**Amendment 003**

This amendment is raised to answer questions about the RFB and modify Annex A – Requirement and Basis of Payment.

**Question 1:** Task lights have been requested to have USB power and Regular 110 Volt plug in power integrated into the task light. Please confirm that a task light with just USB power can be supplied? There is already a power module located directly beside the light on the desk. Our standard SA light only includes USB power.

**Answer 1:** Yes, a task light with USB power only can also be provided.

**Question 2:** The Specification calls for 13 Freestanding Floor power modules as part of CAT 1, 2, 5 which we cannot supply. This prevents us from bidding on CAT 1, 2, 5 of the RFB even though these units are not connected to the workstations specification. Therefore we would request they be removed and procured separately?

**Answer 2:** The freestanding floor power modules and the task lights will be removed from CAT 1, 2, 5 and will be put in a separate CAT 5.

- Annex A – Requirement and Basis of Payment, Product Categories 1, 2 & 5, Table 1 - Product Table is deleted in its entirety:

Replace with:
