3. Construction Tender Form (**Mandatory - to be completed by Bidder**)

CLOSING LOCATION(S):

Location #1 – For electronic submissions ONLY

Please send your electronic proposal to: DFOtenders-soumissionsMPO@dfo-mpo.gc.ca

The maximum size per email (including attachments) is limited to **10MB**. If the limit is exceeded, your email might not be received by DFO. It is suggested that you compress the email size or send multiple emails to ensure delivery. Bidders are responsible to send their proposal and to allow enough time for DFO to receive the proposal by the closing period indicated in the RFP.

For bids transmitted by email, DFO will not be responsible for any failure attributable to the transmission or receipt of the email bid. DFO will send a confirmation email to the Bidders when the submission is received.

Location #2 - For hard copy submissions

Fisheries and Oceans Canada,
Attention: Emmanuelle Porter
Ref: F5211-190361
Procurement Hub – Fredericton Office,
301 Bishop Drive, Fredericton, NB, E3C 2M6

Please Note:

All bids security are to be submitted in hard copy by the bid closing date and time to the mailing address indicated above whether the bid submission is sent via Location #1 or Location #2.

DELIVERABLES / SCOPE OF WORK

The work covered under this project consists of the furnishing of all plant, labour, equipment, hardware and materials, complete and in strict accordance with specifications and accompanying drawings and subject to all terms and conditions of contract. Bidders are advised that opportunities and requirements may arise that may warrant changes to the work that are in keeping with this general scope of work. Such changes will be made through the change order processes as outlined in the contract documents.

In general, the work under this contract consists of, but will not necessarily be limited to, the following:

- .1 Construction and maintenance of temporary dewatering devices and structures.
- .2 Complete and partial removal of the existing armour stone diversion wall, as indicated on the drawings.
- .3 Construction of one (1) new reinforced concrete diversion wall, rock anchored into the underlying bedrock, as indicated on the drawings.
- .4 Rock removal to facilitate diversion wall shear key installation, as indicated on the drawings.
- .5 Reinstall existing and install new armour stone, as indicated on the drawings.
- .6 Site restoration and clean-up.
- .7 Contractor shall carry all necessary costs for winter construction, if required.

Due to in-water working restrictions, no in-water work to commence until after September 30th, 2019 (+/- 2 weeks), with DFO confirming the exact date during that time.

The work description noted above and shown on the contract drawings take precedence over the work description indicated in the Canadian Environmental Assessment Act (CEAA) included in Appendix A.

FAMILIARIZATION WITH SITE

Before submitting a bid, it's recommended that bidders visit the site and its surroundings, at their own expense, to review and verify the form, nature, and extent of the work, materials needed for the completion of the work, the means of access to the site, severity, exposure, and uncertainty of weather, soil conditions, any accommodations they may require, and in general shall obtain all necessary information as to risks, contingencies, and other circumstances which may influence or affect their bid. No allowance shall be made subsequently in this connection on account or error or negligence to properly observe and determine the conditions that will apply.

Contractors, bidders, or those they invite to site are to review specification Section 01 35 29 – Health and Safety Requirements before visiting site. Take all appropriate safety measures for any visit to site, either before or after acceptance of bid.

EXPECTED START AND COMPLETION DATES

The services of the Contractor will be commencing upon contract award. The expected completion date of this project is **November 30, 2019**.

MANDATORY REQUIREMENTS:

- The minimum acceptable amount of Public Liability and Property Damage Insurance is **\$2,000,000.00** per occurrence. All tenders **must** be accompanied by confirmation from the tenderer's insurance company that the required insurance will be available upon contract award;

Fisheries and Oceans
Canada
