REQUEST FOR QUOTATION AMENDMENT NO. 001

Request for Quotation Amendment no. 001 is raised for the following reason:

- To address questions.
-

Question 1

Is SSC open for equivalent products, if so, what particular specifications are required?

The Doro D597-PMP appears to be a proprietary / custom product designed for the SSC as there is no product information available online.

Answer 1

No equivalent products will be allowed.

The Doro locks are readily available to the general public. Previously the client's requirement was expressed through generic specifications. The products that were offered did not meet the client's expectation, nor any acceptable level, of PMP plate adhesion. The requirement will remain as is.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
