Amendment 004 is generated to respond to questions raised after the release of the Solicitation

Q1. Our facility is ASME approved for manufacturing pressure vessel and associated products. Will this be acceptable in lieu of the CWB requirements for welding?

A1: Bidders must meet the welding requirements and certifications outlined in the Solicitation document.

Q2. Our company does not have all the capability to execute this project and we'd like to use the services of another firm. This company has experience in doing similar projects. Can we partner with firms to fulfill the requirement?

A2: Bidders may use sub-contractors if they wish, however, if the task being completed by the sub-contractor requires certain qualifications or certifications, proof of the qualifications and / or certifications must be provided as indicated in the Solicitation.

In the Solicitation document under **PART 2 – Bidder Instructions - 2.1 Standard Instructions, Clauses and Conditions**, there is a link to the Supply Manual.

Chapter 4 of the Supply Manual will provide information pertaining to **Contracting with Subcontractors**.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
