Amendment 009

This amendment is raised to request additional information related to the CHER Project.

Canada will be meeting with industry stakeholders until the RFI closing date to gather further information on leveraging economic benefits through Canadian industrial participation. This includes discussion on the application of the Industrial and Technological Benefits (ITB) Policy, and requirements for the Value Proposition (see Annex D of the RFI section attachment file cher_rfi_-_annex_d.zip).

Comments and feedback provided by Industry will inform the development of the Value Proposition requirements that might be used in any future Request for Proposal (RFP) related to the CHER project.

Stakeholders who wish to provide feedback related to the Value Proposition requirements are encouraged to contact Annie Therien (annie.therien@tpsgc-pwgsc.gc.ca). Meetings can be held in-person, videoconference (WebEx), or teleconference.

PSPC will not be bound by anything stated herein and reserves the right to change at any time, any or all parts of the requirement, as it deems necessary. PSPC also reserves the right to revise its procurement approach, as it considers appropriate, either based upon information submitted in response to this RFI or for any other reason it deems appropriate.

All other terms and conditions remain unchanged.
