This amendment is raised to respond to a question from a bidder.

Amendment no. 2

Question #1

What make and model of tow behind broom will this truck need to tow and control? Will a controller for the broom be supplied?

Answer #1:

The Pentticon sweeper is an Airport Technologies 324D relife unit. The Port Hardy Sweeper is a MB 3600 broom. The specifications clearly state that the sweeper controls are to be integrated into the plow control joystick so no a controller will not be supplied.

Question #2

Can a equivalent 19' airport plow be quoted? Or does it have to be the 19' MB P5000?

Answer #2:

See below

Annex A, Requirement

Under Item # 5.17.3

Delete: Plow must be -19ft MB P5000 Polyethylene Moldboard equipped with, carbide cutting edges.

Insert: Plow must be 19ft Polyethylene Moldboard equipped with, carbide cutting edges.

Form B: Substantiation of Technical Compliance Form

Under Item # 5.17.3

Delete: Plow must be -19ft MB P5000 Polyethylene Moldboard equipped with, carbide cutting edges.

Insert: Plow must be 19ft Polyethylene Moldboard equipped with, carbide cutting edges.

All other terms and conditions remain unchanged.
