Amendment 001 is being issued in response to Bidder's question and Canada's response.

Q1: Should it hereby be construed that **two (2) days** must be assigned to the on-site installation, software set-up and maintenance training session?

Day # 1 for equipment set-up and,

Day # 2 for the training of the military personnel/end-users

No electrical wiring or modification to the edifice is stated to constitute part of this solicitation.

A1: Only 1 day is required, if installation and training can be coordinated on the same day. Annex 5 c. "Training for one day (up to 8 Hours total) session, on-site at Equipment Set-up and Training Location below, for approximately four (4) persons by a qualified technician to begin upon delivery of equipment."

The electrical power outlet is standard Canadian (North American) power outlet. The engraver is expected to be a standalone device that requires no modifications to the existing infrastructure at Base Maintenance aside from plugging it in to the 110V/60Hz power outlet.

Delete: 6.4.2 Delivery Date

Insert: 6.4.2 Delivery Date

1. Delivery of the Laser Marking, Cutting and Engraving Machine along with on-site equipment installation, software set-up and 1 (1 day) use and maintenance training session must be received prior to January 31st, 2020.
