Proposal, the Material Data Sheets, Test Reports and letters of attestation will need to be provided by the bidder.

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, one (1) pre-award sample of the items below along with material data sheets, test reports and letters of attestation will be required from low bidders after the bid closing date upon a written request from the Contracting Authority.

Please also refer to the definition of the Test Report:

Test report documents signed and dated by an independent, third-party accredited laboratory acceptable to the RCMP must include the test method, test conditions and test results performed to verify requirements as specified in these documents. Testing for each table must be performed in its entirety on the same item to adhere to all specified test methods and conditions.

CCC No./N° CCC - FMS No./N° VME

Question 4:

Regarding the RCMP TM1:2018 test, do the requested bidders need to provide the RCMP with test report from 3rd party laboratory or will the RCMP do the testing themselves? Of course we will do in house testing to make sure we meet the specification provided before sending our sample to RCMP.

Answer 4:

Please refer to the answer provided in question 3 above.

All other terms and conditions remain the same.

A bid already submitted may be amended prior to RFP closing time by sending the amended correspondence to Bid Receiving Unit, the envelope/message bearing the PWGSC file number and the most current closing date.
