3. For additional information on security requirements, Bidders should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

Insert: 90 days

2.2 Submission of Bids

Bids must be submitted electronically only to Indigenous Services Canada (ISC) by the date, time and e-mail address indicated on page 1 of the bid solicitation.

Due to the nature of the bid solicitation, bids transmitted by any other means to ISC will not be accepted.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the [Financial Administration Act](#), R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits](#)

Act, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c. C-17, the Defence Services Pension Continuation Act, 1970, c. D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c. R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c. R-11, the Members of Parliament Retiring Allowances Act, R.S. 1985, c. M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? Yes () No ()

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? Yes () No ()

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 5 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

4.1.2 Financial Evaluation

SACC Manual Clause [A0220T](#) 2014-06-26 Evaluation of Price

4.2 Basis of Selection

4.2.1 Highest Combined Rating of Technical Merit and Price

1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation; and
 - b. meet all mandatory criteria; and
 - c. obtain the required minimum of 29 points overall for the technical evaluation criteria which are subject to point rating.
The rating is performed on a scale of 49 points.
2. Bids not meeting "(a) or (b) or (c)" will be declared non-responsive.
3. The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 70 % for the technical merit and 30 % for the price.
4. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 70%.
5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 30%.
6. For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.
7. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 60/40 ratio of technical merit and price, respectively. The total available points equals 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection - Highest Combined Rating Technical Merit (60%) and Price (40%)

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real procurement agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/canada-esdc-labour) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

5.2.3 Additional Certifications Precedent to Contract Award

5.2.3.1 Status and Availability of Resources

STATEMENT OF WORK

1. Title: Nursing Consultative Services

Nursing Consultative Services in support of the Non-Insured Health Benefit (NIHB) Program for the Medical Supplies and Equipment (MSE) Review Centre of Benefit Management Review Services Division (BMRSD).

2. Terminology

FNIHB	First Nations and Inuit Health Branch
ISC	Indigenous Services Canada
MSE Review Centre	Medical Supplies and Equipment Review Centre
NIHB Program	Non-Insured Health Benefits Program
RFP	Request for Proposal
SOW	Statement of Work
VPN	Virtual Private Network
RN	Registered Nurse
NSWOC	Nurses Specializing in Wound, Ostomy and Continence

3. Objective

The Non-Insured Health Benefits (NIHB) Program of the First Nations and Inuit Health Branch (FNIHB) of Indigenous Services Canada (ISC) requires the services of one (1) to three (3) Canadian **Nursing Consultants** per contract on an "as and when required" basis to evaluate requests for **medical** equipment and supplies in support of the NIHB Medical Supply and Equipment Review Centre.

4. Background

- 4.1 Indigenous Services Canada's Non-Insured Health Benefits (NIHB) Program provides a specified range of medically necessary health-related goods and services to approximately 873,000 eligible registered First Nations and recognized Inuit, when these goods and services are not already provided through private insurance plans, provincial or territorial health and social programs, or other publicly funded programs.
- 4.2 The objectives of the NIHB Program are to provide benefits to registered First Nations and recognized Inuit in a manner that:
 - a) is suitable to their unique health needs;
 - b) helps eligible First Nations and Inuit to reach an overall health status that is comparable to other Canadians;
 - c) is cost effective; and
 - d) will maintain and improve health, prevent disease and assist in detecting and managing illnesses, injuries, or disabilities.
- 4.3 The NIHB Program operates according to a number of guiding principles:
 - a) All registered First Nations and recognized Inuit individuals who are normally residents of Canada, and not otherwise covered under a separate agreement with federal, provincial or territorial governments, are eligible for NIHB, regardless of location in Canada or income level;

- b) Benefits are based on the judgment of recognized medical professionals, consistent with the best practices of health services delivery and evidence-based standards of care;
- c) There is national consistency of mandatory benefits, equitable access and portability of benefits and services;
- d) The NIHB Program is to be managed in a sustainable and cost-effective manner;
- e) Management processes will involve transparency and joint review structures whenever agreed to with First Nations and Inuit organizations; and
- f) In cases where a benefit is covered under another health care plan, the NIHB Program will act to coordinate payment in order to help ensure that the other plan meets its obligations and the client is not denied service.

4.4 In terms of this specific requirement, Medical Supplies and Equipment (MSE) Review Centre of the Benefit Management and Review Services Division does not have staff with the expert knowledge in the field of **nursing**, nor the knowledge of the large assortment of devices, their use, costs, possible alternatives on the market and reasonable replacement periods. As a consequence, MSE has previously contracted with a number of different **Nursing** consultants to evaluate requests for **medical** equipment and supplies in support of the NIHB Medical Supply and Equipment Review Centre.

5. Scope

The Contractor will provide recommendations within a specific deadline for the approval or denial of cases, provide professional advices with regard to specific cases to the NIHB Program, and provide advice on the development of Program guidelines for NIHB staff on an "as requested" basis.

6. Tasks

The Contractor must execute the following tasks, but not limited to:

- 6.1 Review applications requesting funding for **medical** equipment and supplies; the written case review report must include:
 - a) an assessment based on diagnosis;
 - b) an explanation on how the client's medical condition qualifies the client for coverage according to the NIHB coverage criteria for that benefit item;
 - c) appropriateness of providers cost estimate; and
 - d) recommendations, if deemed necessary, on possible available alternatives to meet the NIHB client needs;
 - e) any other elements, upon requested by the Project Authority

6.2 Conduct researches and assist with the development of NIHB regional guidelines and policies as required.

6.3 Provide professional advice on issues and/or responses to technical medical questions.

The time constraints are dictated by the urgency of each situation which presents itself. In certain situations, same day responses may be required. This may require the Contractor to contact service providers or prescribers to discuss client needs as identified by the MSE Review Centre

6.4 Follow all applicable NIHB policies, procedures, guidelines and templates as provided by NIHB management for the Program.

6.5 Ensure confidentiality of information to protect physician/patient relationships and follow the Privacy Code used by ISC for the confidentiality of information.

6.6 Ensure security and working dispositions such as:

- a) Store of all client files in a secure area, under lock and accessed only by the Contractor's resource working for the NIHB Program, if necessary;
- b) disposition of the files when no longer required must be done under supervision, by permission of the Project Authority, NIHB MSE Review Centre and according to accepted practices, such as shredding or incineration unless otherwise advised by the Project Authority;
- c) Internet access for e-mail transmissions; and
- d) Management of patient digital records or correspondence with the NIHB Program must be done only through ISC WebOffice environment or secure VPN (for use of MS Outlook email system and Novell file management).

6.7 Provide professional advice for other related NIHB MSE Program initiatives, upon request by the Project Authority.

7 Reference documents

ISC will make available within the first week of the Contract award the following documents:

- a) NIHB Directives and Guidelines relating to the applicable programs;
- b) NIHB Policy Interpretations;
- c) NIHB Privacy Policy;
- d) Administrative Procedures;
- e) Reporting form; and
- f) Invoice form

8 Location of the work

The work is expected to be performed at the Contractor's site.

9 Language of the work

The work will be completed in English for a unilingual resource, and will be completed in English or French for a bilingual resource.

10 Travel

No travel will be required.

11 Constraints

11.1 The MSE Review Centre requires that all requests for **medical** equipment and supplies be evaluated by the Contractor within three (3) business days for regular review and one (1) business day for urgent reviews.

11.2 In addition, to ensure timely delivery of the services to NIHB, the Contractor must:

- a) be available to respond to NIHB demands for case reviews or other related work;

- b) be available during normal working hours to contact service provider(s) or prescribers to discuss client needs upon the request from the MSE Review Centre Representative within the time lines identified at the time the request is made;
- c) be able to respond to NIHB requests, in writing, by e-mail transmissions, and occasionally by telephone, within the restricted time period (section 11.1); and
- d) the Contractor will provide two (2) weeks' written notice to the Project Authority of any anticipated absence of more than three (3) business days.

12 Support provided by Canada

12.1 The Project Authority will provide the following:

- a) assistance, support or feedback in a timely manner as required;
- b) a Government of Canada issued laptop with departmental imaging/setup;
- c) an ISC Microsoft Outlook email account;
- d) limited network access to ISC through web office or Virtual Privy Network (VPN) connection access.
- e) any other relevant information to support the review of the request.

12.2 The MSE Review Centre reviewer will review and accept or reject the completed recommendation form submitted by the Contractor to ensure that the recommendation is in compliance with Program Policy. The decision to accept, revise, or reject the recommendation from the Contractor rests solely with the Project Authority.

12.3 The Project Authority will monitor and evaluate to the satisfaction of the Project Authority the Contractor's **Nursing** Consultants professional advice and recommendations for consistency of application to the NIHB Program criteria and guidelines.

13 Meetings

The Project Authority may provide upon the commencement of the Contract up to a half day teleconference with each of the Contractors to familiarize the Contractors' resources with the current workload and types of files that will need to be reviewed.

Additional meetings may be requested (via teleconference) throughout the duration of the contract by the Project Authority and upon a mutually agreed date and time with the Contractor resource(s).

14 Deliverables

The Contractor's **Nursing** will complete and submit in writing one (1) copy of their recommendation to the Project Authority on the Consultant Recommendation form provided by the NIHB MSE Review Centre. The form is expected to be completed in the original submitted language. The recommendation is to be submitted within three (3) business days of issuance of the request for regular review and one (1) business day for urgent review.
