1.2 Context

Canada will participate in Expo 2020 Dubai, to be held in the United Arab Emirates (UAE) from October 20, 2020 to April 10, 2021.

1.2.1 International Expos

International Expositions, held under the auspices of the Bureau International des Expositions (BIE) are a global platform to share ideas, showcase innovation, encourage collaboration and celebrate human ingenuity. They are held every five years and last up to six months. They bring together countries, companies, Non-Government Organizations (NGOs), multilateral organizations, and millions of visitors. They introduce new ideas, technology and approaches in ways that fascinate their very broad audiences. They continue to be one of, if not the, largest scale event in the World in terms of visitors, scope and duration, and **offer one of the best global branding and business opportunities.**

1.2.2 Expo 2020 Dubai

The UAE will be hosting this event in the context of the 50th anniversary of the federation of its seven Emirates.

Expo 2020 Dubai will be the first World Expo to take place in the Middle East and is expected **to attract 25 million visitors**. An estimated **70 percent of these will come from outside the UAE** and will fly in through Dubai, the fourth most visited city in the World. Within its population of approximately 9.5 million people, 90 percent are from abroad, primarily South Asian (58 percent), other Asian (17 percent) and Western Expatriates (8.5 percent).

The Expo theme *Connecting Minds, Creating the Future* and subthemes *Opportunity, Mobility, and Sustainability* are the lens through which the Organiser and the participants will explore and demonstrate prospects and possibilities for the future to multinational visitors, both physical and virtual. For further information on the Expo 2020 Dubai, visit <https://www.expo2020dubai.com/en>

1.2.3 Canada at Expo 2020 Dubai

Canada will participate in Expo 2020 Dubai with a Pavilion which will include a high impact experiential audio visual presentation. The design, construction and operation of the Pavilion building and the public presentation, is being publically tendered through BuyandSell. It is important to note that during the bidding and awarding process of the RFP for the Canada Pavilion, bidding proponents are ineligible to respond to this RFEI. Subsequent to the award of the Canada Pavilion RFP, any non-winning proponents

may contact the Canada Expo 2020 Dubai team, to discuss opportunities to contribute to Canada's participation at Expo 2020.

Canada's presentation will be based on a thematic approach which contributes to the Expo themes and Canada's own objectives for the Expo. The overall participation will also include the development and roll-out of complementary business, cultural, and public affairs programs in the Canada Pavilion as well as on venues on the Expo site.

The illustrative theme for our participation "*Canada: The Future in Mind*" along with our subthemes aim to convey Canada as an innovation powerhouse. It is a leader in global governance and progressive ideas, open to business and tourism, and sustainably managing its resources.

Canada's diversity is the source of our innovation, ideas, solutions and ability to collaborate with the World. That innovation has made us a leader in Artificial Intelligence (AI), Machine Learning, and Information Technology (IT), which are the tools that allow us to bring solutions to the World

These guiding principles will allow Canada to advance its objectives for its participation at Expo 2020 Dubai, namely:

- Diversify international markets;
- Attract foreign investment;
- Promote Canadian innovation, tourism, and international education to build support for Canadian initiatives and values on the World stage (such as Canada's leadership in promoting gender equality), and
- Deepen Canada's relationship with the UAE and other countries in the region.

2. THE CANADA PAVILION

The Canada plot/site, has a total area of 3,885.26 square meters (m²), and will have a total estimated floor area of approximately 1600 m², with a height of approximately 18 meters. The Canada Pavilion is to be located in the South Park of Expo 2020 Dubai and is expected to attract 10 to 15 percent of overall Expo visitors estimated between **16,000 and 20,000 visitors per day** through the exhibition/Public Presentation area.

The Canada Pavilion will operate for up to 15 hours per day over the six-month (172-day) Expo duration from October 20th, 2020 to April 10th, 2021.

Canada's overall participation at Expo 2020 Dubai includes a number of elements. Two major and most visible elements to the public and visitors to Expo 2020 will be: (1) the Canada Pavilion and (2) the Cultural Program.

- (1) The Canada Pavilion consists of two main areas:

Request for Expression of Interest	
Closing Date	30/08/2019
Time	2:00 pm EDT
Reference number	7405360

- public presentation and public access areas occupy approximately 46% of the total Pavilion space;
- conference facility, VIP reception & lounge, and executive offices areas.

(2) The Cultural Program

The Cultural Program will highlight Canada’s identified themes and subthemes for Expo 2020 Dubai and will be featured primarily at venues/facilities throughout the Site. It will represent the spectrum of Canada’s artistic and cultural products during the exposition and, where possible, before the exposition. The cultural program will increase Canada’s visibility throughout the Expo 2020 Dubai site, as well as attract visitors to the Canada Pavilion.

3. COLLABORATE WITH US – GAIN VISIBILITY ON A GLOBAL STAGE

Global Affairs Canada invites you to be an active participant by communicating your interest in contributing **financial or in-kind resources** which may be used in the lead-up to, during Canada’s participation in Expo 2020 Dubai, and at the close out of the Expo 2020 event. The Government of Canada wants to ensure a transparent and fair process for selecting contributors and which allows for **diverse Canadian technologies, innovations, unique tourism-related experiences and cultural offerings** to be showcased on an exceptional World stage.

Please note that the design, build and maintenance of the Canada Pavilion and public presentation area have gone out as a Request for Proposal (RFP). Companies engaged in the bidding process (individually or as part of a consortium) are ineligible respondents to this RFEI.

Furthermore, the Canada Pavilion is being funded primarily by the Government of Canada, and therefore financial and in-kind contributions for the items identified in the (separate) RFP are not accepted by the Government of Canada. However, this does not preclude the current potential bidders to the Canada Pavilion RFP and the ultimate winning proponent of the Pavilion RFP from securing supplementary contributions in their preparation for that bidding process.

Opportunities exist for Provinces, Territories, Cities, Industry Associations, Business Groups, Organizations and Institutions to become “Expo Dubai 2020 Supporters”. In recognition of your support, you may anticipate some of the following benefits:

(1) On-Site Branding Recognition and Branding

The In-Kind Sponsor will be:
