

5000047035-1 - NOTICE OF PROPOSED PROCUREMENT (NPP)

Notice Description

The Department requires specialized Software testing expertise that the organization currently does not possess. Contracting of experienced testing services in this specialty domain (e.g. automation of testing) will assist existing staff with their learning and development as well as address any unexpected short-term capacity demands.

Objectives

ECCC seeks to accomplish the following objectives.

1. Share knowledge and experience with existing staff/FTEs in order to accelerate the learning and development of team members to ensure a high standard of quality software.
2. Share knowledge and experience in specialty domains (e.g. automated testing) to reduce risk of embarrassment (e.g. risk of poor software quality software) as well as ensuring GC and Industry data is safe guarded.
3. Unexpected short-term demand for Quality Assurance services (e.g. software testing) is met in response to new/emerging Government of Canada and/or Departmental priorities.
4. Improve efficiencies and reduce cost by assisting the team in accelerating its automated testing capabilities and improving the maturity of testing practices.

Stream 1 - A.11 — Tester Level 2 and Level 3

Trade Agreements:

- Agreement on Internal Trade (AIT)
- Canada-Chile Free Trade Agreement (CCFTA)
