For the Minister - Pour le Ministre		

The following is in response to inquiries received in relation to this solicitation. This amendment will form part of the contract documents.

Question 1

Q1. Related to Section SRE 3.2.3 e and 3.2.4.e, may we provide a client email address in place of a fax number?

A1. An email address is acceptable.

Question 2

Q2. Sections 3.2.3 and 3.2.4 indicate that the Environmental Engineering Team should demonstrate capabilities related to RS1 through RS5 and RS12 and RS13, while the Geotechnical Engineering Team should demonstrate capabilities related to RS6 through RS13. In reviewing the descriptions, it seems like the activities described in RS8, RS9, RS10 apply as much to environmental projects (particularly anything that involves remediation and site work) as to geotechnical work. Can/should proponents demonstrate their capabilities in these areas for both the geotechnical and environmental teams?

A2. For the required services RS 8, RS 9 and RS 10, the proponent must only demonstrate their capabilities for the geotechnical component.

Question 3

Q3. In Section 3.2.3, Past Experience, Clause 2, point c) asks us to indicate the dates the services were provided for the listed projects. Does this clause mean that in the mentioned project example, if it has services RS 1, RS 2, RS 4 we have to indicate dates that each service was performed OR Does it simply mean to give start and end date of the overall project?

A3. The start and end date of the overall project is sufficient.

Question 4

Q4. We would request you to please extend the solicitation closing date by one (1) week.

A4. The solicitation closing date remains July 31, 2019.

Question 5

Q5. Under GPO 1 General Objectives, the http address provided for the topic of sustainable design principles returns "Page not found (http 404)". Can you provide the document or the updated link?

A5. The updated link is:

<https://www.tpsgc-pwgsc.gc.ca/rapports-reports/smdd-dsds/index-eng.html>

Question 6

Q6. Under 3.2.3.2b and 3.2.4.2b it says to provide the “budget per discipline”. Can you confirm that the budget breakdown is only for the two disciplines covered by this RFSO (i.e., environmental engineering and geotechnical engineering)?

A6. Yes, the budget breakdown is only for the two disciplines covered by this RFSO (i.e., environmental engineering and geotechnical engineering).

END
