This amendment (2) seeks to make the following change as well as answer vendor questions

1- Delete Part 4, 1.1 Mandatory Technical Criteria in its entirety and replace it with the following:

1.1 Mandatory Technical Criteria

The following **Mandatory** factors will be taken into consideration in the evaluation of each offer:

- a. Manufacturing Experience:
 - i. Extensive experience in fabrication and manufacturing of sheet metal and steel plate construction security cabinets, enclosures, safes, vaults or products of similar scope and complexity.
 - ii. Extensive experience in installing and maintaining grade 1 mechanical and electromechanical combination locks.
 - iii. Extensive experience fabricating and/or installation of anti-drill (hardened) material.
 - iv. Extensive experience fabricating and/or installation of slides and interlocking drawer mechanism.

Extensive is defined as at least 10 years

For similar scope and complexity, please provide previous contract numbers and details.

2- Questions and answers

Q4- As to the article **a.ii** electromechanical comb locks, the KABA X10 is an RCMP controlled product and last time I checked, not available for us to purchase directly or to install, as the XO9 used to allow us.

A4- If a vendor has their factory certification to install the X-09, then yes it counts as experience for Part 4, 1.1 Mandatory Technical Criteria a.ii.

Q5- Will a successful bid again be based on lowest aggregate dollar amount?

A5- In Step 2, the basis of selection will be "the responsive offer with the lowest evaluated price, on an aggregate basis, will be recommended for the issuance of the standing offer".

All other term and conditions remain unchanged
