

Addendum #3

This solicitation amendment is issued to:

1. Provide the following question and answer:

Q.9. The RFP is unclear regarding the information to be provided by CMHC for Phase 1, which states “*a detailed inventory of Granville Island buildings, public spaces and infrastructure...*” and whether this would include a Building Conditions Report for each building. Can CMHC confirm whether recent building conditions assessments have been completed for each building and whether the information would be provided by CMHC would include the Building Conditions Reports for each building?

A.9. Building condition studies, where available and recent enough to be useful, will be provided to the selected consultant as part of the background materials.

All other terms and conditions remain unchanged.
