This amendment 001 is raised to incorporate the following information into Solicitation No. F1571-188010/A.

1) Questions and Answers

**QUESTIONS AND ANSWERS**

Q1: Is it vital to have the steel coloured red primer? Our manufacturer provides grey primer as the standard.

A1: Grey Primer is acceptable.

Q2: Regarding to the tender entitled "PRE-ENGINEERED STEEL BUILDING" with solicitation number F1571-188010/A, under Clause 2.1 at Annex E, I was wondering if it be possible to replace "bidder" with "manufacturer"? I mean is it acceptable to "provide the manufacturer's experience as company's experience in manufacturing of at least three (3) similar pre-engineered building in the last two (2) years?

A2: The bidder can be the manufacturer or authorized dealer. We accept the manufacturer's experience as company's."

Q3. What kind of snow load and wind loads are available for the building site?

A3. The Proposal must determine the loads including the snow loads and wind loads for the proposed building in Richmond, BC as required in the National Building Code of Canada.

**All other terms and conditions remain the same.**
