Akamina Parkway Rehabilitation – Waterton Lakes National Park

Amendment 002

This amendment is being raised to distribute the answers to bidder questions and make revisions to the tender package.

A) QUESTIONS AND ANSWERS

Q1 Can you please provide clarification on the Unit Price Table for the above project? It looks like Items 1 to 18 cover the full compliment of activities involved in the work. What is confusing is that Items 19 to 28 and 29 to 38 appear to cover many of the same activities. There are no descriptions with any of the items as to where the unit prices are applied.

A1 Item Numbers 19 to 28 reference work being done at the Cameron Lake Day Use Area Expansion at Station 15+300. Item Numbers 29 to 38 reference work being done at the Little Prairie Day Use Area at Station 12+800

Q2 The Price and Payment procedures for Section 10 14 53 (Traffic Signage) do not match up with the Unit Price Table. For instance, 1.2.4 states "Unit Price Item 13c and 37c – Supply of Signs, Aluminum..." is good for Item 37c but Item 13c is Supply and Install Post.

A2 For clarification, under Section 10 14 53 (Traffic Signage);
Specification 1.2.3 should reference Unit Price Item 13c – Supply and Install Post (100mm x 150mm)
Specification 1.2.4 should reference Unit Price Item 13f – Supply of Signs, Aluminum
Specification 1.2.4 should reference Unit Price Item 13h - Install Sign

Q3 Unit Price Item 13d (Concrete Base – Supply and Install) does not have a payment description in Section 10 14 53. It is not clear what type of sign bases are required, although it looks like it refers to the breakaway signs. Please confirm.

A3 Please refer to document titled *Concrete Sign Base.pdf* in folder *DSP2_19-0205.zip*

Q4 We had a question regarding item number 9 on the Akamina Parkway rehabilitation tender. For the w-beam guardrail and end treatment it has a specific proprietary product listed. Is it required to use these items or are they just being used as an example? If just as an example would there be a specific standard that an alternative would have to meet to be accepted (ie. On Alberta Transportation Proven product list)?

A4 Product listed within the Specifications and Drawings is required to be used.

B) TENDER PACKAGE REVISIONS

1. Add the following folder: *DSP2_19-0205.zip*
