**THIS AMENDMENT IS RAISED TO:**

1. Revise Contracting Authority;
2. Provide answers to questions raised by potential bidders;
3. Provide clarifications on Annex C.

.....

**1. Revise Contracting Authority**

At PART 6 - RESULTING CONTRACT CLAUSES, Article 5.1 Contracting Authority

**Delete 5.1 Contracting Authority**

The Contracting Authority for the Contract is:

Traian Coconetu  
Public Works and Government Services Canada  
Acquisitions Branch, Commercial & Alternative Acquisitions Management Sector  
Logistics, Electrical, Fuel & Transportation Directorate  
Fuel & Construction Products Division (HL)  
L'Esplanade Laurier, East Tower, 140 O'Connor Street, 4<sup>th</sup> Floor

## **2. Provide answers to questions raised by potential bidders**

**Q1 (E)** Reference: Part 6, Section 4.1-Delivery Date: Is it possible to have the DRFEWL deliver by March 31, 2020 removed. due to all the test requirements and procedure? The timeline is unrealistic when there is lot of unknown factors.

**A1 (E)** No.

**Q2 (E)** Regarding Solicitation No. W7714-207019/A, Annex C, Criteria M1, we would like to ask what level of backup generator integration must the bidder have experience with? Our company has built or modified a number shipping containers with backup generators as a requirement. We have experience providing mechanical, structural, and electrical provisions for the inclusion of a backup generator, but the provision, installation and final hookup of the generator unit has always been out of our scope, to be completed by the client during electrical commissioning.

We are confident that CTS would be able to provide a high quality product that meets all of the requirements outlined in the solicitation, but we would like to know if the above circumstance will disqualify CTS from being evaluated as a potential supplier prior to completing a submittal package.

**A2 (E)** We do want a proven record of having installed a generator within a modified shipping container as the container will be used as a laboratory and the power provided by the generator is critical.

## **3. Provide clarifications on Annex C**

At Annex C, mandatory criteria M1, the wording changed as follow:

**Delete:** Installing and integrating an electrical backup generator;

**Insert:** Installing and integrating an electrical generator.

**\*All other terms and conditions remain unchanged\***
