SOLICITATION AMENDMENT # 007

The purpose of this amendment is to:

- 1) Revise solicitation closing date;
- 2) Revise the Request of Proposal to reflection correction;
- 3) Response to bidder questions

1)At the Front page of the Solicitation R000041820/A:

The closing date for receipt of Proposal Responses is extended as noted below:

DELETE Solicitation Closes – L’invitation prend fin

at – à 11:00 AM
on – le 2019-09-13

INSERT **Solicitation Closes – L’invitation prend fin**

at – à 11:00 AM
on – le 2019-10-11

2)At the request for Proposal document:

DELETE Request for Proposal (RFP) posted 08_12_2019 in its entirety

INSERT **International VSAT_Request for Proposal (RFP) dated 09_06_2019_AMD_002**

3) Response to bidder questions (Q&A):

Question 42: 7.2 (s) Cancellation of a Service Order: Language must be included to ensure that the Termination for Convenience Fee will also apply to any Service Order that is cancelled. We suggest the following language is included in this section: The Termination for Convenience Fee as defined within 7.14 (c) will apply to each Service Order that is cancelled.

Answer 42: “Canada may at any time, upon 30 days’ notice to the contractor by way of a Service Order, cancel the service. Upon the effective cancellation date, the contractor must stop providing the service. Termination for Convenience fee will be paid to the contractor as per the Termination for Convenience Clause as stated in paragraph 7.14.” However, if the Service Order is cancelled or terminated in first 2 weeks of its insurance, no fee will be charged.

Question 43: With the issuance of amendment 6, we need more time to complete our proposal. We request an extension to Oct. 18, 2019.

Answer 43: The closing date had been extended to October 11, 2019

Question 44: It is our understanding that SSC is looking for a bidder to bid on as many zones as possible. To bid on each area, the bidder must complete a link budget for 2 different terminals, multiple that by two for FWD and RTN, and another factor of two for both Primary and Secondary satellites. In total, each area would need 16 separate Link budgets. With a total 72 areas, the bidder is required to complete a total of 572 link budgets for C-band zones and another 572 for Ku-band

Shared Services Canada
Services partagés Canada

zones, for a total of 1,152 link budgets. We need additional time to complete this work and therefore request a 3 week extension to the closing date.

Answer 44: The request to provide pricing for non-mandatory zones has been on Buy and Sell since its initial publication date of July 5th, 2019 and there has been no change to this requirement.
