All bids security are to be submitted in hard copy by the bid closing date and time to the mailing address indicated above whether the bid submission is sent via Location #1 or Location #2.

DELIVERABLES / SCOPE OF WORK

The scope of work consists of the furnishing of all plant, labour, equipment, and material for the electrical system construction at Branch, NL. The work will be completed in strict accordance with the specification and accompanying drawings, and subject to all terms and conditions of the Contract.

The project work will consist of, but will not necessarily be limited to, the following:

- The removal of existing wiring, conduit, enclosures, wiring devices, lighting, pedestals, etc. as

Fisheries and Oceans
Canada

indicated on electrical drawings.

- Supply and installation of all shore power, junction boxes, cover plates, receptacles, labels, power pedestals, etc. as indicated on the drawings.
- Supply and installation of all conduit and fittings for a complete installation.
- Supply and installation of a new electrical service rated 400 amp, 120/240 volt, single phase, 3 wire.
- Supply and installation of electrical devices in new shed as indicated.
- Installation of owner supplied light fixtures on existing wooden poles as indicated on the drawings.
- Supply and installation of conduits and wiring to power pedestals, and light poles as indicated on the drawings.
- Supply and installation of multi-circuit energy metering systems as indicated on drawings.
- Coordination with utility company, the supply of a new electrical service. All associated contribution in aid of construction costs from the Utility to be included in tender price.
- Supply and installation of new electrical shed.
- Contractor will be required to trench through existing concrete and asphalt to complete the full scope of work. Allow for replacement of concrete and asphalt as detailed on drawings.

FAMILIARIZATION WITH SITE

Before submitting a bid, bidders can visit the site and its surroundings, at their own expense, to review and verify the form, nature, and extent of the work, materials needed for the completion of the work, the means of access to the site, severity, exposure and uncertainty of weather, soil conditions, any accommodations they may require, and in general shall obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their bid. No allowance shall be made subsequently in this connection on account of error or negligence to properly observe and determine the conditions that will apply.

Contractors, bidders, or those they invite to site are to review specification Section 01 35 29 – Health and Safety Requirements before visiting site. Take all appropriate safety measures for any visit to site, either before or after acceptance of bid.

EXPECTED START AND COMPLETION DATES

The services of the Contractor will be commencing upon contract award. The expected completion date of this project is **October 4, 2019**.

MANDATORY REQUIREMENTS:

- The minimum acceptable amount of Public Liability and Property Damage Insurance is **\$2,000,000.00** per occurrence. All tenders **must** be accompanied by confirmation from the tenderer's insurance company that the required insurance will be available upon contract award;

Question and Answer period: DFO will accept questions from Bidders **until Thursday, July 4, 2019 at 2:00 pm Atlantic Standard Time**. These are to be sent **directly and only** to the contracting Officer listed below.

Enquiries regarding this Invitation to Tender are **ONLY** to be submitted in writing by emailing to the following:
